THE CITY SOLICITOR SEEKS AN INJUNCTION

Goes to Lisbon to Present His Petition to Restrain Mayor and Board From Making Wyman Chief.

A RED-HOT FIGHT IS LIKELY TO RESULT

City Solicitor George E. Davidson left for Lisbon this morning to institute proceedings against Mayor W. A. Weaver and the members of the board of public safety to restrain them from appointing John Wyman as permanent chief of police. The solicitor charges several causes of action.

It will be recalled that an agreement equivalent to a temporary restraining order was reached when the solicitor had the case before Judge Ambler, at Canton, a few weeks ago, but the judge informed the solicitor that final action must be taken on the case in Columbiana county. The wishes of the solicitor were carried out by the action of the Canton judge, it being his only desire to stay the appointment until Judge Hole can hear the facts. It is the opinion of the solicitor that Judge Hole will decide in his favor. However, the defendants have the same amount of confidence and are absolutely sure that Judge Hole will look at the question from their standpoint.

As is well known, the solicitor bases his argument on the point that to appoint Wyman will be acting contrary to the provisions of the merit system, this system having been inaugurated so as to give the members of the police force an opportunity to rise in rank and pay by showing superior ability and that those in power have no authority to appoint Wyman, because of alleged solicitation.

The defendants will fight the case bitterly. They say that they have not been solicited and that they have a perfect right to place Wyman at the head of the department. It is expected that the case will be one of great interest,, no issue having caused more comment or excitement in the municipality since it became known that an endeavor was to be made to restrain Wyman. A large number of witnesses will be subpoenaed to appear in the case. During the past two weeks the attorneys for both sides have been working hard and some great arguments are promised.

A MYSTERIOUS WOMAN IN BLACK

Her Actions Upon the Bridge Have Puzzled All Who Have Witnessed Them. She Goes Armed.

In silks of jet black, a woman with black eyes and a wealth of dark hair, who, from appearances is in deep trouble, has been causing the employes of the East Liverpool bridge considerable worry and a little trouble during the past few weeks.

Her identity is being eagerly sought by the officers. She has made her appearance on the bridge at least three times during the week and though the officials of the bridge have applied themselves in every manner possible her name cannot be ascertained. To those who have approached her she has talked but little. They know no more about her now than when she first came upon the bridge.

The visits of the unknown have been made after dark. She walks to the toll house, pays her toll and then meanders slowly out to the center of the bridge. In each case she has stood for more than two hours leaning gracefully against the guard rail, peering with a vacant stare at the murky waters beneath her.

So dejected, lonely and heart-broken did the woman seem on the night of her first visit that Supt. Brown, after watching her strange actions for a short time, rushed out to her and exclaimed, "Woman, what on earth is the matter with you? Are you contemplating suicide?" Instead of offering an answer, the woman in black simply moved back a few feet from the railing and stepped a short distance toward the West Virginia side where she struck another attitude and remained for more than an hour.

On the evening of her second visit as she was returning from her mysterious jaunt, Night Watchman Spivey accosted her and said: "Lady, are you not afraid to be out on that dark bridge alone?" Her eyes flashed like fire and striking a defiant pose she condescended to answer. With a suddenness that frightened the watchman to the extent that he was sorry he had made inquiry, the woman grasped a huge revolver, which was hidden about her breast and flourishing it wildly in the air, cried out: "Me afraid, when I have such a weapon as this to defend me? I guess not. I am afraid of no one." That was enough for Spivey. He turned from her and allowed her to go without another word.

What possesses the woman to act so strangely is more than any one can surmise. She will be watched carefully in the future, the fear being that she will do something desperate.

THE DIVORCE MILL RESUMES OPERATION

A Salem Woman Gets the Matrimonial Knot Untwisted—Potato vs. Potato.

Lisbon, September 29.—(Special.)—The divorce mill resumed in court yesterday afternoon with two actions up for hearing, one from Salem and one from Leetonia.

Divorce was granted in the case of Susie Korp, of Salem, versus John Korp, the plaintiff charging extreme cruelty, neglect and infidelity. She alleged that her husband was guilty of unfaithfulness with an unknown woman in Salem on July 14 last and that he has been a frequenter of disorderly houses. She also charges numerous other offenses. With the divorce the plaintiff is given custody of her four minor children, John, aged 20; Mike, aged 17; Matilda, aged 16, and Lizzie, aged 13 years. The marriage of the parties took place in 1882 at Hermannstadt, Austria-Hungary.

After hearing the evidence in the case of Charles Potato, of Leetonia against Bridget Potato, Judge Hole decided to take the matter under advisement, to give time to investigate as to whether the husband, who is an Italian, had made sufficient effort to locate his wife. The petition says the parties were married in Leetonia September 16, 1888, and that they have four children. The plaintiff charges that his wife left home on June 7, 1900, abandoning her children and has not been heard from since.

LARGE INTERESTS WERE INVOLVED

COURT'S DECISION IN HALLAM ESTATE CASE IMPORTANT.

Defendants Win Every Point and Thereby Save Many Thousand Dollars.

Lisbon, September 29.—(Special)—The case of A. G. Smith as administrator of the estate of George Hallam, deceased, vs. George Goodwin, William Kent and Jane Donkin, involving considerable interests in East Liverpool, has been finally decided in common p'eas court by a decision of Judge R. S. Ambler, of Canton, quieting the title of the defendants to certain real estate.

The will of Hallam authorized Alex. McCoy and Frederick Croxall as executors to sell certain real estate and reinvest the proceeds with the consent of the widow, according to their judgment. Mr. McCoy died and Mr. Croxall having ceased to act as executor and A. H. Clark was appointed administrator de bonis non. As such Mr. Clark sold the real estate at what was then a fair value and the purchasers, the defendants in this action, and the present owners of the property, made valuable improvements on it. The plaintiff, Mr. Smith, who succeeded Mr. Clark as administrator, held that Clark did not have authority to sell and that his deed conveyed nothing; that the trust reposed in the executors named in the will was a personal one and did not pass to the administrator.

A demurrer to the plaintiff's petition was sustained by Judge Hole and the case was then tried by Judge Ambler, who sustained Judge Hole and held for the defendants on every point, giving them a clear title to the property.

An adverse decision would have caused the defendants to lose $20,000 to $25,000 by reason of improvements made by them.

TELEPHONE ISSUE TO BE DISCUSSED

Mass Meeting Tonight Interests Every Telephone Patron in the City.

THE COMMITTEE IS READY

To Report on the Progress It Has Been Making—Bell Company's New Schedule of Rates—The County Service Problem.

The mass meeting of telephone patrons to be held at the Y. M. C. A. building this evening will undoubtedly be largely attended. The result of the meeting will be of interest to every subscriber of both the Bell and Columbiana County telephones, the action to be decided upon affecting every one individually.

Since the telephone war was inaugurated in the county both companies have taken advantageg of every condition that would in any manner assist them, and are now making great efforts to gain the confidence of the people. As a matter of fact the Bell company has been on a comparatively easy bed, having nothing to lose and everything to gain, while the Columbiana County company has been on the anxious seat. The latter company, it is thought, will suffer a heavy loss, no difference what the action may be.

As is well known a committee of the Business Men's association and one of the lawyers have been working hard for two weeks in an endeavor to get the conditions fully in hand, and it is said they will be ready to make a full report this evening.

The Bell Ttelephone company has agreed to place' phones in the city at the following rates:

Business lines, single, $24 per year; two-party lines, $18.

Residence lines, single, $18; double, $15; four-party, $12.

The agreement of the Columbiana company is as follows:

For business, individual line, $24 per year.

For two-party line, business, $22.

For residence, individual line, $18.

For residence, two-party line, $16.

For residence, three-party line, $14.

For residence, four-party line, $12.

It has been decided by the business men of Salem, Leetonia and Lisbon to patronize the Bell exclusively, and it is thought several other localities will adopt it. In Salineville, it is said, that the people are ordering the Columbiana 'phones taken out by the score.

Manager Crossley, of the Columbiana County Telephone company, said today: "The impression that our telephones are to be thrown out and the Bell substituted is altogether misleading. The Bell people have done their best to spread this impression, and to get the endorsement of business associations on the condition that our 'phones be rejected. We have now in this county about 1,400 contracts on the new schedule of rates and our solicitors are adding to the number every day. That does not look as if we were to be driven out of business, does it?

"All we ask is fair play. It is all we have ever asked or intend to ask. The Bell people have forced us to get into the newspapers, something we have sought to avoid. We have made no war on them, but they are fighting up by unfair tactics. The people who have stood loyally by us in the past can be assured that we appreciate their patronage, and if they continue to do business with us we will do our best to treat them right and give them good service."

The question of county service is one of the most important to many of the telephone patrons, yet it is that point which the companies saying

SEARGH OF A MOTHER FOR MISSING DAUGHTER

Girl of 14 Suddenly Left Her Home Friday and Has Not Since Been Seen.

IT IS FEARED THAT SHE WAS KIDNAPPED

Haggard and worn, Mrs. Levi Burrows, of California Hollow, appeared at central police station yesterday and reported the mysterious disappearance of her daughter, Nettie, a pretty blonde of but 14 years. Mrs. Burrows had been in a distressing state of mind for three days and plainly showed the effect.

Never showing a disposition to roam in her short life makes the disappearance of the young girl more mysterious. She has always shown a tendency to remain around home and never did her mother have the least trouble in keeping her close to the family fireside. Her absence from home was first noted on Friday evening shortly after dark. The girl had been sent on a short errand late in the afternoon and though she failed to return at the necessary time to complete the trip, the mother thought nothing of it until a couple of hours had passed. She then gave the alarm and a diligent search was made for the missing daughter.

The search was in vain, however. All parts of the city where the child would likely be if she wanted to seek pleasure were applied to by the mother, but no trace of her could be learned. Until late that night the mother frantically continued the search and when she was compelled to give it up she was almost distracted.

There was no ceasing in the hunt of the mother during the following day and Sunday and yesterday as a last resort the distressed mother applied at the city hall for assistance. She said some one had told her that the daughter was seen in Jethro on Sunday, but she did not believe it. It is the opinion of Mrs. Burrows that her child has been kidnapped by local people, and she will persist in following all persons who would likely be her abductors.

Chief Wyman announced this morning that he would do all he could to assist the mother and would instruct the police to keep on the lookout for her.

THE BOND MATTER TO BE TAKEN UP

Council Expected to Wrestle With the Question Tonight—Pittsburgers Ask For Delay.

At the adjourned meeting of council to be held this evening the most important matters to be presented for consideration will pertain to the city's obligations. Some action will be taken towards getting the money for the sale of the $92,925 worth of bonds, and it is likely that every penny now in the treasury will be appropriated to pay the general running expenses of the city.

City Auditor Davidson this morning received word from C. R. Williams & Co., to whom the bonds were sold, asking him to defer action a few days. The company stated that the money market in Pittsburg is "frightfully close," and it would be impossible to furnish so large an amount at the present time. It is not known what council will do with the communication. The members have the assurance of Attorney George Gaston that a Cleveland company will take the bonds and furnish the money within four days after the sale. The treasury is in desperate straits and council will be terribly cramped in a few weeks unless something is done. To close the deal with the Cleveland firm it will be necessary for council to pay brokerage amounting to about $175, and though this seems like a good deal the councilmen are so badly in need of money it is thought they may come to a final agreement with the company in the near future if not tonight. It is the general impression of the body that the Pittsburg firm has only been trifling with the bonds, and unless it shows by tonight an evidence of good faith imperative action will be taken.

It is considered by council that it would be much wiser to get rid of the bonds, even if it does have to pay brokerage, than to await the receipt of the money and be compelled to pay $7 per day interest. Since the bonds were submitted to the Pittsburg buyers the interest has grown to enormous figures, and the councilmen are becoming alarmed.

A STOLEN OUTFIT WAS RECOVERED

Horse and Buggy Found in This City But the Thief Escaped.

The Hancock county authorities were yesterday put in possession of the facts in connection with a horse stealing scrape, and though their action was prompt, the owner did not succeed in having the thief punished.

The outfit was alleged to have been stolen from Ben Sharp, of Steubenville, and the officers were immediately furnished with a description of the horse, buggy and supposed thief. The information was as follows:

"Flat rump, heavy boned, 12 or 13 years old. Red running gear buggy, ¾ rubber tire, cushion, green top. Thief a young man about 18 years old; light brown hair, brown eyes, 5 feet 7 inches high; weight, 135 pounds; name, Joseph Latta."

Superintendent Brown, of the East Liverpool bridge, was furnished with a description of the turn-out, and with his help, the authorities succeeded in locating the missing rig at the barn of William Rayl, in East Liverpool. The thief had driven to the barn and arranged for the sale of the outfit for $10. It is supposed he immediately departed from the city. Mr. Sharp was made acquainted with the facts and will probably take his property home today.

Lisbon, September 29.—(Special)—The case of A. G. The will of Hallam authorized Alex. McCoy and Frederick Croxall as executors to sell certain real estate and reinvest the proceeds with the consent of the widow, according to their judgment. In silks of jet black, a woman with black eyes and a wealth of dark hair, who, from appearances is in deep trouble, has been causing the employes of the East Liverpool bridge considerable worry and a little trouble during the past few weeks.

Her identity is being eagerly sought by the officers. She has made her appearance on the bridge at least three times during the week and though the officials of the bridge have applied themselves in every manner possible her name cannot be ascertained. To those who have approached her she has talked but little. They know no more about her now than when she first came upon the bridge.

The visits of the unknown have been made after dark. She walks to the toll house, pays her toll and then meanders slowly out to the center of the bridge. In each case she has stood for more than two hours leaning gracefully against the guard rail, peering with a vacant stare at the murky waters beneath her.

So dejected, lonely and heart-broken did the woman seem on the night of her first visit that Supt. Brown, after watching her strange actions for a short time, rushed out to her and exclaimed, "Woman, what on earth is the matter with you? Are you contemplating suicide?" Instead of offering an answer, the woman in black simply moved back a few feet from the railing and stepped a short distance toward the West Virginia side where she struck another attitude and remained for more than an hour.

On the evening of her second visit as she was returning from her mysterious jaunt, Night Watchman Spivey accosted her and said: "Lady, are you not afraid to be out on that dark bridge alone?" Her eyes flashed like fire and striking a defiant pose she condescended to answer. With a suddenness that frightened the watchman to the extent that he was sorry he had made inquiry, the woman grasped a huge revolver, which was hidden about her breast and flourishing it wildly in the air, cried out: "Me afraid, when I have such a weapon as this to defend me? I guess not. I am afraid of no one." That was enough for Spivey. He turned from her and allowed her to go without another word.

What possesses the woman to act so strangely is more than any one can surmise. She will be watched carefully in the future, the fear being that she will do something desperate.

THE BOND MATTER TO BE TAKEN UP

Council Expected to Wrestle With the Question Tonight—Pittsburgers Ask For Delay.

At the adjourned meeting of council to be held this evening the most important matters to be presented for consideration will pertain to the city's obligations. Some action will be taken towards getting the money for the sale of the $92,925 worth of bonds, and it is likely that every penny now in the treasury will be appropriated to pay the general running expenses of the city.

City Auditor Davidson this morning received word from C. R. Williams & Co., to whom the bonds were sold, asking him to defer action a few days. The company stated that the money market in Pittsburg is "frightfully close," and it would be impossible to furnish so large an amount at the present time. It is not known what council will do with the communication. The members have the assurance of Attorney George Gaston that a Cleveland company will take the bonds and furnish the money within four days after the sale. The treasury is in desperate straits and council will be terribly cramped in a few weeks unless something is done. To close the deal with the Cleveland firm it will be necessary for council to pay brokerage amounting to about $175, and though this seems like a good deal the councilmen are so badly in need of money it is thought they may come to a final agreement with the company in the near future if not tonight. It is the general impression of the body that the Pittsburg firm has only been trifling with the bonds, and unless it shows by tonight an evidence of good faith imperative action will be taken.

It is considered by council that it would be much wiser to get rid of the bonds, even if it does have to pay brokerage, than to await the receipt of the money and be compelled to pay $7 per day interest. Since the bonds were submitted to the Pittsburg buyers the interest has grown to enormous figures, and the councilmen are becoming alarmed.

THE DIVORCE MILL RESUMES OPERATION

A Salem Woman Gets the Matrimonial Knot Untwisted—Potato vs. Potato.

Lisbon, September 29.—(Special.)—The divorce mill resumed in court yesterday afternoon with two actions up for hearing, one from Salem and one from Leetonia.

Divorce was granted in the case of Susie Korp, of Salem, versus John Korp, the plaintiff charging extreme cruelty, neglect and infidelity. She alleged that her husband was guilty of unfaithfulness with an unknown woman in Salem on July 14 last and that he has been a frequenter of disorderly houses. She also charges numerous other offenses. With the divorce the plaintiff is given custody of her four minor children, John, aged 20; Mike, aged 17; Matilda, aged 16, and Lizzie, aged 13 years. The marriage of the parties took place in 1882 at Hermannstadt, Austria-Hungary.

After hearing the evidence in the case of Charles Potato, of Leetonia, against Bridget Potato, Judge Hole decided to take the matter under advisement, to give time to investigate as to whether the husband, who is an Italian, had made sufficient effort to locate his wife. The petition says the parties were married in Leetonia September 16, 1888, and that they have four children. The plaintiff charges that his wife left home on June 7, 1900, abandoning her children and has not been heard from since.

The sessions of the board will be behind closed doors, so far as the press and public are concerned and nothing is to be given out until the final outcome is arrived at. The details of the sessions would not be of general interest.

The afternoon session was given over to the examination of potters connected with the branches of the trade wherein the wage disputes have arisen. As announced previously, W. E. A STOLEN OUTFIT WAS RECOVERED

Horse and Buggy Found in This City But the Thief Escaped.

The Hancock county authorities were yesterday put in possession of the facts in connection with a horse stealing scrape, and though their action was prompt, the owner did not succeed in having the thief punished.

The outfit was alleged to have been stolen from Ben Sharp, of Steubenville, and the officers were immediately furnished with a description of the horse, buggy and supposed thief. The information was as follows:

"Flat rump, heavy boned, 12 or 13 years old. Red running gear buggy, ¾ rubber tire, cushion, green top. Thief a young man about 18 years old; light brown hair, brown eyes, 5 feet 7 inches high; weight, 135 pounds; name, Joseph Latta."

Superintendent Brown, of the East Liverpool bridge, was furnished with a description of the turn-out, and with his help, the authorities succeeded in locating the missing rig at the barn of William Rayl, in East Liverpool. The thief had driven to the barn and arranged for the sale of the outfit for $10. It is supposed he immediately departed from the city. Mr. Sharp was made acquainted with the facts and will probably take his property home today.

HARD FOR CLARKE TO GIVE ANSWER

Some Questions by Chairman Dick That Will Prove to Be Posers.

WHERE DOES HE STAND?

Some Serious Objections to a Joint Debate With a Member of a Party Whose Political Principles Are Unknown.

Columbus, September 29.—(Special)—Chairman Dick has addressed the following letter to Democratic Chairman Charles P. Salen on the proposed joint debate between Hanna and Clarke:

I regret that candor compels me to say that I find some rather serious objections to the conditions of your proposal. There ought to be some such quality as mutuality in a joint discussion. I fear you have overlooked that phase of the case. Let me particularize. Mr. Hanna's party has but one set of principles, while Mr. Clarke's party has a vast assortment of principles, sounding the entire gamut from doctrine to dogma—Democratic, Populistic, Agrarian and Socialistic.

There is a tariff. How does Mr. Clarke stand on that issue? His party stands all over it. In New England it is for free raw material and for protected finished products; in Texas it is for protected raw material and for free finished products.

If Mr. Clarke is for free wool let him debate with Senator Bailey, of Texas; if he is for protected wool let him debate with Tom L. Johnson himself. If Mr. Clarke is in favor of free coal, let him debate with Mr. Gorman, the Democratic leaders of the federal sanate; if he is for protected coal let him debate with Mr. Williams, the Democratic leader of the house of representatives. Why should Mr. Clarke leave his own party to hunt up a tariff discussion? Would he swim the river to get a drink of water? And speaking of coal, Mr. Clarke might find in the Hon. David B. Hill, who favors government ownership of the hard coal mines, a Democratic adversary or a Democratic monitor, I have no means of knowing which.

Does Mr. Clarke favor a tariff for revenue only, or a tariff for revenue with incidental protection? Is he a Gorman tariff Democrat or a Johnson no-tariff Democrat? If he favors any kind of a tariff let him debate with Mr. Johnson, who is an absolute free trader and would repeal every tariff and internal revenue law and sell all the custom houses.

Mr. Clarke has all these strings to his bow and more, too. What chance does Mr. Hanna, who has only one string to his bow, have in disputation with such a man? Mr. Hanna stands pat. When Mr. Clarke joins a party that stands pat on anything, Mr. Hanna will talk with him.

Then there is the coinage question. How does Mr. Clarke stand on that? The absolution Mr. Bryan gave him would argue that he is not a standpatter. Indeed, Mr. Bryan says he is not. Then, if Mr. Clarke is really on the Kansas City platform and is bound to have a debate with somebody, let him hunt up the Palmer and Buckner platform and debate with that. If, on the other hand, he is still a gold bug he has no quarrel with Mr. Hanna on that score—ex-Senator Charles A. Towne is the man he is looking for, or the Honorable John J. Lentz might do in a pinch.

I would pray to be advised as to Mr. Clarke's attitude on the question of railroad taxation. Does he believe with Mr. Johnson and the Democratic state platform that—"steamroads and street car companies have for years been able to shift for themselves to the small home owners and the farmers of the state two-thirds of the taxation which in justice these corporations ought to bear?" Or does he stand by the argument which he filed with the state board of equalization, "that such property (railroads) is already assessed at a higher proportion of its value than manufacturers' property, than money and personal property, and even than lands in the state?"

Does Mr. Clarke stand on the Democratic state platform in its demand that the present laws for assessing steam roads and other public service corporations should be so changed as to compel the assessment of those properties at not less than their salable value as going concerns, which is Tom Johnson's so-called Wall street standard of value, or does he still agree with his declaration contained in the brief referred to: "That the Wall street measure of valuation should NOT be adopted, because it leads to excessive and fluctuating valuations, and to the capitalization of purely speculative elements not considered as property, the subject of taxation, as is decided in 171 United States 154."

Does Mr. Clarke still maintain the traditional lawyer's respect for the supreme court of his state, or does he join with Mr. Johnson in his assault upon that body as being composed of a lot of cheap country lawyers.

What has been Mr. Clarke's relation to organized labor? How does he stand on the "black-list," that capitalistic device for oppressing the laboring man? Does he adhere to the position he assumed in his brief filed in Railroad Company vs. Schaeffer, 65 O. S. Rep., 414, in which he maintained that a contract or conspiracy entered into by railroad companies is perfectly lawful though they contract not to employ men in railroad service unless they produce service record cards stating truthfully what their record was with the company last employing them? Does Mr. Clarke, the candidate, agree with Mr. Clarke, the corporation lawyer, that railroads and other companies may enter into an agreement among themselves not to employ persons who have engaged in a strike? Does Mr. Clarke still believe in the "black-list?" Does he agree with Henry George and Tom Johnson that the whole great organized labor movement is on a wrong line, a line on which no large and permanent success can possibly be won; because unions mean strikes, and strikes mean war, a war which necessarily denies a fundamental principle of personal liberty, the right of every man to work when, where and for whom and for what he pleases? The attitude of Senator Hanna on the labor question is well known. What is the attitude of Mr. Clarke, the candidate? How does Mr. Clarke stand on the single tax?

Where does Mr. Clarke stand on the "war amendments?" Does he believe in them or will he favor their repeal? Does he favor the white supremacy plank lately adopted by the Maryland Democratic state convention with its poorly concealed threat to entirely suppress the colored vote? Is he in harmony with Senator Tillman, who has boasted that whatever colored voters attempt to exercise the elective franchise in South Carolina, he will meet the attempt with a shotgun? If elected to the senate will Mr. Clarke join his colleague from Tennessee, Mr. Carmack, and vote for his resolution to repeal the Fifteenth amendment? Is Mr. Clarke willing to explain his position on these vital questions?

Where does Mr. Clarke stand on the Philippine question? Does he stand with Mr. Bryan when he was lobbying at the Capitol at Washington for the ratification of the treaty that ceded the islands to us? Or when later in the campaign of 1900 he advocated an "American protectorate?" or when still later he declared for their "absolute independence?" Does Mr. Clarke stand for any one or all three of these propositions?

Democracy today wears so many colors, appears under so many different shapes and forms, assumes so many disguises, that I feel it would be unfair to Senator Hanna to ask him to meet Mr. Clarke in a joint discussion until he is advised more fully as to Mr. Clarke's position on the subjects above alluded to, until he learns what particular brand of Democracy Mr. Clarke claims is his; until he knows whether he is expected to debate with Mr. Clarke, the corporation lawyer, or Mr. Clarke, the candidate for United States senator.

However, if Mr. Clarke favors any kind of a tariff let him hold a joint discussion with Mr. Tom L. Johnson. Again, if Mr. Clarke is not a believer in the Henry George single tax, Mr. Johnson is the man with whom he should debate. And further, if both these gentlemen will adhere to the widely differing views on railroad valuations for taxation which they presented before the state board of equalization not so very long ago, Mr. Clarke should certainly invite Mr. Johnson to meet him in joint debate.

Finally, if Mr. Clarke cares to discuss the currency question let him dig up the speeches he made in 1896 for the gold standard and debate with himself.

STORIES OF THE STREET

East Liverpool People Are Talking About It on Every Corner.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. Skepticism is allowable when reading in a home newspaper about some incident occurring in San Francisco or Philadelphia, but the circumstances are entirely different when it refers to some one right here at home, friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doan's Kidney Pills, home statements by home people, and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following:

Mrs. Edward Orr, of 220 Thompson street, says: "My sister, Mrs. Borlan, while visiting us, recommended Doan's Kidney Pills so highly that I was induced to try them. I had severe attacks of kidney complaint. Sometimes I was so bad I could not get up. Many times my neighbors came and found me lying on the lounge suffering when I intended doing a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. Pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendidly."

News and Notes About The Potteries

TWO GLAZES.

Of late the cyrstalline glazes, invented at Sevres, have been investigated anew and improved, so that they can be successfully applied with ease to large ware, both stoneware and porcelain, says the London Pottery Gazette. In order to obtain the most favorable ratio between zinc oxide and potash and thus succeed in producing fine crystals, the following mixtures were prepared by Vogt:

	1	2
Anhydrous pottasium carbonate	138	69
Zinc oxide	168	202.5
Quartzose sand	360	350

and fused in crucibles in an oxidizing flame, the products being afterwards tested in varying proportions. The mixture found to give the best results was one consisting of 85 parts of No. 1 and 15 parts of No. 2.

These glazes may be applied to the biscuit ware, otherwise—especially in the case of porcelain—distortion is liable to occur; and the layer should be of sufficient thickness so that in the kiln an excess of the glaze runs down to the base of the ware, which is rested on a ring made of sandy earth.

The presence of zinc oxide necessitates firing in an oxidizing atmosphere, and the temperature must be as high as 1270 degrees C. in order that the development of crystals may be satisfactorily carried out, this result being also facilitated by gradual annealing.

A yellow crystalline glaze has been prepared from a fritt (No. 3) containing rutile, viz.:—anhydrous potassium carbonate 138, zinc oxide 162, quartzose sand, 300, rutile, 82 parts. By replacing rutile with pure titanic acid, a colorless crystalline glaze, differing from the first in the aspect of the crystals is obtained.

INCREASED IMPORTS.

The rise in prosperity of Egypt is shown by the increased value of the imports during the last few years. Glass and earthenware were imported from the United Kingdom to the value of $270,000 in 1902, against $110,000 in 1895. The imports of these goods from France and Algeria for last year amount to $370,000, against $260,000 for 1898.

GERMAN EXPORTS.

Germany exported last year 26,643 tons of white china ware and painted porcelain to foreign countries valued at $9,900,800. The United States is far in advance of all other countries in buying china from Germany, importing 10,463 tons, or 20 per cent of the total export. Great Britain holds second place, importing only 5,722 tons.

DRESDEN COLLECTION.

One of the choicest collections of Dresden china is owned by the American consul's wife at Dresden, Germany, Mrs. Cole. Her young daughter, Miss Edith Cole, is an enthusiastic student of Dresden's art and history.

TYPE FOUNDERS ON STRIKE.

General Order Issued Calling Out Members of Union.

St. Louis, Sept. 29.—Members of the type founders' union, numbering 75, are on strike. The trouble between the bosses and the union is said to be principally a matter of jurisdiction, wages to come in incidentally.

The strike is said to be in accordance with a general order calling out every member of the type founders' union in the country. So far as the bosses are concerned, the strike will be handled from the New York office of the American type foundry, which controls foundries in St. Louis, New York, Boston, Philadelphia, Baltimore, Chicago, Cincinnati and San Francisco. Outside of their company there are four independent foundries, all of which are concerned in the strike. The type founders' union belongs to the International Typographical union.

Up to the end of April type founders were working under an agreement which covered two years. Since that time, it is said, there has not been harmony between bosses and workmen. It is estimated that 1,000 skilled workmen are on strike through the country.

Cincinnati, Sept. 29.—The employes in the Cincinnati branch of the American Type Foundry company went out on a strike on orders from their organization headquarters in Chicago. The men say it is to be a general strike at all the type foundries in the country.

W. D. RIGGS SAVED FROM BRIGHT'S DISEASE.

Aug. 21, 1903, Mr. Riggs, of 648 West 9th St., Cincinnati, O., *wrote: "I suffered for some time with severe pains in my back, caused by kidney disorders. I had many of the symptoms leading to Bright's disease. I sought relief by consulting druggists and physicians without avail. I obtained some of your booklets and permitted myself to be led to purchase a package of Dr. Pettingill's Kidney-Wort Tablets as an experiment. I tried the first package and was relieved at once. I shall always use them if the same trouble occurs again."*

Because the Tablets can be carried in the pocket, and taken frequently and regularly, an astonishingly large number of men and women have been cured of kidney diseases that seemed hopelessly fastened on them.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. Get your morning urine stand 24 hours. High color, cloudy or reddish sediment means kidney trouble.

Has your urine, your back, your general health led you to wonder if your kidneys are sound? Write Dr. Pettingill, Burlington, Vermont. Give him your symptoms, he will advise you free.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

HARD FOR CLARKE TO GIVE ANSWER

Some Questions by Chairman Dick That Will Prove to Be Posers.

WHERE DOES HE STAND?

Some Serious Objections to a Joint Debate With a Member of a Party Whose Political Principles Are Unknown.

Columbus, September 29.—(Special)—Chairman Dick has addressed the following letter to Democratic Chairman Charles P. Salen on the proposed joint debate between Hanna and Clarke:

I regret that candor compels me to say that I find some rather serious objections to the conditions of your proposal. There ought to be some such quality as mutuality in a joint discussion. I fear you have overlooked that phase of the case. Let me particularize. Mr. Hanna's party has but one set of principles, while Mr. Clarke's party has a vast assortment of principles, sounding the entire gamut from doctrine to dogma—Democratic, Populistic, Agrarian and Socialistic.

There is a tariff. How does Mr. Clarke stand on that issue? His party stands all over it. In New England it is for free raw material and for protected finished products; in Texas it is for protected raw material and for free finished products.

If Mr. Clarke is for free wool let him debate with Senator Bailey, of Texas; if he is for protected wool let him debate with Tom L. Johnson himself. If Mr. Clarke is in favor of free coal, let him debate with Mr. Gorman, the Democratic leaders of the federal sanate; if he is for protected coal let him debate with Mr. Williams, the Democratic leader of the house of representatives. Why should Mr. Clarke leave his own party to hunt up a tariff discussion? Would he swim the river to get a drink of water? And speaking of coal, Mr. Clarke might find in the Hon. David B. Hill, who favors government ownership of the hard coal mines, a Democratic adversary or a Democratic monitor, I have no means of knowing which.

Does Mr. Clarke favor a tariff for revenue only, or a tariff for revenue with incidental protection? Is he a Gorman tariff Democrat or a Johnson no-tariff Democrat? If he favors any kind of a tariff let him debate with Mr. Johnson, who is an absolute free trader and would repeal every tariff and internal revenue law and sell all the custom houses.

Mr. Clarke has all these strings to his bow and more, too. What chance does Mr. Hanna, who has only one string to his bow, have in disputation with such a man? Mr. Hanna stands pat. When Mr. Clarke joins a party that stands pat on anything, Mr. Hanna will talk with him.

Then there is the coinage question. How does Mr. Clarke stand on that? The absolution Mr. Bryan gave him would argue that he is not a standpatter. Indeed, Mr. Bryan says he is not. Then, if Mr. Clarke is really on the Kansas City platform and is bound to have a debate with somebody, let him hunt up the Palmer and Buckner platform and debate with that. If, on the other hand, he is still a gold bug he has no quarrel with Mr. Hanna on that score—ex-Senator Charles A. Towne is the man he is looking for, or the Honorable John J. Lentz might do in a pinch.

I would pray to be advised as to Mr. Clarke's attitude on the question of railroad taxation. Does he believe with Mr. Johnson and the Democratic state platform that—"steamroads and street car companies have for years been able to shift for themselves to the small home owners and the farmers of the state two-thirds of the taxation which in justice these corporations ought to bear?" Or does he stand by the argument which he filed with the state board of equalization, "that such property (railroads) is already assessed at a higher proportion of its value than manufacturers' property, than money and personal property, and even than lands in the state?"

Does Mr. Clarke stand on the Democratic state platform in its demand that the present laws for assessing steam roads and other public service corporations should be so changed as to compel the assessment of those properties at not less than their salable value as going concerns, which is Tom Johnson's so-called Wall street standard of value, or does he still agree with his declaration contained in the brief referred to: "That the Wall street measure of valuation should NOT be adopted, because it leads to excessive and fluctuating valuations, and to the capitalization of purely speculative elements not considered as property, the subject of taxation, as is decided in 171 United States 154."

Does Mr. Clarke still maintain the traditional lawyer's respect for the supreme court of his state, or does he join with Mr. Johnson in his assault upon that body as being composed of a lot of cheap country lawyers.

What has been Mr. Clarke's relation to organized labor? How does he stand on the "black-list," that capitalistic device for oppressing the laboring man? Does he adhere to the position he assumed in his brief filed in Railroad Company vs. Schaeffer, 65 O. S. Rep., 414, in which he maintained that a contract or conspiracy entered into by railroad companies is perfectly lawful though they contract not to employ men in railroad service unless they produce service record cards stating truthfully what their record was with the company last employing them? Does Mr. Clarke, the candidate, agree with Mr. Clarke, the corporation lawyer, that railroads and other companies may enter into an agreement among themselves not to employ persons who have engaged in a strike? Does Mr. Clarke still believe in the "black-list?" Does he agree with Henry George and Tom Johnson that the whole great organized labor movement is on a wrong line, a line on which no large and permanent success can possibly be won; because unions mean strikes, and strikes mean war, a war which necessarily denies a fundamental principle of personal liberty, the right of every man to work when, where and for whom and for what he pleases? The attitude of Senator Hanna on the labor question is well known. What is the attitude of Mr. Clarke, the candidate? How does Mr. Clarke stand on the single tax?

Where does Mr. Clarke stand on the "war amendments?" Does he believe in them or will he favor their repeal? Does he favor the white supremacy plank lately adopted by the Maryland Democratic state convention with its poorly concealed threat to entirely suppress the colored vote? Is he in harmony with Senator Tillman, who has boasted that whatever colored voters attempt to exercise the elective franchise in South Carolina, he will meet the attempt with a shotgun? If elected to the senate will Mr. Clarke join his colleague from Tennessee, Mr. Carmack, and vote for his resolution to repeal the Fifteenth amendment? Is Mr. Clarke willing to explain his position on these vital questions?

Where does Mr. Clarke stand on the Philippine question? Does he stand with Mr. Bryan when he was lobbying at the Capitol at Washington for the ratification of the treaty that ceded the islands to us? Or when later in the campaign of 1900 he advocated an "American protectorate?" or when still later he declared for their "absolute independence?" Does Mr. Clarke stand for any one or all three of these propositions?

Democracy today wears so many colors, appears under so many different shapes and forms, assumes so many disguises, that I feel it would be unfair to Senator Hanna to ask him to meet Mr. Clarke in a joint discussion until he is advised more fully as to Mr. Clarke's position on the subjects above alluded to, until he learns what particular brand of Democracy Mr. Clarke claims is his; until he knows whether he is expected to debate with Mr. Clarke, the corporation lawyer, or Mr. Clarke, the candidate for United States senator.

However, if Mr. Clarke favors any kind of a tariff let him hold a joint discussion with Mr. Tom L. Johnson. Again, if Mr. Clarke is not a believer in the Henry George single tax, Mr. Johnson is the man with whom he should debate. And further, if both these gentlemen will adhere to the widely differing views on railroad valuations for taxation which they presented before the state board of equalization not so very long ago, Mr. Clarke should certainly invite Mr. Johnson to meet him in joint debate.

Finally, if Mr. Clarke cares to discuss the currency question let him dig up the speeches he made in 1896 for the gold standard and debate with himself.

STORIES OF THE STREET

East Liverpool People Are Talking About It on Every Corner.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. Skepticism is allowable when reading in a home newspaper about some incident occurring in San Francisco or Philadelphia, but the circumstances are entirely different when it refers to some one right here at home, friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doan's Kidney Pills, home statements by home people, and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following:

Mrs. Edward Orr, of 220 Thompson street, says: "My sister, Mrs. Borlan, while visiting us, recommended Doan's Kidney Pills so highly that I was induced to try them. I had severe attacks of kidney complaint. Sometimes I was so bad I could not get up. Many times my neighbors came and found me lying on the lounge suffering when I intended doing a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. Pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendidly."

News and Notes About The Potteries

TWO GLAZES.

Of late the cyrstalline glazes, invented at Sevres, have been investigated anew and improved, so that they can be successfully applied with ease to large ware, botn stoneware and porcelain, says the London Pottery Gazette. In order to obtain the most favorable ratio between zinc oxide and potash and thus succeed in producing fine crystals, the following mixtures were prepared by Vogt:

	1	2
Anhydrous pottasium carbonate	138	69
Zinc oxide	168	202.5
Quartzose sand	360	350

and fused in crucibles in an oxidizing flame, the products being afterwards tested in varying proportions. The mixture found to give the best results was one consisting of 85 parts of No. 1 and 15 parts of No. 2.

These glazes may be applied to the biscuit ware, otherwise—especially in the case of porcelain—distortion is liable to occur; and the layer should be of sufficient thickness so that in the kiln an excess of the glaze runs down to the base of the ware, which is rested on a ring made of sandy earth.

The presence of zinc oxide necessitates firing in an oxidizing atmosphere, and the temperature must be as high as 1270 degrees C. in order that the development of crystals may be satisfactorily carried out, this result being also facilitated by gradual annealing.

A yellow crystalline glaze has been prepared from a fritt (No. 3) containing rutile, viz.:—anhydrous potassium carbonate 138, zinc oxide 162, quartzose sand, 300, rutile, 82 parts. By replacing rutile with pure titanic acid, a colorless crystalline glaze, differing from the first in the aspect of the crystals is obtained.

INCREASED IMPORTS.

The rise in prosperity of Egypt is shown by the increased value of the imports during the last few years. Glass and earthenware were imported from the United Kingdom to the value of $270,000 in 1902, against $110,000 in 1898. The imports of these goods from France and Algeria for last year amount to $370,000, against $260,000 for 1898.

GERMAN EXPORTS.

Germany exported last year 26,643 tons of white china ware and painted porcelain to foreign countries valued at $9,900,800. The United States is far in advance of all other countries in buying china from Germany, importing 10,463 tons, or 20 per cent of the total export. Great Britain holds second place, importing only 5,722 tons.

DRESDEN COLLECTION.

One of the choicest collections of Dresden china is owned by the American consul's wife at Dresden, Germany, Mrs. Cole. Her young daughter, Miss Edith Cole, is an enthusiastic student of Dresden's art and history.

TYPE FOUNDERS ON STRIKE.

General Order Issued Calling Out Members of Union.

St. Louis, Sept. 29.—Members of the type founders' union, numbering 75, are on strike. The trouble between the bosses and the union is said to be principally a matter of jurisdiction, wages to come in incidentally.

The strike is said to be in accordance with a general order calling out every member of the type founders' union in the country. So far as the bosses are concerned, the strike will be handled from the New York office of the American type foundry, which controls foundries in St. Louis, New York, Boston, Philadelphia, Baltimore, Chicago, Cincinnati and San Francisco. Outside of their company there are four independent foundries, all of which are concerned in the strike. The type founders' union belongs to the International Typographical union.

Up to the end of April type founders were working under an agreement which covered two years. Since that time, it is said, there has not been harmony between bosses and workmen. It is estimated that 1,000 skilled workmen are on strike through the country.

Cincinnati, Sept. 29.—The employes in the Cincinnati branch of the American Type Foundry company went out on a strike on orders from their organization headquarters in Chicago. The men say it is to be a general strike at all the type foundries in the country.

Alcohol in Liquid Kidney Remedies Complicates Disease.

W. D. RIGGS SAVED FROM BRIGHT'S DISEASE.

Aug. 21, 1903, Mr. Riggs, of 648 West 9th St., Cincinnati, O., wrote: *"I suffered for some time with severe pains in my back, caused by kidney disorders. I had many of the symptoms leading to Bright's disease. I sought relief by consulting druggists and physicians without avail. I obtained some of your booklets and permitted myself to be led to purchase a package of Dr. Pettingill's Kidney-Wort Tablets as an experiment. I tried the first package and was relieved at once. I shall always use them if the same trouble occurs again."*

Because the Tablets can be carried in the pocket, and taken frequently and regularly, an astonishingly large number of men and women have been cured of kidney diseases that seemed hopelessly fastened on them.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. Get your morning urine stand 24 hours. High color, cloudy or reddish sediment means kidney trouble.

Has your urine, your back, your general health led you to wonder if your kidneys are sound? Write Dr. Pettingill, Burlington, Vermont. Give him your symptoms, he will advise you free.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chanevville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. *The doctor who attended me said I had lung trouble, and that I would never be well again.* At last I concluded to try Doctor Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can *run* with more ease than I could formerly *walk*."

FAREWELL RECEPTION TO MISSIONARY AND WIFE

Notable Social Function at Second U. P. Church for Rev. H. C. Chambers And Wife.

One of the notable functions of the year was the reception tendered to Rev. and Mrs. H. C. Chambers at the Second United Presbyterian church last night by the members of the congregation. The reception was planned some weeks ago as a farewell to the minister and his wife, who are to sail on next Saturday from New York for India, where they will engage in missionary work. Rev. Mr. Chambers has been known to the people of the East End since boyhood and he is highly respected and esteemed by all. While Mrs. Chambers has not had the years of acquaintance she is as well liked and respected.

The spacious edifice was filled to the very doors by the friends of Rev. and Mrs. Chambers and all listened with eagerness to the address of Rev. Dr. Taggart, who had been Rev. Mr. Chambers' pastor. The speaker dwelt touchingly on the old days. Rev. W. H. Glasgow, of the U. P. church, Wellsville, talked briefly but entertaingly of missionary work in general and expressed the appreciation of the presbytery over the sacrifices the missionary is making to take up the work. Miss Margaret White, in behalf of the Young People's society of the church, spoke feelingly of the missionary work and the part the young people take in it. Mrs. Elmer Ralston, president of the Ladies' Missionary society, presented the quilt made during the summer by the society for the missionary and his wife. Mrs. Ralston's speech was well prepared and nicely spoken. The quilt, which is a fine one, contains the names of each member of the society worked upon the pieces.

Rev. Mr. Chambers and wife left this morning for Pittsburg to attend the reception at the Sixth U. P. church to be given tonight in their honor. Wednesday night they will be guests of honor at a reception in Philadelphia. They sail from New York Saturday.

THE NEW MINISTER NOT A STRANGER

Rev. Mr. Lloyd, Who Succeeds Rev. Mr. Orcutt, Preached Here Last Winter.

The announcement that Rev. S. P. Lloyd, of Wintersville, had been appointed to the pastorate of the Erie street Methodist church by the East Ohio conference came as a complete surprise to the members of the congregation. While it was generally known that Rev. G. W. Orcutt, whose efficient work as pastor for the past three years has endeared him to all, was to be given aother charge, the identity of his successor was a mystery until the list of appointments was given to the public. Even 'Squire L. W. Carman, who was the lay delegates to the conference from the Erie street church, did not know who was to be selectel.

Rev. Mr. Lloyd is not a stranger to the members of the congregation. Last winter he came to the East End from Wintersville to assist Rev. Mr. Orcutt in a series of evangelistic meetings at the church. Rev. Mr. Lloyd preached several sermons and they delighted the congregation. He is also a very fine vocalist, an accomplishment that will be greatly appreciated. Dr. William Calhoun and Rev. Mr. Lloyd were schoolmates and Dr. Calhoun speaks very highly of him.

A Dollar Social.

A chance to enjoy a pleasant evening will be provided by the members of the congregation of the new Second Christian church, the function to be in the nature of a dollar social. One reason why Hagee's Cordial (with Hypophosphites of Lime and Soda) does so much good, in cases of nervousness, sleeplessness, indigestion, mal-assimilation, rheumatism, skin diseases, blotches and weakened conditions, is that it purifies and enriches the blood—feeding impoverished nerves, strengthening every organ and building good, sound flesh.

A NEW CANAL TREATY

May Be Authorized by Colombian Congress Which Will Prove Acceptable.

PRESENT BILL DOOMED TO DEFEAT

Minister Baupre Reports No Change in the Situation—New Congress Will Favor Canal—Abandonment of Project Not Countenanced.

Washington, Sept. 29.—The department of state received a cable message from Minister Baupre, dated Sept. 27, 8 p. m. He reports that there has been no change in the situation in respect to the canal matter. A second debate on the bill reported by the committee is expected within a few days, and it is thought it may be defeated. The present outlook is for some amendment of the reported bill.

Much interest is taken in Washington in what the Colombian senate will do with the canal proposition now that the Hay-Herran treaty has failed. It is known that Colombia is anxious to keep alive the canal negotiations, state department officials having received information to that effect from the Colombian government.

The bill now before the senate of Colombia, as understood here, is the one reported by a committee of that body. It contained treaty provisions that would be entirely unacceptable to this government. Minister Beaupre's dispatch expresses the belief that the bill may be defeated and also that it may be amended. The form the amendments take is regarded as the important thing at present.

In some quarters the opinion is expressed that by amendment President Marroquin may be authorized to negotiate another treaty along certain lines laid down in the proposed bill, which would permit of an adjustment of the differences of opinion held by the United States and Colombia.

This convention, if one should be agreed upon, might be laid before the new Colombian congress, which comes into existence next summer. Meanwhile nine new senators are to be elected in that country, and it is suggested that an effort will be made to elect men favorable to the treaty. Those who retire are said to be opposed to the present treaty.

ONE PEACEFUL SESSION.

Bridgeworkers Managed to Transact Routine Business at Kansas City.

Kansas City, Sept. 29.—The sessions of the International Structural and Bridge Workers' association were taken up entirely with routine affairs. President Buchanan made an appeal for harmony and his talk had the effect, at least temporarily, of quieting the troublesome New Yorkers.

The sum total of the day's work was the granting of a charter to the architectural iron workers of Chicago, a strong labor body, which has, perhaps, 6,000 members throughout the country, and a decison to send delegates to the Building Trades alliance to be held at Indianapolis next month. An important petition, presented by half a dozen western locals, recommended that the convention take some action to force certain western railroads to pay standard wages or to let their bridge work to contractors who are fair to organized labor.

Glass Companies Compromise.

Muncie, Ind., Sept. 29.—There was a compromise in the fight between the Federation Window Glass company, of Columbus, O., and its constituent company, the Mississinewa Co-operative company, of Wheeling, Ind., which threatened the dismemberment of the big federation. The Mississinewa company withdraws from the federation and will get its $3,000 guarantee fund back. The federation withdraws grand larceny charges against the Mississinewa officials.

Notified of Renomination.

New York, Sept. 29.—Mayor Low, Comptroller Grout and President Fornes, of the board of aldermen, were officially notified of their renomination for the offices mentioned by the Citizens' Union and Republican city conventions. Everett P. Wheeler made the notification on behalf of the Citizens' Union, and Timothy L. Woodruff on behalf of the Republican organization. The nominees accepted the nominations.

Suicided in Jail.

Jackson, Ky., Sept. 29.—Elijah Bolin committed suicide in jail by taking morphine. He was held over for examining trial before Judge James Hargis to the grand jury without bail for the murder of Boyd Griffith last week. His brother was indicted at Cynthiana for perjury for his testimony for the defense in the Jett-White murder case. It is not known who furnished him with the morphine.

Porto Rico Schools Open.

San Juan, Sept. 29.—Twelve hundred schools in Porto Rico opened Monday and 60,000 pupils were received. But three times that number of children were enrolled and the struggle for preference was very great.

Sentenced for Life.

Guthrie, Okla., Sept. 29.—Mitchell Boubedoux, charged with the murder of David Tohee, formerly chief of the Iowa tribe of Indians in Oklahoma, has been found guilty of murder and sentenced to life imprisonment.

In the case of Harmon Michael versus the Buckeye Brick works, leave is given plaintiff to reply to answer.

Telephone Contest Warm.

Lisbon, September 29.—(Special.)—The contest between the Columbiana County and Bell Telephone companies' solicitors here continues. From present appearances the Lisbon Business Men's association may be compelled to recede from its position in adopting the Bell to the exclusion of the Columbiana County 'phone and use both systems as the Columbiana County company's solicitors claimed to have signed 135 contracts here.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. *The doctor who attended me said I had lung trouble, and that I would never be well again.* At last I concluded to try Doctor Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can *run* with more ease than I could formerly *walk*."

FAREWELL RECEPTION TO MISSIONARY AND WIFE

Notable Social Function at Second U. P. Church for Rev. H. C. Chambers And Wife.

One of the notable functions of the year was the reception tendered to Rev. and Mrs. H. C. Chambers at the Second United Presbyterian church last night by the members of the congregation. The reception was planned some weeks ago as a farewell to the minister and his wife, who are to sail on next Saturday from New York for India, where they will engage in missionary work. Rev. Mr. Chambers has been known to the people of the East End since boyhood and he is highly respected and esteemed by all. While Mrs. Chambers has not had the years of acquaintance she is as well liked and respected.

The spacious edifice was filled to the very doors by the friends of Rev. and Mrs. Chambers and all listened with eagerness to the address of Rev. Dr. Taggart, who had been Rev. Mr. Chambers' pastor. The speaker dwelt touchingly on the old days. Rev. W. H. Glasgow, of the U. P. church, Wellsville, talked briefly but entertainingly of missionary work in general and expressed the appreciation of the presbytery over the sacrifices the missionary is making to take up the work. Miss Margaret White, in behalf of the Young People's society of the church, spoke feelingly of the missionary work and the part the young people take in it. Mrs. Elmer Ralston, president of the Ladies' Missionary society, presented the quilt made during the summer by the society for the missionary and his wife. Mrs. Ralston's speech was well prepared and nicely spoken. The quilt, which is a fine one, contains the names of each member of the society worked upon the pieces.

Rev. Mr. Chambers and wife left this morning for Pittsburg to attend the reception at the Sixth U. P. church to be given tonight in their honor. Wednesday night they will be guests of honor at a reception in Philadelphia. They sail from New York Saturday.

THE NEW MINISTER NOT A STRANGER

Rev. Mr. Lloyd, Who Succeeds Rev. Mr. Orcutt, Preached Here Last Winter.

The announcement that Rev. S. P. Lloyd, of Wintersville, had been appointed to the pastorate of the Erie street Methodist church by the East Ohio conference came as a complete surprise to the members of the congregation. While it was generally known that Rev. G. W. Orcutt, whose efficient work as pastor for the past three years has endeared him to all, was to be given aother charge, the identity of his successor was a mystery until the list of appointments was given to the public. Even 'Squire L. W. Carman, who was the lay delegates to the conference from the Erie street church, did not know who was to be selectel.

Rev. Mr. Lloyd is not a stranger to the members of the congregation. Last winter he came to the East End from Wintersville to assist Rev. Mr. Orcutt in a series of evangelistic meetings at the church. Rev. Mr. Lloyd preached several sermons and they delighted the congregation. He is also a very fine vocalist, an accomplishment that will be greatly appreciated. Dr. William Calhoun and Rev. Mr. Lloyd were schoolmates and Dr. Calhoun speaks very highly of him.

A Dollar Social.

A chance to enjoy a pleasant evening will be provided by the members of the congregation of the new Second Christian church, the function to be in the nature of a dollar social. The proceeds are to be used in paying for the plastering of the edifice, and those who contributed $1 for this purpose will be entitled to supper free of charge. Those who cannot give that amount can help by patronizing the supper, which will be served during the evening. A fine musical and literary program will be rendered and the admission to the church will be free.

Bridgeworkers Managed to Transact Routine Business at Kansas City.

Kansas City, Sept. 29.—The sessions of the International Structural and Bridge Workers' association were taken up entirely with routine affairs. President Buchanan made an appeal for harmony and his talk had the effect, at least temporarily, of quieting the troublesome New Yorkers.

The sum total of the day's work was the granting of a charter to the architectural iron workers of Chicago, a strong labor body, which has, perhaps, 6,000 members throughout the country, and a decison to send delegates to the Building Trades alliance to be held at Indianapolis next month. An important petition, presented by half a dozen western locals, recommended that the convention take some action to force certain western railroads to pay standard wages or to let their bridge work to contractors who are fair to organized labor.

Glass Companies Compromise.

Muncie, Ind., Sept. 29.—There was a compromise in the fight between the Federation Window Glass company, of Columbus, O., and its constituent company, the Mississinewa Co-operative company, of Wheeling, Ind., which threatened the dismemberment of the big federation. The Mississinewa company withdraws from the federation and will get its $3,000 guarantee fund back. The federation withdraws grand larceny charges against the Mississinewa officials.

Notified of Renomination.

New York, Sept. 29.—Mayor Low, Comptroller Grout and President Fornes, of the board of aldermen, were officially notified of their renomination for the offices mentioned by the Citizens' Union and Republican city conventions. Everett P. Wheeler made the notification on behalf of the Citizens' Union, and Timothy L. Woodruff on behalf of the Republican organization. The nominees accepted the nominations.

Suicided in Jail.

Jackson, Ky., Sept. 29.—Elijah Bolin committed suicide in jail by taking morphine. He was held over for examining trial before Judge James Hargis to the grand jury without bail for the murder of Boyd Griffith last week. His brother was indicted at Cynthiana for perjury for his testimony for the defense in the Jett-White murder case. It is not known who furnished him with the morphine.

Porto Rico Schools Open.

San Juan, Sept. 29.—Twelve hundred schools in Porto Rico opened Monday and 60,000 pupils were received. But three times that number of children were enrolled and the struggle for preference was very great.

Sentenced for Life.

Guthrie, Okla., Sept. 29.—Mitchell Boubedoux, charged with the murder of David Tohee, formerly chief of the Iowa tribe of Indians in Oklahoma, has been found guilty of murder and sentenced to life imprisonment.

Telephone Contest Warm.

Lisbon, September 29.—(Special.)—The contest between the Columbiana County and Bell Telephone companies' solicitors here continues. From present appearances the Lisbon Business Men's association may be compelled to recede from its position in adopting the Bell to the exclusion of the Columbiana County 'phone and use both systems as the Columbiana County company's solicitors claimed to have signed 135 contracts here.

Secretary Shaw is looking after the financial situation, and is prepared to relieve any stringency which may present itself. As the circulation in the past few months has been larger than it ever was before, there is no need to have a stringency. The per capita circulation is almost $30 now, while it was $21.10 in the middle of 1896. The talk about stringencies looks silly. Most of those who are shouting for an increase in circulation are speculators, who want money to be made more plentiful as a means for them to conduct their cornering operations with a little more safety to themselves. Legitimate business interests have all the money they need.

Chicago is again calling attention to the fact that she is a marvel among the cities of the earth. The centennial she is holding does not commemorate the founding of Chicago, however, but the location of Ft. Dearborn on its site. Chicago was not laid out as a town until 1830 and had only 4,440 inhabitants ten years later.

The telephone is a modern business necessity. We could scarcely get along without it. But a good many East Liverpool people, having tried the experiment of maintaining two telephones in their residences or places of business, have reached the conclusion that one is enough for all practical purposes. They will doubtless turn out numerously at the meeting tonight to hear the propositions of the rival companies and decide which shall be accepted. It is purely a business proposition, and should be settled on a business basis. Every telephone patron who can ought to attend the meeting.

The Alaskan gold fields are reported nearly exhausted. But in their place comes a discovery of tin, likely to prove equally valuable. Uncle Sam made no mistake when his expansion policy took in a slice of the frozen north.

The Paris Society for the Prevention of Cruelty to Animals is wrestling with the question, Is the fly a domestic or a wild animal? Be that as it may, it has the ability to set people nearly wild.

The university of St. Louis has elected a woman as professor of languages, and the papers are mean enough to say that its action is in accord with the eternal fitness of things.

The Filipino is rapidly becoming civilized. He takes to base ball like a duck to water. Fortunately for him, he has not yet been introduced to foot ball.

King Peter has just had a cabinet crisis, but such things don't worry him as long as he can be reasonably sure that there is no poison in his hash.

Shamrock I. is to be used by a Brooklyn firm for transporting scrap metal. This is even worse than hitching a once great trotter to a plow.

Tom Johnson still holds to the theory that all taxes shall be levied on land. The rural vote he will get will surprise him by its smallness.

Another 2,000,000,000-bushel corn crop makes any deficiency on the Wall street bargain counter look insignificant.

Tom Johnson is now advocating a two-cent car fare. Of course it is an issue that will be dropped after the election.

Jefferson county's criminal record is getting to resemble a chapter of Missouri history.

The burning question, "What's the score?" is about to be shelved for another year.

OBITUARY

John A. Mayes.

The many friends of John A. Mayes, of Sarah street, were shocked upon learning of his sudden death, the result of only a week's sickness with typhoid fever. He died at his home Sunday morning and was buried after a short funeral service in Riverview cemetery yesterday afternoon.

John A. Mayes was 42 years of age. He was known as an expert gardener and for some time prior to death was employed on the farm adjoining Thompson's park. He was married twice, the first time to Miss Rebecca Dickey, of Middleton township, who died 19 years ago, and the second time to Miss Anna Crawford, of St. Clair township, who died about two months ago. Two boys by the first wife, Urban and Howard, and two boys, Roy and Wilson, and two girls, Ruby and Viola, children of the second wife, survive him.

John Koch.

Lisbon, September 29.—(Special.)—John Koch, an old and respected resident of Columbiana, died at his home in that town early Sunday morning of neuralgia of the heart, with which he was suddenly stricken about 24 hours before. He was born in Germany in 1829 and came to America when a young man. He had lived in Columbiana 50 years. Four sons and three daughters, all of Columbiana, survive him, as follows: J. Henry, Paul M., Solomon and Theodore, and Miss Leah, Mrs. George Webb and Mrs. H. P. Myers. Funeral services were held at the late home this afternoon at 1 o'clock, with burial in the Columbiana cemetery.

Death of an Infant.

AT THE THEATER

That greatest of all pastoral plays, Denman Thompson and George W. Ryers' "Our New Minister," will again hold the boards of the Grand. It is a succession of laughs, linked by moments of pathos, the fun is never foolish, nor is the pathos allowed to become tedious. It is a wholesome, natural story of country life, and in the illusion that is created the auditor fancies he is looking at real people doing real things. "Our New Minister" is certainly a new variation of the theme of the pastoral drama, and if the size and enthusiasm of the audiences, everywhere, is any criterion, it has set a hot pace for its competitors in the bucolic field. All the favorites of last year's brilliant cast are re-engaged and this season a magnificent scenic production is carried.

"Uncle Josh Spruceby," a New England comedy drama, now in its eighth successful year, will be presented by a big company of 20 people at popular prices, Wednesday evening. A big band and magnificent orchestra accompany the troupe, and the occasion will mark a revolution in amusement prices. The novelty of seeing a big legitimate production with all its wealth of special scenery, working mechanical effects and a competent company in an enjoyable play assures a packed house. 10, 20, 30, 50c.

"His Nibs, the Baron" proved an amusing and good production, and was witnessed by a large audience at the Grand last evening. Miss Belle Gold is hard to excel in her line, and her support was fine. It was a very laughable and enjoyable performance.

Salen Writes Another Letter.

Always Reliable

We are not trying to establish a reputation for "lowest cut rates." We are not trying to make the biggest show. We do not claim the earth. Our ambition now is just what it was years ago—to deserve the reputation of always being reliable. We won that reputation honestly and it cannot be taken away from us. In drugs reliability is the most important consideration.

Secretary Shaw is looking after the financial situation, and is prepared to relieve any stringency which may present itself. As the circulation in the past few months has been larger than it ever was before, there is no need to have a stringency. The per capita circulation is almost $30 now, while it was $21.10 in the middle of 1896. The talk about stringencies looks silly. Most of those who are shouting for an increase in circulation are speculators, who want money to be made more plentiful as a means for them to conduct their cornering operations with a little more safety to themselves. Legitimate business interests have all the money they need.

Chicago is again calling attention to the fact that she is a marvel among the cities of the earth. The centennial she is holding does not commemorate the founding of Chicago, however, but the location of Ft. Dearborn on its site. Chicago was not laid out as a town until 1830 and had only 4,440 inhabitants ten years later.

The telephone is a modern business necessity. We could scarcely get along without it. But a good many East Liverpool people, having tried the experiment of maintaining two telephones in their residences or places of business, have reached the conclusion that one is enough for all practical purposes. They will doubtless turn out numerously at the meeting tonight to hear the propositions of the rival companies and decide which shall be accepted. It is purely a business proposition, and should be settled on a business basis. Every telephone patron who can ought to attend the meeting.

The Alaskan gold fields are reported nearly exhausted. But in their place comes a discovery of tin, likely to prove equally valuable. Uncle Sam made no mistake when his expansion policy took in a slice of the frozen north.

The Paris Society for the Prevention of Cruelty to Animals is wrestling with the question, Is the fly a domestic or a wild animal? Be that as it may, it has the ability to set people nearly wild.

The university of St. Louis has elected a woman as professor of languages, and the papers are mean enough to say that its action is in accord with the eternal fitness of things.

King Peter has just had a cabinet crisis, but such things don't worry him as long as he can be reasonably sure that there is no poison in his hash.

Shamrock I. is to be used by a Brooklyn firm for transporting scrap metal. This is even worse than hitching a once great trotter to a plow.

Tom Johnson still holds to the theory that all taxes shall be levied on land. The rural vote he will get will surprise him by its smallness.

Another 2,000,000,000-bushel corn crop makes any deficiency on the Wall street bargain counter look insignificant.

Tom Johnson is now advocating a two-cent car fare. Of course it is an issue that will be dropped after the election.

Jefferson county's criminal record is getting to resemble a chapter of Missouri history.

The burning question, "What's the score?" is about to be shelved for another year.

OBITUARY

John A. Mayes.

The many friends of John A. Mayes, of Sarah street, were shocked upon learning of his sudden death, the result of only a week's sickness with typhoid fever. He died at his home Sunday morning and was buried after a short funeral service in Riverview cemetery yesterday afternoon.

John A. Mayes was 42 years of age. He was known as an expert gardener and for some time prior to death was employed on the farm adjoining Thompson's park. He was married twice, the first time to Miss Rebecca Dickey, of Middleton township, who died 19 years ago, and the second time to Miss Anna Crawford, of St. Clair township, who died about two months ago. Two boys by the first wife, Urban and Howard, and two boys, Roy and Wilson, and two girls, Ruby and Viola, children of the second wife, survive him.

John Koch.

Lisbon, September 29.—(Special.)—John Koch, an old and respected resident of Columbiana, died at his home in that town early Sunday morning of neuralgia of the heart, with which he was suddenly stricken about 24 hours before. He was born in Germany in 1829 and came to America when a young man. He had lived in Columbiana 50 years. Four sons and three daughters, all of Columbiana, survive him, as follows: J. Henry, Paul M., Solomon and Theodore, and Miss Leah, Mrs. George Webb and Mrs. H. P. Myers. Funeral services were held at the late home this afternoon at 1 o'clock, with burial in the Columbiana cemetery.

Death of an Infant.

AT THE THEATER

That greatest of all pastoral plays, Denman Thompson and George W. Ryers' "Our New Minister," will again hold the boards of the Grand. It is a succession of laughs, linked by moments of pathos, the fun is never foolish, nor is the pathos allowed to become tedious. It is a wholesome, natural story of country life, and in the illusion that is created the auditor fancies he is looking at real people doing real things. "Our New Minister" is certainly a new variation of the theme of the pastoral drama, and if the size and enthusiasm of the audiences, everywhere, is any criterion, it has set a hot pace for its competitors in the bucolic field. All the favorites of last year's brilliant cast are re-engaged and this season a magnificent scenic production is carried.

"Uncle Josh Spruceby," a New England comedy drama, now in its eighth successful year, will be presented by a big company of 20 people at popular prices, Wednesday evening. A big band and magnificent orchestra accompany the troupe, and the occasion will mark a revolution in amusement prices. The novelty of seeing a big legitimate production with all its wealth of special scenery, working mechanical effects and a competent company in an enjoyable play assures a packed house. 10, 20, 30, 50c.

"His Nibs, the Baron" proved an amusing and good production, and was witnessed by a large audience at the Grand last evening. Miss Belle Gold is hard to excel in her line, and her support was fine. It was a very laughable and enjoyable performance.

Always Reliable

We are not trying to establish a reputation for "lowest cut rates." We are not trying to make the biggest show. We do not claim the earth. Our ambition now is just what it was years ago—to deserve the reputation of always being reliable. We won that reputation honestly and it cannot be taken away from us. In drugs reliability is the most important consideration.

WELLSVILLE

STOLE A RAIN COAT

Unknown Man Gets Away With Householder's Property, But Is Recaptured.

While walking down the street yesterday morning a stranger noticing a fine rain coat hanging in front of Byron Householder's store, took it from the hook and started down street. He dropped into Pat's lower place and sold it to a man named Thomas for 75 cents.

Householder soon missed the coat and the police were notified of the theft. Officer Canaday located the man who bought the coat and got it, but the thief eluded his search.

Just at noon Householder and Darby Davis brought the fellow into the mayor's office and had him locked up. The fellow had been in Householder's store early in the morning to buy something, but had no money and when Householder missed the coat he at once suspected the stranger, who after selling the coat and invesfing the proceeds, came again to Householder's to buy a handkerchief and perhaps really to steal more goods. He was recognized and arrested.

The fellow said he came here to work on the grade for the C. & P. He was very drunk and claimed he had been robbed of his clothing, even to his shoes in East Liverpool Sunday night, and that parties here had given him a new outfit.

Mayor Fogo had him locked up till he gets sober.

HOUSES IN DEMAND

Dwellings to Rent Are a Very Scarce Article in Wellsville at Present.

Wellsville is badly off for houses to rent, and few if any can be found in the central and eastern parts of the city, while there are only a few in the West End. The demand seems to be unusually heavy for this season of the year and more than one family has been compelled to remain in their former homes, who desired to move to this cty where the man of the house is employed.

All of the Wellsville industries are now working at their full capacity and new industries are about to begin operations here. Everything seems to point to an enormous growth for the city during the next year and but for the one drawback, the scarcity of houses, the city would rapidly increase in population and would soon reach the 10,000 mark.

All carpenter contractors are working hard on new houses all over the city, but the new houses are rented long before they are completed and this accounts for the lack of rentable dwellings. It is hoped that the situation will be relieved soon so that nothing can prevent the rapid growth of the town.

DO NOT DOSE THE STOMACH

Cure Catarrh By Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but $1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Will Reed has sold a great many Hyomei outfits and the more he sells, the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

A NIGHT SCHOOL

In Which Stenography Will Be Taught Likely to Be Established in Wellsville.

If present plans materialize, and there is no reason why they should not, Wellsville will soon have a night school in which stenography will be taught, an institution which has long been needed in this city.

J. R. Ryder is at the head of the project. He is at present employed as assistant at the office of Chief Train Dispatcher Rogers at the Third street C. & P. depot. He proposes to manage the school and do the teaching and has partially entered into negotiations for a room on Main street near Fifth, which he will have fitted up as a school and fully equipped.

Mr. Ryder has had years of experience in this line of work, and is an expert in the art of shorthand and typewriting. He has been connected with a number of the large railroads throughout the country, being connected in his present capacity with the Lake Shore road at Cleveland before coming to this city. Mr. Ryder was graduated with high honors from the Phonographic Institute of Cincinnati, where he first took up his work. He proposes to teach the Pitman system here.

Manager Harry Weaver, of the Oaklland foot ball team, defeated yesterday at the West End park by the Rovers, is not satisfied that the one game should settle the question of supremacy between the two teams. THE CHILD FELL FROM A TRESTLE

Little Girl Breaks Her Ribs And Is Otherwise Badly Injured.

Bessie, the little daughter of Mr. and Mrs. John Marshall, was badly injured by a fall from a trestle on the Pancandle railroad last evening while on her way from the postoffice to her home in the upper end of town.

Leaving school, the little girl went to the postoffice, where she procured a letter from her father, now in Mobile, Ala., on business, and it is supposed she opened the missive in order to ascertain if he was well. While passing along the track intent upon the letter the child fell a distance of nearly 12 feet and sustained severe injuries. She was taken to her home and Dr. G. E. Lewis called. The doctor found two ribs had been fractured and that she was otherwise badly bruised. Her left arm was skinned and bruised, and it was thought internal injuries might have resulted, though it was impossible to tell at the time.

ATTEMPT TO STEAL VALUABLE DOG

Strangers Took Possession of Dr. J. E. Toot's Canine, But Were Frustrated.

An attempt was made yesterday to steal a valuable dog belonging to Dr. J. E. Toot, of East Liverpool, and the scheme would doubtless have been successful had it not been for the prompt action of the men in charge of the bridge. Dr. Toot had placed his valuable hunter in the care of a Chesterman, and he had been kept at the Stewart farm a short distance south of town.

Early yesterday morning two men said to be Charles McClure and a man named Wallace, came over the bridge from West Virginia having the dog in their possession. Their actions around the suspicions of the men in charge of the bridge, and the party was stopped. The men failed to give a satisfactory explanation of how they came in possession of the animal, and it was returned to the owner.

ANONYMOUS WRITER ANNOYS THE MAYOR

He Gives Her a Notice Which Can Be Easily Understood.

Mayor J. S. D. Mercer, of Chester, has been annoyed by an anonymous letter and this morning gave out the following statement, which any one will understand without difficulty:

"The writer of a letter addressed to Mayor Mercer, dated September 29, and signed 'A Mother and a Lady,' will confer a favor on the party addressed if they will call at my home and the matter spoken of in the letter will receive immediate attention. If the writer of the letter is as she calls herself a lady,' she will have the courage to do this, or the matter will receive no more attention from me.

STILL MORE ROOM

Is Needed for the Schools of Chester and Will Be Provided.

The board of education of Grant district held a meeting at the office of Justice A. G. Pugh this morning and several matters were discussed and disposed of. Owing to the cramped condition of the present quarters, enlarged as they have been, it was found that it would be absolutely necessary to fit up and open another room. The department will be in Central building on the hill and work upon its arrangement will be commenced at once.

The other alterations proposed will necessitite the providing of another room for the superintendent. Prof. Miller has to the present been occupying an office in the central building, but it was decided to equip a building for his use near the central building and this task will be finished within a short time.

The scarcity of teachers has been puzzling the board for some time, and the matter was discussed this morning. It was determined to go to the south end of the county and induce a sufficient number to come here. At least four will be needed and they will be hired from that district.

TRAINMAN LOST MONEY IN PECULIAR MANNER

The Pocket of Frank O'Brien Picked By a Cow and He Is Now Out $30.

Frank O'Brien, a bridge contractor on the C. & P., who lives at Toronto, lost $30 last week in a most peculiar manner, and one that is not often repeated. O'Brien is well known in East Liverpool. For several weeks O'Brien has been working on the main line of the road near Hudson, O., where the C. & P. is doing considerable new work. Last Friday he received his wages for the month, amounting to $90. The money was in paper and being in an envelope, he placed it in his inside vest pocket. When the sun came out clearly he removed his vest and hung it on a fence post about 50 yards from where he was working. He then resumed work and about noon when he again went after the garment he found a cow standing at the post gulping down the last piece of the vest. O'Brien got to the post in time to see the garment disappear entirely.

He then realized that he had lost $90, besides a few nails, clippings and matches that were in the vest and hadn't a cent to pay his board bill. At first he decided to take the loss cheerfully, but towards evening he hit upon a new plan. He went to the farmer who owned the cow and offered to buy it. The farmer asked $50 and O'Brien got the money and paid it over. Then he took the cow to a nearby butcher and killed it. Inside he found his vest well chewed up, but the money was still in the pocket intact, except the outside $10 bill which could not be saved and had to be thrown away. Now O'Brien is out only $60 except $90 as he at first thought he would be. He had the $30 to pay the past month's board bill.

O'Brien was at his home yesterday and he does not seem to worry over the loss, but rather is tickled over the way he recovered part of his money.

He took an active part in the organization of the Young Men's Municipal Reform association of New York in 1870, which contributed materially to the overthrow of the Tweed machine in that year.

Mr. Lloyd came to Chicago in 1872 and until 1885 occupied a position as an editorial writer on the Chicago Tribune. Since then he has devoted his time to the publication of articles on labor problems in the current magazines.

STOLE A RAIN COAT

Unknown Man Gets Away With Householder's Property, But Is Recaptured.

While walking down the street yesterday morning a stranger noticing a fine rain coat hanging in front of Byron Householder's store, took it from the hook and started down street. He dropped into Pat's lower place and sold it to a man named Thomas for 75 cents.

Householder soon missed the coat and the police were notified of the theft. Officer Canaday located the man who bought the coat and got it, but the thief eluded his search.

Just at noon Householder and Darby Davis brought the fellow into the mayor's office and had him locked up. The fellow had been in Householder's store early in the morning to buy something, but had no money and when Householder missed the coat he at once suspected the stranger, who after selling the coat and invesfing the proceeds, came again to Householder's to buy a handkerchief and perhaps really to steal more goods. He was recognized and arrested.

The fellow said he came here to work on the grade for the C. & P. He was very drunk and claimed he had been robbed of his clothing, even to his shoes in East Liverpool Sunday night, and that parties here had given him a new outfit.

Mayor Fogo had him locked up till he gets sober.

HOUSES IN DEMAND

Dwellings to Rent Are a Very Scarce Article in Wellsville at Present.

Wellsville is badly off for houses to rent, and few if any can be found in the central and eastern parts of the city, while there are only a few in the West End. The demand seems to be unusually heavy for this season of the year and more than one family has been compelled to remain in their former homes, who desired to move to this city where the man of the house is employed.

All of the Wellsville industries are now working at their full capacity and new industries are about to begin operations here. Everything seems to point to an enormous growth for the city during the next year and but for the one drawback, the scarcity of houses, the city would rapidly increase in population and would soon reach the 10,000 mark.

All carpenter contractors are working hard on new houses all over the city, but the new houses are rented long before they are completed and this accounts for the lack of rentable dwellings. It is hoped that the situation will be relieved soon so that nothing can prevent the rapid growth of the town.

DO NOT DOSE THE STOMACH

Cure Catarrh By Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but $1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Will Reed has sold a great many Hyomei outfits and the more he sells, the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

A NIGHT SCHOOL

In Which Stenography Will Be Taught Likely to Be Established in Wellsville.

If present plans materialize, and there is no reason why they should not, Wellsville will soon have a night school in which stenography will be taught, an institution which has long been needed in this city.

J. R. Ryder is at the head of the project. He is at present employed as assistant at the office of Chief Train Dispatcher Rogers at the Third street C. & P. depot. He proposes to manage the school and do the teaching and has partially entered into negotiations for a room on Main street near Fifth, which he will have fitted up as a school and fully equipped.

Mr. Ryder has had years of experience in this line of work, and is an expert in the art of shorthand and typewriting. He has been connected with a number of the large railroads throughout the country, being connected in his present capacity with the Lake Shore road at Cleveland before coming to this city. Mr. Ryder was graduated with high honors from the Phonographic Institute of Cincinnati, where he first took up his work. He proposes to teach the Pitman system here.

Well-known Writer Passes Away at His Home in Winnetka.

Chicago, Sept. 29.—Henry D. Lloyd, a well-known writer on economic subjects, is dead at his home in Winnetka. He was born in New York city May 1, 1847.

From 1869 to 1872 Mr. Lloyd was assistant secretary of the American Free Trade league, organized by William Cullen Bryant, David A. Queils and other prominent reformers. He took an active part in the organization of the Young Men's Municipal Reform association of New York in 1870, which contributed materially to the overthrow of the Tweed machine in that year.

Mr. Lloyd came to Chicago in 1872 and until 1885 occupied a position as an editorial writer on the Chicago Tribune. Since then he has devoted his time to the publication of articles on labor problems in the current magazines.

Ruhlin and Carter Fight a Draw.

Philadelphia, Sept. 29.—"Kid" Carter and "Gus" Ruhlin fought a hard six-round draw at the Washington Sporting club. Carter was the aggressor in five of the six rounds, but Ruhlin evened matters up by giving the most punishment. In the fourth round Carter was sent to the floor and took the count and in the sixth round Carter struck Ruhlin a stinging blow which cut the latter under the right eye.

REALM OF SPORTS

OAKLAND BEATEN BY THE ROVERS

First Football Game of the Season Brought Out a Big Crowd.

A VERY EXCITING CONTEST

A New Star Developed During the Game—Excellent Playing By Members of Both Teams—Final Score, Rovers 5, Oakland 0.

Fighting desperately to regain the advantage that resulted to their opponents in a play that neither team anticipated, the Oakland Athletic club was defeated in the first gridiron contest of the season yesterday afternoon at the West End park, the final score being 5 to 0. It was a most auspicious opening for the foot ball season and the large attendance clearly indicates the general interest manifested in this great sport. More than 500 persons assembled upon the field and in nearly every breast there burned a fierce fire of loyalty for one or the other of the elevens. There were Oakland rooters in abundance, equalling those of the Rovers, although the latter were in their home grounds.

Never in the history of the game in this city has there been a more exciting contest. Every inch of the ground was resisted with a desperateness which showed determination of the players to win. The long existing rivalry between the teams was to be settled and each of the teams desired the name of victors.

The two teams lined up for a few minutes' practice before the kickoff, and it could be seen that the Oaklands had a shade the better of it as to weight, but this advantage was offset by the Rovers' better team work. The heavy line of the Oaklands showed to advantage in the game, as did the fleetness and drilling of the Rovers. The Rovers were not as successful with end runs, for which they have become noted, as they were in the games of last season. Though the line was heavy Cartwright was sent against it repeatedly and helped by good interference he gained oftener than he was held.

One result of the game was the development of a new star, Mountford, the high school boy, who played left half for the Oaklands. One mistake, however, was made in entrusting him with the direction of the plays. It was his first game in fast company and he could not have been expected to show the best of generalship. His greatest mistake was in not taking more chances during the last few minutes of play with the score 5 to 0 against him. His work as left half was the most brilliant of any of the 22 players. He went through the tackles repeatedly and his defensive play was as great as his offensive. His drop kick from the Rovers' 40-yard line to the goal was the prettiest single feature of the game and with a little more steam behind it the kick would have been good for a field goal. Orr played a great game at fullback for the Oaklands and Bittner was there with the goods at left tackle. Weikert came in for a pretty play when he downed "Carty" for a loss on an end run.

For the Oaklands, Cartwright deserves a great deal of praise. The big fellow played hard at all stages of the game and the way he hit that heavy line was great. Hardie was out of his regular position at right tackle, but he played a star game. Young Robbins maintained his reputation as a good field general by his work as quarterback.

Dr. Thomas McClure, of Wellsville, and W. Knox, also of that city, who were selected by the News Review as referee and umpire for the game, had the teams lined up and ready to play within a few mintes of the appointed hour.

The Rovers won the toss and Captain Hardie decided to defend the east goal. Orr kicked off to the Rovers' 30-yard line. J. Hester went through the right tackles for 5 yards and Cartwright hit center for 4. Coleman tried it around the left end, but he was downed for no gain. Oaklands' ball on downs. Mountford made 3 yards through center, but the Rovers held for the next two downs and it was their ball. On the first down there was a mixup in the signals and Robbins was carried back for a 7-yard loss. Cartwright regained 2 through the left end. Cartwright punted to Oaklands' 30-yard line and F. Coleman fell on the ball. Hardy went around the right end for five yards. Jones carried for 4 and Tyson went through for 1. Cartwright bucked and gained 4. Cartwright was tackled for a loss of 3 yards and the ball went to the Oaklands on downs.

Young Mountford commenced to get in the game at this point. Slight gains was all either side could make and both had lost on downs. Mountford, with good interference went through the right tackles for a 10-yard gain. Orr followed with a gain through the left tackles for 8 yards. Angle made 4 and Mountford a gain for 3. Orr went through the left tackles for another 8-yard gain and through center for 2 yards.

Then the Rovers held for downs. They fumbled, however, and it was the Oaklands' ball again on the Rovers' 25 yard line. Mountford made 5 yards around left end and then the Rovers held. Referee McClure set the Oaklands back 10 yards on the next play, a penalty for their quarterback carrying the ball in front of the line. With this loss the Oaklands had 15 yards to gain. Orr made 2 and then Mountford drop-kicked to the Rovers' goal line. Cartwright took the ball and was downed almost in his tracks. The Oakland line held against a center scrimmage and Cartwright punted, Hardie getting the ball. Coleman went around left end for 1 yard and Hester hit center for 3. Cartwright hit the line for 2 yards, the last scrimmage of the half.

Hendricks went in for Miles in the second half. The Rovers had the same lineup. Oakland defended the east goal and Hardie kicked off to their 30 yard line. Mountford went through for 5 yards. Referee McClure penalized the Rovers 10 yards for off side play. Mountford for the first time failed to gain. Orr went through the left tackles for 4 yards and made 5 on the next scrimmage. Hendricks carried it for a yard and Mountford had it again for 5 yards, around the right end. Oakland was taking the ball up the field nicely. Orr was sent through the right tackles again for 3 yards and Mountford hurdled the line for 8. Mountford made a small gain but the Rovers held again and Oakland lost the ball on downs. With the gain to make on the last down Mountford should have called for a punt. Hardie was sent back 4 yards and Cartwright regained 2. With 7 yards to gain on the down Cartwright punted, the play Mountford should have made. Orr took the punt on the 30-yard line, but he was tackled by Tom Hester and both lost the pigskin. In the scrimmage there were three other fumbles and Cartwright came up in time to nail the ball and he went on over the line for a touchdown, the only score of the game.

Cartwright failed to kick goal. Score, Rovers, 5; Oakland, 0.

Mountford had the Rovers kick off to Oakland and Hardie sent the ball to the 30-yard line. Mountford gained 10 yards and the Rovers held on a center buck. Orr went through right end for 12 yards and Mountford lost 7 on a try around left end. Orr then went to right tackle in place of Miles and Mylar went in as fullback. Mylar went through center for 6 yards on his first scrimmage, but the game was over. The lineup:

WAR CLOUDS LIFTED

Apprehension of Bulgarian Government Lessened by Porte's Assurances.

PREMIER REPLIES TO COMMITTEE

Answer Not Very Satisfactory—Instigator of Massacres Receives Decoration—Orders Reported Issued to Shoot Captured Bulgarians.

Sofia, Bulgaria, Sept. 29.—The situation here is much brighter and the war clouds appear to have lifted. The porte's asurance that the 32 battalions recently ordered to proceed from Monastir to Adrianople will not be moved has lessened the apprehensions of the Bulgarian government. Further satisfaction is derived from the fact that M. Natchovitch is going to Constantinople in the capacity of Bulgarian diplomatic agent. He conducted the negotiations with the porte last June and after their failure returned to Sofia.

The committee appointed for the purpose at Sunday's demonstration of 15,000 Macedonians in this city waited on Premier Petrof and asked him if the government intended to do anything to help the Macedonians. M. Petrof replied that the ministry was acting in what it conceived to be the best interests of Bulgaria and would continue the same policy.

The spokesman of the committee told the premier that his reply would not be satisfactory to the people and the committee thereupon withdrew.

The Dnevnik, commenting on the situation, says: "Although the Bulgarians remain quiet it is not a true indication of the national feelings, but it is owing to the approaching elections."

The paper adds that it will "not be long before everybody will try to force the government to take action."

Salonica, Sept. 29.—Bakhazar Pasha, who was responsible for the massacres at Krushevo and Smilevo, has been decorated with the order of the Medjidie of the first class. He has been sent to the district of Kastoria, where six villages have already been burned and many insurgents killed.

London, Sept. 29.—The Times learns from a trustworthy source that the palace committee at Yildiz kiosk has recommended that all Bulgarians captured in the future, whether armed or unarmed, shall be shot. It is stated that the sultan holds the same view and that the necessary orders have been issued. The palace committee consists of Tahsin, Edhem and Izzet pashas. The last named, who only recently became a member, is generally believed to have been largely responsible for the Armenian massacre at Constantinople.

Berlin, Sept. 29.—According to a dispatch to the Lokal Anzeiger, prominent Macedonians are urging the revolutionary leaders to discontinue the uprising.

CANNOT STAND CONFINEMENT.

Tuberculosis Finds Easy Victims Among Indian Prisoners.

Leavenworth, Kas., Sept. 29.—The report of R. W. McLaughrey, warden of the United States penitentiary, to the attorney general shows that most of the 30 deaths in the prison during the year were of Indians. Two hundred prisoners are suffering from tuberculosis, the entire Indian population being infected. Warden McLaughrey says:

"The southern Indians sent here cannot stand the climate and the confinement, and every such Indian develops tuberculosis, no matter in how good health he arrives, and every one of them, without exception, either dies here or goes out with the disease ineradicably fastened upon him. With the lack of proper facilities for isolating and treating pulmonary tuberculosis it is becoming a serious menace to this institution, practically destroying the health of all the prisoners here."

Louisville Horseshow Opened.

Louisville, Ky., Sept. 29.—The international exhibition of horses under the auspices of the Louisville Horseshow association opened for a week's session. Nearly 800 horses are on the entry list for the season. Twenty-six states and Canada have sent horses, among the exhibitors being E. E. Smathers, New York; E. T. Stotesbury, Philadelphia; Dr. John L. Wentz Scranton, Pa., and Hugh Wilson, London, Ont.

Train Wrecked by Cow.

Chattanooga, Tenn., Sept. 29.—Cincinnati Southern passenger train No. 2 ran into a cow at Glen Mary, Tenn., 120 miles north of Chattanooga, and the engine, two mail cars, baggage car and express car left the track and rolled down a steep embankment. Engineer Frank Parker, of Chattanooga, was instantly killed and seven men badly injured, two fatally.

Crude Oil Advanced in Price.

Lima, O., Sept. 29.—There was an advance of 3 cents for eastern and 2 cents for western crude oil. There was lively selling on the rise. The market quotations now are: Tiona, $1.74; Pennsylvania, $1.59; New Castle, $1.46; Corning, $1.39; White House, $1.29; Somerset, $1.01; North Lima, $1.20; South Lima and Indiana, $1.15.

FAVOR STATE CANALS.

Association at Zanesville Discusses Improvemenr of Inland Waterways.

Zanesville, O., Sept. 29.—One hundred members of the Ohio Canal association, representing leading business men along the route of the Ohio canal and the Muskingum river, met here. In all the addresses the concensus of opinion was that the canals of the state should be maintained for traffic and protected by the state.

The assocation declared in favor of a canal of five-foot depth from Cleveland to Zanesville. The estimated cost is $500,000, and it is claimed that there is more than enough money in the state treasury to the credit of the canals to accomplish this improvement. The canal connects with the Muskingum river at Dresden.

Resolutions adopted tell the action and sentiment of the members. An executive committee of seven was appointed to carry into effect the objects of the meeting as declared by the resolutions. The executive committee consists of A. W. Thurman Columbus; Colonel J. H. Riley, Marietta; T. M. Ripley, Marietta; J. D. McHugh, Cincinnati; George W. Seiber, Akron; A. T. DeForest, Cleveland; Senator Hamlin, Elyria; Colonel T. F. Spangler and C. U. Shryock, Zanesville.

Fatal Boiler Explosion.

Toledo, O., Sept. 29.—One man was killed and three other men were injured as the result of the explosion of the boiler at the sawmill of Louis M. Pilliod, located at Swanton, a short distance west of this city. The victims of the accident are M. C. Hubbard, engineer, killed instantly; Burch Reed and Dr. W. A. Scott, injured by falling debris; Sidney Kennedy, injured in a runaway caused by the explosion. The sawmill was entirely destroyed, as was also a pulley factory which adjoined the plant.

KODOL Digests What You Eat.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammeled action.

Bottles only. $1.00 Size holding 2½ times the trial size, which sells for 50c.

REALM OF SPORTS

OAKLAND BEATEN BY THE ROVERS

First Football Game of the Season Brought Out a Big Crowd.

A VERY EXCITING CONTEST

A New Star Developed During the Game—Excellent Playing By Members of Both Teams—Final Score, Rovers 5, Oakland 0.

Fighting desperately to regain the advantage that resulted to their opponents in a play that neither team anticipated, the Oakland Athletic club was defeated in the first gridiron contest of the season yesterday afternoon at the West End park, the final score being 5 to 0. It was a most auspicious opening for the foot ball season and the large attendance clearly indicates the general interest manifested in this great sport. More than 500 persons assembled upon the field and in nearly every breast there burned a fierce fire of loyalty for one or the other of the elevens. There were Oakland rooters in abundance, equalling those of the Rovers, although the latter were in their home grounds.

Never in the history of the game in this city has there been a more exciting contest. Every inch of the ground was resisted with a desperateness which showed determination of the players to win. The long existing rivalry between the teams was to be settled and each of the teams desired the name of victors.

The two teams lined up for a few minutes' practice before the kickoff, and it could be seen that the Oaklands had a shade the better of it as to weight, but this advantage was offset by the Rovers' better team work. The heavy line of the Oaklands showed to advantage in the game, as did the fleetness and drilling of the Rovers. The Rovers were not as successful with end runs, for which they have become noted, as they were in the games of last season. Though the line was heavy Cartwright was sent against it repeatedly and helped by good interference he gained oftener than he was held.

One result of the game was the development of a new star, Mountford, the high school boy, who played left half for the Oaklands. One mistake, however, was made in entrusting him with the direction of the plays. It was his first game in fast company and he could not have been expected to show the best of generalship. His greatest mistake was in not taking more chances during the last few minutes of play with the score 5 to 0 against him. His work as left half was the most brilliant of any of the 22 players. He went through the tackles repeatedly and his defensive play was as great as his offensive. His drop kick from the Rovers' 40-yard line to the goal was the prettiest single feature of the game and with a little more steam behind it the kick would have been good for a field goal. Orr played a great game at fullback for the Oaklands and Bittner was there with the goods at left tackle. Weikert came in for a pretty play when he downed "Carty" for a loss on an end run.

For the Oaklands, Cartwright deserves a great deal of praise. The big fellow played hard at all stages of the game and the way he hit that heavy line was great. Hardie was out of his regular position at right tackle, but he played a star game. Young Robbins maintained his reputation as a good field general by his work as quarterback.

Dr. Thomas McClure, of Wellsville, and W. Knox, also of that city, who were selected by the News Review as referee and umpire for the game, had the teams lined up and ready to play within a few mintes of the appointed hour.

The Rovers won the toss and Captain Hardie decided to defend the east goal. Orr kicked off to the Rovers' 30-yard line. J. Hester went through the right tackles for 5 yards and Cartwright hit center for 4. Coleman tried it around the left end, but he was downed for no gain. Oaklands' ball on downs. Mountford made 3 yards through center, but the Rovers held for the next two downs and it was their ball. On the first down there was a mixup in the signals and Robbins was carried back for a 7-yard loss. Cartwright regained 2 through the left end. Cartwright punted to Oaklands' 30-yard line and F. Coleman fell on the ball. Hardy went around the right end for five yards. Jones carried for 4 and Tyson went through for 1. Cartwright bucked and gained 4. Cartwright was tackled for a loss of 3 yards and the ball went to the Oaklands on downs.

Young Mountford commenced to get in the game at this point. Slight gains was all either side could make and both had lost on downs. Mountford, with good interference went through the right tackles for a 10-yard gain. Orr followed with a gain through the left tackles for 8 yards. Angle made 4 and Mountford a gain for 3. Orr went through the left tackles for another 8-yard gain and through center for 2 yards.

Then the Rovers held for downs. They fumbled, however, and it was the Oaklands' ball again on the Rovers' 25 yard line. Mountford made 5 yards around left end and then the Rovers held. Referee McClure set the Oaklands back 10 yards on the next play, a penalty for their quarterback carrying the ball in front of the line. With this loss the Oaklands had 15 yards to gain. Orr made 2 and then Mountford drop-kicked to the Rovers' goal line. Cartwright took the ball and was downed almost in his tracks. The Oakland line held against a center scrimmage and Cartwright punted, Hardie getting the ball. Coleman went around left end for 1 yard and Hester hit center for 3. Cartwright hit the line for 2 yards, the last scrimmage of the half.

Hendricks went in for Miles in the second half. The Rovers had the same lineup. Oakland defended the east goal and Hardie kicked off to their 30 yard line. Mountford went through for 5 yards. Referee McClure penalized the Rovers 10 yards for off side play. Mountford for the first time failed to gain. Orr went through the left tackles for 4 yards and made 5 on the next scrimmage. Hendricks carried it for a yard and Mountford had it again for 5 yards, around the right end. Oakland was taking the ball up the field nicely. Orr was sent through the right tackles again for 3 yards and Mountford hurdled the line for 8. Mountford made a small gain but the Rovers held again and Oakland lost the ball on downs. With the gain to make on the last down Mountford should have called for a punt. Hardie was sent back 4 yards and Cartwright regained 2. With 7 yards to gain on the down Cartwright punted, the play Mountford should have made. Orr took the punt on the 30-yard line, but he was tackled by Tom Hester and both lost the pigskin. In the scrimmage there were three other fumbles and Cartwright came up in time to nail the ball and he went on over the line for a touchdown, the only score of the game.

Cartwright failed to kick goal. Score, Rovers, 5; Oakland, 0.

Mountford had the Rovers kick off to Oakland and Hardie sent the ball to the 30-yard line. Mountford gained 10 yards and the Rovers held on a center buck. Orr went through right end for 12 yards and Mountford lost 7 on a try around left end. Orr then went to right tackle in place of Miles and Mylar went in as fullback. Mylar went through center for 6 yards on his first scrimmage, but the game was over. The lineup:

BRIGHTS DISEASE AND DIABETES NEWS

San Francisco, Sept. 24, 1903.
Will Reed's Pharmacy:

Dear Sirs:—The discovery in this city of a new diuretic is saving thousands of lives. It is hard for people to believe who are not eye witnesses. You as a brother druggist well know that up to this time chronic Bright's Disease and Diabetes have been necessarily fatal. It is so no longer. And I not only know this by being on the ground, but I was also one of the patients. I had both Bright's Disease and Diabetes and looked upon death as inevitable. I was so prejudiced I wouldn't buy the new treatment. I couldn't believe it. So they gave it to me to prove it. I not only recovered, but have since given it to somewhere near fifty patients and know of only three or four failures.

I am a pioneer druggist of this city; have been doing business on my own premises for 48 years, and I now declare to you on the honor of a brother pharmacist the absolute curability of these dread diseases in about nine-tenths of all cases. I understand the business men who are placing it before the world have appointed you to represent them in your city, and I beg to tell you that there are lives to be saved and friends to be made.

Yours sincerely,
CARL D. ZEILE.

We sent for the Fulton Compounds to which the above refers and now have them in stock. They are the first cures the world has ever seen for chronic Bright's Disease and Diabetes. Free pamphlet.

WAR CLOUDS LIFTED

Apprehension of Bulgarian Government Lessened by Porte's Assurances.

PREMIER REPLIES TO COMMITTEE

Answer Not Very Satisfactory—Instigator of Massacres Receives Decoration—Orders Reported Issued to Shoot Captured Bulgarians.

Sofia, Bulgaria, Sept. 29.—The situation here is much brighter and the war clouds appear to have lifted. The porte's asurance that the 32 battalions recently ordered to proceed from Monastir to Adrianople will not be moved has lessened the apprehensions of the Bulgarian government. Further satisfaction is derived from the fact that M. Natchovitch is going to Constantinople in the capacity of Bulgarian diplomatic agent. He conducted the negotiations with the porte last June and after their failure returned to Sofia.

The committee appointed for the purpose at Sunday's demonstration of 15,000 Macedonians in this city waited on Premier Petrof and asked him if the government intended to do anything to help the Macedonians. M. Petrof replied that the ministry was acting in what it conceived to be the best interests of Bulgaria and would continue the same policy.

The spokesman of the committee told the premier that his reply would not be satisfactory to the people and the committee thereupon withdrew.

The Dnevnik, commenting on the situation, says: "Although the Bulgarians remain quiet it is not a true indication of the national feelings, but it is owing to the approaching elections."

The paper adds that it will "not be long before everybody will try to force the government to take action."

Salonica, Sept. 29.—Bakhazar Pasha, who was responsible for the massacres at Krushevo and Smilevo, has been decorated with the order of the Medjidie of the first class. He has been sent to the district of Kastoria, where six villages have already been burned and many insurgents killed.

London, Sept. 29.—The Times learns from a trustworthy source that the palace committee at Yildiz kiosk has recommended that all Bulgarians captured in the future, whether armed or unarmed, shall be shot. It is stated that the sultan holds the same view and that the necessary orders have been issued. The palace committee consists of Tahsin, Edhem and Izzet pashas. The last named, who only recently became a member, is generally believed to have been largely responsible for the Armenian massacre at Constantinople.

Berlin, Sept. 29.—According to a dispatch to the Lokal Anzeiger, prominent Macedonians are urging the revolutionary leaders to discontinue the uprising.

CANNOT STAND CONFINEMENT.

Tuberculosis Finds Easy Victims Among Indian Prisoners.

Leavenworth, Kas., Sept. 29.—The report of R. W. McLaughrey, warden of the United States penitentiary, to the attorney general shows that most of the 30 deaths in the prison during the year were of Indians. Two hundred prisoners are suffering from tuberculosis, the entire Indian population being infected. Warden McLaughrey says:

"The southern Indians sent here cannot stand the climate and the confinement, and every such Indian develops tuberculosis, no matter in how good health he arrives, and every one of them, without exception, either dies here or goes out with the disease ineradicably fastened upon him. With the lack of proper facilities for isolating and treating pulmonary tuberculosis it is becoming a serious menace to this institution, practically destroying the health of all the prisoners here."

Louisville Horseshow Opened.

Louisville, Ky., Sept. 29.—The international exhibition of horses under the auspices of the Louisville Horseshow association opened for a week's session. Nearly 800 horses are on the entry list for the season. Twenty-six states and Canada have sent horses, among the exhibitors being E. E. Smathers, New York; E. T. Stotesbury, Philadelphia; Dr. John L. Wentz Scranton, Pa., and Hugh Wilson, London, Ont.

Train Wrecked by Cow.

Chattanooga, Tenn., Sept. 29.—Cincinnati Southern passenger train No. 2 ran into a cow at Glen Mary, Tenn., 120 miles north of Chattanooga, and the engine, two mail cars, baggage car and express car left the track and rolled down a steep embankment. Engineer Frank Parker, of Chattanooga, was instantly killed and seven men badly injured, two fatally.

Crude Oil Advanced in Price.

Lima, O., Sept. 29.—There was an advance of 3 cents for eastern and 2 cents for western crude oil. There was lively selling on the rise. The market quotations now are: Tiona, $1.74; Pennsylvania, $1.59; New Castle, $1.46; Corning, $1.39; White House, $1.29; Somerset, $1.01; North Lima, $1.20; South Lima and Indiana, $1.15.

FAVOR STATE CANALS.

Association at Zanesville Discusses Improvemenr of Inland Waterways.

Zanesville, O., Sept. 29.—One hundred members of the Ohio Canal association, representing leading business men along the route of the Ohio canal and the Muskingum river, met here. In all the addresses the concensus of opinion was that the canals of the state should be maintained for traffic and protected by the state.

The assocation declared in favor of a canal of five-foot depth from Cleveland to Zanesville. The estimated cost is $500,000, and it is claimed that there is more than enough money in the state treasury to the credit of the canals to accomplish this improvement. The canal connects with the Muskingum river at Dresden.

Resolutions adopted tell the action and sentiment of the members. An executive committee of seven was appointed to carry into effect the objects of the meeting as declared by the resolutions. The executive committee consists of A. W. Thurman Columbus; Colonel J. H. Riley, Marietta; T. M. Ripley, Marietta; J. D. McHugh, Cincinnati; George W. Selber, Akron; A. T. DeForest, Cleveland; Senator Hamlin, Elyria; Colonel T. F. Spangler and C. U. Shryock, Zanesville.

Fatal Boiler Explosion.

Toledo, O., Sept. 29.—One man was killed and three other men were injured as the result of the explosion of the boiler at the sawmill of Louis M. Pilliod, located at Swanton, a short distance west of this city. The victims of the accident are M. C. Hubbard, engineer, killed instantly; Burch Reed and Dr. W. A. Scott, injured by falling debris; Sidney Kennedy, injured in a runaway caused by the explosion. The sawmill was entirely destroyed, as was also a pulley factory which adjoined the plant.

KODOL Digests What You Eat.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammeled action.

Bottles only. $1.00 Size holding 2½ times the trial size, which sells for 50c.

Rioting in Canadian Soo---Militia Attempts to Preserve Order.

ATTACK COMPANY'S BUILDINGS

Discharged Workmen of Consolidated Lake Superior Company in Ugly Mood—Riffraff of Town Join Mob—Police Station Threatened.

Sault Ste. Marie, Mich., Sept. 29.—The situation in the Canadian Soo, which has been the scene of serious rioting by the discharged workmen of the Consolidated Lake Superior company, is very grave. No reinforcements of militia have arrived from outside and the only defense against the mob, which grows hourly, is a more or less demoralized police department and a small company of militiamen. An assault upon the office building by the mob early in the afternoon, before the arrival of the troops, was successful and a mass of frenzied rioters secured possession of the ground floor of the building, destroying everything movable that came in their path. A crowd of office staff with drawn revolvers prevented their gaining access to the upper floors of the building.

Troops Partially Restore Order.

The arrival of troops armed with ball cartridges about 2 o'clock served to restore some semblance of order. The rioters then contented themselves with throwing stones at the building and hurling invectives at the soldiers, who established a "dead line" and prevented any approach toward the building. The greatest number of the mob are of ignorant Italians, Finns, Norwegians and Frenchmen, the former perhaps the hardest of all to handle. They have been drinking more or less, although the bars finally obeyed the order to close up. The mob is one that cannot be reasoned with, and the man they seem most anxious to get at is Mr. Coyne, the assistant manager, who in the absence of Mr. Shields, is in charge of the works. Mr. Coyne discreetly kept out of sight.

Late in the afternoon the leaders of the mob held a conference and demanded that the company house the men in their hotel and boarding house and feed them until the money for their wages is forthcoming. In order to appease the crowd this demand was granted and the men have taken possession of the white house, a large boarding house operated by the company.

Street Car Traffic Suspended.

An attempt is being made to put the street car system in the Canadian Soo, which suspended operation after an attack had been made upon it, into operation again. Two cars were sent out heavily guarded. Inasmuch as most of the rioters were not on the streets at the time this trial was made, no disorder occurred.

It is estimated that there are 2,000 men in the Soo, and these are reinforced by all the idle rabble in town. A train carrying 400 more woodsmen is expected to arrive on the Algoma Central. The local police force is being strengthened by the addition of all the deputies who can be found, each man being given a badge and a revolver and ordered to use the latter whenever necessary. Considerable feeling has been aroused over the shooting of two Frenchmen by the police during the trouble in the morning. The rioters claim that the officers used their revolvers when it was unnecessary. Neither of the men is fataly hurt, however.

The mob threatens an attack upon police headquarters with a view of effecting the release of all the men who have been arrested. Both this building and that occupied by the fire department is guarded against attack.

Mass Meeting Was Quiet.

The mass meeting held last night in the white house was unexpectedly quiet and orderly. An attempt was made to allay the passions of the men by an offer made by the Brotherhood of Woodsmen, an organization maintained among the lumbermen, to furnish an attorney free of charge to collect all pay checks left in his hands. The meeting broke up without any particular confusion or disorder.

About 10:30 an alarm of fire was turned in from the pulp mills and the department responded, but no fire could be discovered. The turning in of the alarm was evidently the work of some of the rough element which gathered in large proportion to help along the work of disorder.

An effort was made late in the day to get a body of the rioters to cross the river to the American side and put the power house and street railway out of commission, but it was not successful On account of this rumor the local company of state troops was mobilized at the armory and some extra policemen were put on duty. A battalion of regulars from Toronto, the King's grenadiers, are expected to arrive at 7 o'clock this morning and their coming is awaited with feverish impatience.

Museum in Memory of Jahn.

Berlin, Sept. 29.—A museum in memory of Friedrich Ludwig Jahn, popularly known as "Turnvater Jahn," the founder of the Turner societies, was opened at Freiburg-on-the-Unstrut, Prussia, by the National Turner society.

NO HOPE FOR VAN WORMERS.

Governor Odell Declines to See Stepmother of Three Brothers.

Albany, N. Y., Sept. 29.—Mrs. Van Wormer, stepmother of the three brothers who are to be executed at Clinton on Thursday, called at the executive chamber to make a final appeal in behalf of her stepsons. Governor Odell declined to see her on the ground that he had fully considered the case and that an interview would be only a source of useless pain to both. Mrs. Van Wormer accepted his decision as final and returned to Kinderhook.

Warden George Deyo, of Clinton prison, will not say in what order the brothers are to die, but he declares that there will be but one set of witnesses and the work will be done with all possible expedition. The execution is to take place about noon, and probably will not consume more than 20 minutes' time. Much thought has been given to seeking a means of separating the three so that none of them would know when either of his brothers was taken to the chair or whether he himself was first to go, but the arrangement of the prison and the location of the death house makes this impossible. It has been determined therefore, to place the three in the successive three cells on one side of the corridor in the death house nearest the door of the execution room, and remove them in that order to their death.

THE VAN WORMER BOYS.

(Sentenced to be executed on or about Oct. 1 for the murder of their uncle, Peter A. Hallenbeck, on Christmas eve, 1902, in the town of Greenville, Columbia county, N. Y.)

The condemned prisoners bear well the ordeal of suspense.

White House Again Inhabited.

Washington, Sept. 29.—After an absence of 13 weeks at Oyster Bay president Roosevelt returned to Washington. The president was accompanied by Mrs. Roosevelt, Miss Alice Roosevelt and other members of the family and by Private Secretary Loeb. The president was greeted by several hundred people, who cheered when he entered his carriage. He also was met by Postmaster General Payne, Colonel Symons, superintendent of public buildings and grounds; Chief Wilkie, of the secret service, and by other public officials. The president and family drove direct to the White House.

Vessel May Be Saved.

San Francisco, Sept. 29.—The underwriters who have a fortune at stake by reason of the beaching of the British bark, Gifford, south of the Golden Gate, are still confident the vessel can be saved. Lloyds' surveyor, Captain John Metcalfe, who is the master of the wrecked ship, Captain David Michie and Captain Alexander Woodside have been on the wreck and have made a careful examination of the vessel. Weather permitting, they believe the coal in the Gifford's hull may be thrown overboard and the leaking vessel pulled out of the sand and towed in.

Cornerstone of Hospital Laid.

Chicago, Sept. 29.—The cornerstone of the new Francis E. Willard National Temperance hospital on Lincoln street was laid Monday, the birthday of Miss Willard, in the presence of a distinguished company of temperance advocates and medical men. When completed the building will have cost $70,000. In the treatment of cases the use of alcohol will be prohibited. There is only one other similar institution in the world, and that is located in London.

Two Eskimo Boys Missing.

Tacoma, Sept. 29.—The police of Tacoma and Seattle are ransacking the cities for two Eskimo boys about 15 years of age, who arrived by a late Alaska steamer on their way to the Indian school at Carlisle, Pa. The Northern Pacific agent at Tacoma was advised that the boys would get their railroad tickets in Tacoma, but they have not appeared and cannot thus far be found in either city.

Tillman on Trial.

Lexington, S. C., Sept. 29.—James H. Tillman, former lieutenant governor of South Carolina, was placed on trial in the circuit court for Lexington county under an indictment charging him with the murder of N. G. Gonzales, editor of the Columbia State. A vigorously contested legal battle is in progress.

Forger Again at Liberty.

San Quentin Prison, Cal., Sept. 29.—Charles Becker, considered the cleverest forger in America, is once more at liberty. Becker left San Quentin after having served seven years for raising a $12 draft to $22,000 on the Crocker-Woolworth bank of San Francisco.

An assault upon the office building by the mob early in the afternoon, before the arrival of the troops, was successful and a mass of frenzied rioters secured possession of the ground floor of the building, destroying everything movable that came in their path. A crowd of office staff with drawn revolvers prevented their gaining access to the upper floors of the building.

Troops Partially Restore Order.

The arrival of troops armed with ball cartridges about 2 o'clock served to restore some semblance of order. The rioters then contented themselves with throwing stones at the building and hurling invectives at the soldiers, who established a "dead line" and prevented any approach toward the building. The greatest number of the mob are of ignorant Italians, Finns, Norwegians and Frenchmen, the former perhaps the hardest of all to handle. They have been drinking more or less, although the bars finally obeyed the order to close up. The mob is one that cannot be reasoned with, and the man they seem most anxious to get at is Mr. Coyne, the assistant manager, who in the absence of Mr. Shields, is in charge of the works. Mr. Coyne discreetly kept out of sight.

Late in the afternoon the leaders of the mob held a conference and demanded that the company house the men in their hotel and boarding house and feed them until the money for their wages is forthcoming. In order to appease the crowd this demand was granted and the men have taken possession of the white house, a large boarding house operated by the company.

Street Car Traffic Suspended.

An attempt is being made to put the street car system in the Canadian Soo, which suspended operation after an attack had been made upon it, into operation again. Two cars were sent out heavily guarded. Inasmuch as most of the rioters were not on the streets at the time this trial was made, no disorder occurred.

It is estimated that there are 2,000 men in the Soo, and these are reinforced by all the idle rabble in town. A train carrying 400 more woodsmen is expected to arrive on the Algoma Central. The local police force is being strengthened by the addition of all the deputies who can be found, each man being given a badge and a revolver and ordered to use the latter whenever necessary. Considerable feeling has been aroused over the shooting of two Frenchmen by the police during the trouble in the morning. The rioters claim that the officers used their revolvers when it was unnecessary. Neither of the men is fataly hurt, however.

The mob threatens an attack upon police headquarters with a view of effecting the release of all the men who have been arrested. Both this building and that occupied by the fire department is guarded against attack.

Mass Meeting Was Quiet.

The mass meeting held last night in the white house was unexpectedly quiet and orderly. An attempt was made to allay the passions of the men by an offer made by the Brotherhood of Woodsmen, an organization maintained among the lumbermen, to furnish an attorney free of charge to collect all pay checks left in his hands. The meeting broke up without any particular confusion or disorder.

About 10:30 an alarm of fire was turned in from the pulp mills and the department responded, but no fire could be discovered. The turning in of the alarm was evidently the work of some of the rough element which gathered in large proportion to help along the work of disorder.

An effort was made late in the day to get a body of the rioters to cross the river to the American side and put the power house and street railway out of commission, but it was not successful. On account of this rumor the local company of state troops was mobilized at the armory and some extra policemen were put on duty. A battalion of regulars from Toronto, the King's grenadiers, are expected to arrive at 7 o'clock this morning and their coming is awaited with feverish impatience.

Museum in Memory of Jahn.

Berlin, Sept. 29.—A museum in memory of Friedrich Ludwig Jahn, popularly known as "Turnvater Jahn," the founder of the Turner societies, was opened at Freiburg-on-the-Unstrut, Prussia, by the National Turner society.

NO HOPE FOR VAN WORMERS.

Governor Odell Declines to See Stepmother of Three Brothers.

Albany, N. Y., Sept. 29.—Mrs. Van Wormer, stepmother of the three brothers who are to be executed at Clinton on Thursday, called at the executive chamber to make a final appeal in behalf of her stepsons. Governor Odell declined to see her on the ground that he had fully considered the case and that an interview would be only a source of useless pain to both. Mrs. Van Wormer accepted his decision as final and returned to Kinderhook.

Warden George Deyo, of Clinton prison, will not say in what order the brothers are to die, but he declares that there will be but one set of witnesses and the work will be done with

THE VAN WORMER BOYS.

all possible expedition. The execution is to take place about noon, and probably will not consume more than 20 minutes' time. Much thought has been given to seeking a means of separating the three so that none of them would know when either of his brothers was taken to the chair or whether he himself was first to go, but the arrangement of the prison and the location of the death house makes this impossible. It has been determined therefore, to place the three in the successive three cells on one side of the corridor in the death house nearest the door of the execution room, and remove them in that order to their death.

The condemned prisoners bear well the ordeal of suspense.

White House Again Inhabited.

Washington, Sept. 29.—After an absence of 13 weeks at Oyster Bay president Roosevelt returned to Washington. The president was accompanied by Mrs. Roosevelt, Miss Alice Roosevelt and other members of the family and by Private Secretary Loeb. The president was greeted by several hundred people, who cheered when he entered his carriage. He also was met by Postmaster General Payne, Colonel Symons, superintendent of public buildings and grounds; Chief Wilkie, of the secret service, and by other public officials. The president and family drove direct to the White House.

Vessel May Be Saved.

San Francisco, Sept. 29.—The underwriters who have a fortune at stake by reason of the beaching of the British bark, Gifford, south of the Golden Gate, are still confident the vessel can be saved. Lloyds' surveyor, Captain John Metcalfe, who is the master of the wrecked ship, Captain David Michie and Captain Alexander Woodside have been on the wreck and have made a careful examination of the vessel. Weather permitting, they believe the coal in the Gifford's hull may be thrown overboard and the leaking vessel pulled out of the sand and towed in.

Cornerstone of Hospital Laid.

Chicago, Sept. 29.—The cornerstone of the new Francis E. Willard National Temperance hospital on Lincoln street was laid Monday, the birthday of Miss Willard, in the presence of a distinguished company of temperance advocates and medical men. When completed the building will have cost $70,000. In the treatment of cases the use of alcohol will be prohibited. There is only one other similar institution in the world, and that is located in London.

Two Eskimo Boys Missing.

Tacoma, Sept. 29.—The police of Tacoma and Seattle are ransacking the cities for two Eskimo boys about 15 years of age, who arrived by a late Alaska steamer on their way to the Indian school at Carlisle, Pa. The Northern Pacific agent at Tacoma was advised that the boys would get their railroad tickets in Tacoma, but they have not appeared and cannot thus far be found in either city.

Tillman on Trial.

Lexington, S. C., Sept. 29.—James H. Tillman, former lieutenant governor of South Carolina, was placed on trial in the circuit court for Lexington county under an indictment charging him with the murder of N. G. Gonzales, editor of the Columbia State. A vigorously contested legal battle is in progress.

Forger Again at Liberty.

San Quentin Prison, Cal., Sept. 29.—Charles Becker, considered the cleverest forger in America, is once more at liberty. Becker left San Quentin after having served seven years for raising a $12 draft to $22,000 on the Crocker-Woolworth bank of San Francisco.

An Animal Story For Little Folks

HOW Jim Bug Was Frightened

"The police are after you!" cried Butterfly to Jim Bug.

"What for?" asked Jim Bug.

"They say you climbed the fence around Farmer Jones' orchard and bit a piece out of one of his apples."

"Oh, my!" cried Jim Bug. "I am discovered! What will they do with me?"

Then he began to run for his home. When he finally reached the house he rushed in out of breath.

"Oh, ma," he cried, "what am I to do? The police are after me for taking a bite out of one of Mr. Jones' apples."

"Hide in the cellar under the washtub!" exclaimed his mother.

So down into the cellar Jim Bug hurried and crawled under the washtub. He kept just as quiet as he could be-

HE BEGAN TO RUN FOR HIS HOME.

cause he expected a big fat policeman would come along at any moment and carry him off to jail.

Presently he heard his mother coming down the stairs.

"It's all right, Jimmie; it's all right!" she cried. "They are not coming to do anything with you."

"How do you know, ma?" he asked.

"Caterpillar has just been here and told me," she replied. "They were going to punish you, but changed their minds."

"Why, ma?"

"Because they found that you had only bitten a crab apple. They thought that would make you very sick and that would be punishment enough for you."

"I do feel rather sick under my shirt," said Jim.

"Well, I'll give you a dose of ginger and you'll be well in a little while," said his mother.

"That was the greatest scare I ever had in my life," said Jim. "I guess I won't eat any more apples that are not mine."—Pittsburg Dispatch.

Apollo, Pa., Sept. 29.—As the result of a head-on collision on the West Penn railroad Engineer A. E. Bennett, of Pittsburg, was killed, several head of cattle were destroyed and two engines were reduced to scrap iron.

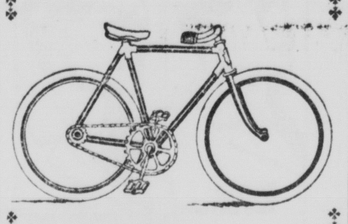
Lisbon, Sept. 29.—A severe storm swept over the northern coast of Portugal. Two fishing boats, containing 72 men, were wrecked. Sixteen of the fishermen were drowned.

An Ancient "Frickaise."

A manuscript cookbook of the year 1734 contains this recipe for "a frickaise:" "Take ye fowls, cut them in pieces and clean them season with peper & salt a little mace nuttmeg cloves some parsley, a little bit of onion. Let them lay 2 hours then flowr them very well, fry in sweet butter & make ye butter hott before you put them in. Fry a fine brown. Wash ye pan & put them in a gain with a pint of gravy. Lett them swimyer in ye gravy. Take the yolks of 3 eggs with a little grated nuttmeg & a little juce of lemon & 2 spoonfulls of wine. Shake it over the fire till it is as thick as cream, pour over yr frickaise and so serve it to ye table hott."



STOPPED ADVERTISING AND DIED

Several years ago the large bicycle companies of the United States formed a combination, or trust, and all the leading cycle companies were brought under a single management.

One of the first apparent results was the cessation of the large individual advertising campaigns which marked the progress of the individual companies. The trust used very little advertising and merely endeavored to popularize the names of its leading machines.

Some time ago this great concern, the American Bicycle company, went into the hands of a receiver.

Colonel A. A. Pope, who was the pioneer advertiser in the cycle field and whose Columbia wheels were for years the standard of perfection in bicycle production, says:

"The cessation of advertising killed the bicycle business, and the way to revive it is to resume that same important matter. You can see how I feel in the matter when I tell you that I spent $500,000 in one year in that sort of publicity and that it is my idea for the future—to advertise."

Cessation of advertising, as shown in this case, means a falling off of business, and there can be no better proof of the fact that a number of large advertisers competing for the favor of the public can stimulate a large trade, while one or two large advertisers fail.—Advisor.

You cannot stop advertising without injuring your business. Every time you leave your ad. out of this paper you are losing the effect of cumulative publicity and courting the fate of the bicycle trust.

THE CITY SOLICITOR SEEKS AN INJUNCTION

Goes to Lisbon to Present His Petition to Restrain Mayor and Board From Making Wyman Chief.

A RED-HOT FIGHT IS LIKELY TO RESULT

City Solicitor George E. Davidson left for Lisbon this morning to institute proceedings against Mayor W. A. Weaver and the members of the board of public safety to restrain them from appointing John Wyman as permanent chief of police. The solicitor charges several causes of action.

It will be recalled that an agreement equivalent to a temporary restraining order was reached when the solicitor had the case before Judge Ambler, at Canton, a few weeks ago, but the judge informed the solicitor that final action must be taken on the case in Columbiana county. The wishes of the solicitor were carried out by the action of the Canton judge, it being his only desire to stay the appointment until Judge Hole can hear the facts. It is the opinion of the solicitor that Judge Hole will decide in his favor. However, the defendants have the same amount of confidence and are absolutely sure that Judge Hole will look at the question from their standpoint.

As is well known, the solicitor bases his argument on the point that to appoint Wyman will be acting contrary to the provisions of the merit system, this system having been inaugurated so as to give the members of the police force an opportunity to rise in rank and pay by showing superior ability and that those in power have no authority to appoint Wyman, because of alleged solicitation.

The defendants will fight the case bitterly. They say that they have not been solicited and that they have a perfect right to place Wyman at the head of the department. It is expected that the case will be one of great interest,, no issue having caused more comment or excitement in the municipality since it became known that an endeavor was to be made to restrain Wyman. A large number of witnesses will be subpoenaed to appear in the case. During the past two weeks the attorneys for both sides have been working hard and some great arguments are promised.

A MYSTERIOUS WOMAN IN BLACK

Her Actions Upon the Bridge Have Puzzled All Who Have Witnessed Them. She Goes Armed.

In silks of jet black, a woman with black eyes and a wealth of dark hair, who, from appearances is in deep trouble, has been causing the employes of the East Liverpool bridge considerable worry and a little trouble during the past few weeks.

Her identity is being eagerly sought by the officers. She has made her appearance on the bridge at least three times during the week and though the officials of the bridge have applied themselves in every manner possible her name cannot be ascertained. To those who have approached her she has talked but little. They know no more about her now than when she first came upon the bridge.

The visits of the unknown have been made after dark. She walks to the toll house, pays her toll and then meanders slowly out to the center of the bridge. In each case she has stood for more than two hours leaning gracefully against the guard rail, peering with a vacant stare at the murky waters beneath her.

So dejected, lonely and heart-broken did the woman seem on the night of her first visit that Supt. Brown, after watching her strange actions for a short time, rushed out to her and exclaimed, "Woman, what on earth is the matter with you? Are you contemplating suicide?" Instead of offering an answer, the woman in black simply moved back a few feet from the railing and stepped a short distance toward the West Virginia side where she struck another attitude and remained for more than an hour.

On the evening of her second visit as she was returning from her mysterious jaunt, Night Watchman Spivey accosted her and said: "Lady, are you not afraid to be out on that dark bridge alone?" Her eyes flashed like fire and striking a defiant pose she condescended to answer. With a suddenness that frightened the watchman to the extent that he was sorry he had made inquiry, the woman grasped a huge revolver, which was hidden about her breast and flourishing it wildly in the air, cried out: "Me afraid, when I have such a weapon as this to defend me? I guess not. I am afraid of no one." That was enough for Spivey. He turned from her and allowed her to go without another word.

What possesses the woman to act so strangely is more than any one can surmise. She will be watched carefully in the future, the fear being that she will do something desperate.

THE DIVORCE MILL RESUMES OPERATION

A Salem Woman Gets the Matrimonial Knot Untwisted—Potato vs. Potato.

Lisbon, September 29.—(Special.)—The divorce mill resumed in court yesterday afternoon with two actions up for hearing, one from Salem and one from Leetonia.

Divorce was granted in the case of Susie Korp, of Salem, versus John Korp, the plaintiff charging extreme cruelty, neglect and infidelity. She alleged that her husband was guilty of unfaithfulness with an unknown woman in Salem on July 14 last and that he has been a frequenter of disorderly houses. She also charges numerous other offenses. With the divorce the plaintiff is given custody of her four minor children, John, aged 20; Mike, aged 17; Matilda, aged 16, and Lizzie, aged 13 years. The marriage of the parties took place in 1882 at Hermannstadt, Austria-Hungary.

After hearing the evidence in the case of Charles Potato, of Leetonia, against Bridget Potato, Judge Hole decided to take the matter under advisement, to give time to investigate as to whether the husband, who is an Italian, had made sufficient effort to locate his wife. The petition says the parties were married in Leetonia September 16, 1888, and that they have four children. The plaintiff charges that his wife left home on June 7, 1900, abandoning her children and has not been heard from since.

LARGE INTERESTS WERE INVOLVED

COURT'S DECISION IN HALLAM ESTATE CASE IMPORTANT.

Defendants Win Every Point and Thereby Save Many Thousand Dollars.

Lisbon, September 29.—(Special)—The case of A. G. Smith as administrator of the estate of George Hallam, deceased, vs. George Goodwin, William Kent and Jane Donkin, involving considerable interests in East Liverpool, has been finally decided in common pleas court by a decision of Judge R. S. Ambler, of Canton, quieting the title of the defendants to certain real estate.

The will of Hallam authorized Alex. McCoy and Frederick Croxall as executors to sell certain real estate and reinvest the proceeds with the consent of the widow, according to their judgment. Mr. McCoy died and Mr. Croxall having ceased to act as executor and A. H. Clark was appointed administrator de bonis non. As such Mr. Clark sold the real estate at what was then a fair value and the purchasers, the defendants in this action, and the present owners of the property, made valuable improvements on it. The plaintiff, Mr. Smith, who succeeded Mr. Clark as administrator, held that Clark did not have authority to sell and that his deed conveyed nothing; that the trust reposed in the executors named in the will was a personal one and did not pass to the administrator.

A demurrer to the plaintiff's petition was sustained by Judge Hole and the case was then tried by Judge Ambler, who sustained Judge Hole and held for the defendants on every point, giving them a clear title to the property.

An adverse decision would have caused the defendants to lose $20,000 to $25,000 by reason of improvements made by them.

TELEPHONE ISSUE TO BE DISCUSSED

Mass Meeting Tonight Interests Every Telephone Patron in the City.

THE COMMITTEE IS READY

To Report on the Progress It Has Been Making—Bell Company's New Schedule of Rates—The County Service Problem.

The mass meeting of telephone patrons to be held at the Y. M. C. A. building this evening will undoubtedly be largely attended. The result of the meeting will be of interest to every subscriber of both the Bell and Columbiana County telephones, the action to be decided upon affecting every one individually.

Since the telephone war was inaugurated in the county both companies have taken advantageg of every condition that would in any manner assist them, and are now making great efforts to gain the confidence of the people. As a matter of fact the Bell company has been on a comparatively easy bed, having nothing to lose and everything to gain, while the Columbiana County company has been on the anxious seat. The latter company, it is thought, will suffer a heavy loss, no difference what the action may be.

As is well known a committee of the Business Men's association and one of the lawyers have been working hard for two weeks in an endeavor to get the conditions fully in hand, and it is said they will be ready to make a full report this evening.

The Bell Ttelephone company has agreed to place' phones in the city at the following rates:

Business lines, single, $24 per year; two-party lines, $18.

Residence lines, single, $18; double, $15; four-party, $12.

The agreement of the Columbiana company is as follows:

For business, individual line, $24 per year.

For two-party line, business, $22.

For residence, individual line, $18.

For residence, two-party line, $16.

For residence, three-party line, $14.

For residence, four-party line, $12.

It has been decided by the business men of Salem, Leetonia and Lisbon to patronize the Bell exclusively, and it is thought several other localities will adopt it. In Salineville, it is said, that the people are ordering the Columbiana 'phones taken out by the score.

Manager Crossley, of the Columbiana County Telephone company, said today: "The impression that our telephones are to be thrown out and the Bell substituted is altogether misleading. The Bell people have done their best to spread this impression, and to get the endorsement of business associations on the condition that our 'phones be rejected. We have now in this county about 1,400 contracts on the new schedule of rates and our solicitors are adding to the number every day. That does not look as if we were to be driven out of business, does it?

"All we ask is fair play. It is all we have ever asked or intend to ask. The Bell people have forced us to get into the newspapers, something we have sought to avoid. We have made no war on them, but they are fighting up by unfair tactics. The people who have stood loyally by us in the past can be assured that we appreciate their patronage, and if they continue to do business with us we will do our best to treat them right and give them good service."

The question of county service is one of the most important to many of the telephone patrons, yet it is that point which the companies saying

FIRST MEETING TODAY OF ARBITRATION BOARD

Wells, of the Homer Laughlin China company, is representing the manufacturers and President Thomas J. Duffy, of the Brotherhood, is acting for that organization.

UNHAPPY TIES CUT BY COURT

AN EAST LIVERPOOL WIFE HAS BEEN GRANTED A DIVORCE.

A Husband in This City Also Secures Legal Separation from His Spouse.

Lisbon, September 29.—(Special.)—Two East Liverpool divorce cases came up for a hearing this morning.

Katie Rohrbaugh was granted a divorce from Talt Rohrbaugh and her maiden name, Katie Conner, restored. They were married March 21, 1902, and took up their residence with the husband's parents. They had lived together only about six weeks, when, the wife says, she was compelled to leave her husband on account of his conduct with other women and his failure to support her. She said he habitually absented himself from home and stayed out late at night with unmarried women, taking them to dances and skiff riding, telling his wife if she did not approve she could leave him.

The plaintiff further charged that her husband had been unfaithful, and named Rosie Marshall as co-respondent, and 252 College street as the place of the misconduct.

Arthur Green was divorced from Maggie J. Green on grounds on unfaithfulness. James Stewart, John Hulmes and Austin Tarr were named as co-respondents, and times and places in East Liverpool specified. The husband was given the custody of two children, Sarah A. and Alfred A., aged 9 and 7 years, respectively. The couple were married in East Liverpool in June, 1893.

SEARGH OF A MOTHER FOR MISSING DAUGHTER

Girl of 14 Suddenly Left Her Home Friday and Has Not Since Been Seen.

IT IS FEARED THAT SHE WAS KIDNAPPED

Haggard and worn, Mrs. Levi Burrows, of California Hollow, appeared at central police station yesterday and reported the mysterious disappearance of her daughter, Nettie, a pretty blonde of but 14 years. Mrs. Burrows had been in a distressing state of mind for three days and plainly showed the effect.

Never showing a disposition to roam in her short life makes the disappearance of the young girl more mysterious. She has always shown a tendency to remain around home and never did her mother have the least trouble in keeping her close to the family fireside. Her absence from home was first noted on Friday evening shortly after dark. The girl had been sent on a short errand late in the afternoon and though she failed to return at the necessary time to complete the trip, the mother thought nothing of it until a couple of hours had passed. She then gave the alarm and a diligent search was made for the missing daughter.

The search was in vain, however. All parts of the city where the child would likely be if she wanted to seek pleasure were applied to by the mother, but no trace of her could be learned. Until late that night the mother frantically continued the search and when she was compelled to give it up she was almost distracted.

There was no ceasing in the hunt of the mother during the following day and Sunday and yesterday as a last resort the distressed mother applied at the city hall for assistance. She said some one had told her that the daughter was seen in Jethro on Sunday, but she did not believe it. It is the opinion of Mrs. Burrows that her child has been kidnapped by local people, and she will persist in following all persons who would likely be her abductors.

Chief Wyman announced this morning that he would do all he could to assist the mother and would instruct the police to keep on the lookout for her.

THE BOND MATTER TO BE TAKEN UP

Council Expected to Wrestle With the Question Tonight—Pittsburgers Ask For Delay.

At the adjourned meeting of council to be held this evening the most important matters to be presented for consideration will pertain to the city's obligations. Some action will be taken towards getting the money for the sale of the $92,925 worth of bonds, and it is likely that every penny now in the treasury will be appropriated to pay the general running expenses of the city.

City Auditor Davidson this morning received word from C. R. Williams & Co., to whom the bonds were sold, asking him to defer action a few days. The company stated that the money market in Pittsburg is "frightfully close," and it would be impossible to furnish so large an amount at the present time. It is not known what council will do with the communication. The members have the assurance of Attorney George Gaston that a Cleveland company will take the bonds and furnish the money within four days after the sale. The treasury is in desperate straits and council will be terribly cramped in a few weeks unless something is done. To close the deal with the Cleveland firm it will be necessary for council to pay brokerage amounting to about $175, and though this seems like a good deal the councilmen are so badly in need of money it is thought they may come to a final agreement with the company in the near future if not tonight. It is the general impression of the body that the Pittsburg firm has only been trifling with the bonds, and unless it shows by tonight an evidence of good faith imperative action will be taken.

It is considered by council that it would be much wiser to get rid of the bonds, even if it does have to pay brokerage, than to await the receipt of the money and be compelled to pay $7 per day interest. Since the bonds were submitted to the Pittsburg buyers the interest has grown to enormous figures, and the councilmen are becoming alarmed.

A STOLEN OUTFIT WAS RECOVERED

Horse and Buggy Found in This City But the Thief Escaped.

The Hancock county authorities were yesterday put in possession of the facts in connection with a horse stealing scrape, and though their action was prompt, the owner did not succeed in having the thief punished.

The outfit was alleged to have been stolen from Ben Sharp, of Steubenville, and the officers were immediately furnished with a description of the horse, buggy and supposed thief. The information was as follows:

"Flat rump, heavy boned, 12 or 13 years old. Red running gear buggy, ¾ rubber tire, cushion, green top. Thief a young man about 18 years old; light brown hair, brown eyes, 5 feet 7 inches high; weight, 135 pounds; name, Joseph Latta."

Superintendent Brown, of the East Liverpool bridge, was furnished with a description of the turn-out, and with his help, the authorities succeeded in locating the missing rig at the barn of William Rayl, in East Liverpool. The thief had driven to the barn and arranged for the sale of the outfit for $10. It is supposed he immediately departed from the city. Mr. Sharp was made acquainted with the facts and will probably take his property home today.

HARD FOR CLARKE TO GIVE ANSWER

Some Questions by Chairman Dick That Will Prove to Be Posers.

WHERE DOES HE STAND?

Some Serious Objections to a Joint Debate With a Member of a Party Whose Political Principles Are Unknown.

Columbus, September 29.—(Special)—Chairman Dick has addressed the following letter to Democratic Chairman Charles P. Salen on the proposed joint debate between Hanna and Clarke:

I regret that candor compels me to say that I find some rather serious objections to the conditions of your proposal. There ought to be some such quality as mutuality in a joint discussion. I fear you have overlooked that phase of the case. Let me particularize. Mr. Hanna's party has but one set of principles, while Mr. Clarke's party has a vast assortment of principles, sounding the entire gamut from doctrine to dogma—Democratic, Populistic, Agrarian and Socialistic.

There is a tariff. How does Mr. Clarke stand on that issue? His party stands all over it. In New England it is for free raw material and for protected finished products; in Texas it is for protected raw material and for free finished products.

If Mr. Clarke is for free wool let him debate with Senator Bailey, of Texas; if he is for protected wool let him debate with Tom L. Johnson himself. If Mr. Clarke is in favor of free coal, let him debate with Mr. Gorman, the Democratic leaders of the federal sanate; if he is for protected coal let him debate with Mr. Williams, the Democratic leader of the house of representatives. Why should Mr. Clarke leave his own party to hunt up a tariff discussion? Would he swim the river to get a drink of water? And speaking of coal, Mr. Clarke might find in the Hon. David B. Hill, who favors government ownership of the hard coal mines, a Democratic adversary or a Democratic monitor, I have no means of knowing which.

Does Mr. Clarke favor a tariff for revenue only, or a tariff for revenue with incidental protection? Is he a Gorman tariff Democrat or a Johnson no-tariff Democrat? If he favors any kind of a tariff let him debate with Mr. Johnson, who is an absolute free trader and would repeal every tariff and internal revenue law and sell all the custom houses.

Mr. Clarke has all these strings to his bow and more, too. What chance does Mr. Hanna, who has only one string to his bow, have in disputation with such a man? Mr. Hanna stands pat. When Mr. Clarke joins a party that stands pat on anything, Mr. Hanna will talk with him.

Then there is the coinage question. How does Mr. Clarke stand on that? The absolution Mr. Bryan gave him would argue that he is not a standpatter. Indeed, Mr. Bryan says he is not. Then, if Mr. Clarke is really on the Kansas City platform and is bound to have a debate with somebody, let him hunt up the Palmer and Buckner platform and debate with that. If, on the other hand, he is still a gold bug he has no quarrel with Mr. Hanna on that score—ex-Senator Charles A. Towne is the man he is looking for, or the Honorable John J. Lentz might do in a pinch.

I would pray to be advised as to Mr. Clarke's attitude on the question of railroad taxation. Does he believe with Mr. Johnson and the Democratic state platform that—"steamroads and street car companies have for years been able to shift for themselves to the small home owners and the farmers of the state two-thirds of the taxation which in justice these corporations ought to bear?" Or does he stand by the argument which he filed with the state board of equalization, "that such property (railroads) is already assessed at a higher proportion of its value than manufacturers' property, than money and personal property, and even than lands in the state?"

Does Mr. Clarke stand on the Democratic state platform in its demand that the present laws for assessing steam roads and other public service corporations should be so changed as to compel the assessment of those properties at not less than their salable value as going concerns, which is Tom Johnson's so-called Wall street standard of value, or does he still agree with his declaration contained in the brief referred to: "That the Wall street measure of valuation should NOT be adopted, because it leads to excessive and fluctuating valuations, and to the capitalization of purely speculative elements not considered as property, the subject of taxation, as is decided in 171 United States 154."

Does Mr. Clarke still maintain the traditional lawyer's respect for the supreme court of his state, or does he join with Mr. Johnson in his assault upon that body as being composed of a lot of cheap country lawyers.

What has been Mr. Clarke's relation to organized labor? How does he stand on the "black-list," that capitalistic device for oppressing the laboring man? Does he adhere to the position he assumed in his brief filed in Railroad Company vs. Schaeffer, 65 O. S. Rep., 414, in which he maintained that a contract or conspiracy entered into by railroad companies is perfectly lawful though they contract not to employ men in railroad service unless they produce service record cards stating truthfully what their record was with the company last employing them? Does Mr. Clarke, the candidate, agree with Mr. Clarke, the corporation lawyer, that railroads and other companies may enter into an agreement among themselves not to employ persons who have engaged in a strike? Does Mr. Clarke still believe in the "black-list?" Does he agree with Henry George and Tom Johnson that the whole great organized labor movement is on a wrong line, a line on which no large and permanent success can possibly be won; because unions mean strikes, and strikes mean war, a war which necessarily denies a fundamental principle of personal liberty, the right of every man to work when, where and for whom and for what he pleases? The attitude of Senator Hanna on the labor question is well known. What is the attitude of Mr. Clarke, the candidate? How does Mr. Clarke stand on the single tax?

Where does Mr. Clarke stand on the "war amendments?" Does he believe in them or will he favor their repeal? Does he favor the white supremacy plank lately adopted by the Maryland Democratic state convention with its poorly concealed threat to entirely suppress the colored vote? Is he in harmony with Senator Tillman, who has boasted that whatever colored voters attempt to exercise the elective franchise in South Carolina, he will meet the attempt with a shotgun? If elected to the senate will Mr. Clarke join his colleague from Tennessee, Mr. Carmack, and vote for his resolution to repeal the Fifteenth amendment? Is Mr. Clarke willing to explain his position on these vital questions?

Where does Mr. Clarke stand on the Philippine question? Does he stand with Mr. Bryan when he was lobbying at the Capitol at Washington for the ratification of the treaty that ceded the islands to us? Or when later in the campaign of 1900 he advocated an "American protectorate?" or when still later he declared for their "absolute independence?" Does Mr. Clarke stand for any one or all three of these propositions?

Democracy today wears so many colors, appears under so many different shapes and forms, assumes so many disguises, that I feel it would be unfair to Senator Hanna to ask him to meet Mr. Clarke in a joint discussion until he is advised more fully as to Mr. Clarke's position on the subjects above alluded to, until he learns what particular brand of Democracy Mr. Clarke claims is his; until he knows whether he is expected to debate with Mr. Clarke, the corporation lawyer, or Mr. Clarke, the candidate for United States senator.

However, if Mr. Clarke favors any kind of a tariff let him hold a joint discussion with Mr. Tom L. Johnson. Again, if Mr. Clarke is not a believer in the Henry George single tax, Mr. Johnson is the man with whom he should debate. And further, if both these gentlemen will adhere to the widely differing views on railroad valuations for taxation which they presented before the state board of equalization not so very long ago, Mr. Clarke should certainly invite Mr. Johnson to meet him in joint debate.

Finally, if Mr. Clarke cares to discuss the currency question let him dig up the speeches he made in 1896 for the gold standard and debate with himself.

STORIES OF THE STREET

East Liverpool People Are Talking About It on Every Corner.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. Skepticism is allowable when reading in a home newspaper about some incident occurring in San Francisco or Philadelphia, but the circumstances are entirely different when it refers to some one right here at home, friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doan's Kidney Pills, home statements by home people, and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following:

Mrs. Edward Orr, of 220 Thompson street, says: "My sister, Mrs. Borlan, while visiting us, recommended Doan's Kidney Pills so highly that I was induced to try them. I had severe attacks of kidney complaint. Sometimes I was so bad I could not get up. Many times my neighbors came and found me lying on the lounge suffering when I intended doing a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. Pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendidly."

News and Notes About The Potteries

TWO GLAZES.

Of late the cyrstalline glazes, invented at Sevres, have been investigated anew and improved, so that they can be successfully applied with ease to large ware, botn stoneware and porcelain, says the London Pottery Gazette. In order to obtain the most favorable ratio between zinc oxide and potash and thus succeed in producing fine crystals, the following mixtures were prepared by Vogt:

	1	2
Anhydrous pottasium carbonate	138	69
Zinc oxide	168	202.5
Quartzose sand	360	350

and fused in crucibles in an oxidizing flame, the products being afterwards tested in varying proportions. The mixture found to give the best results was one consisting of 85 parts of No. 1 and 15 parts of No. 2.

These glazes may be applied to the biscuit ware, otherwise—especially in the case of porcelain—distortion is liable to occur; and the layer should be of sufficient thickness so that in the kiln an excess of the glaze runs down to the base of the ware, which is rested on a ring made of sandy earth.

The presence of zinc oxide necessitates firing in an oxidizing atmosphere, and the temperature must be as high as 1270 degrees C. in order that the development of crystals may be satisfactorily carried out, this result being also facilitated by gradual annealing.

A yellow crystalline glaze has been prepared from a fritt (No. 3) containing rutile, viz.:—anhydrous potassium carbonate 138, zinc oxide 162, quartzose sand, 300, rutile, 82 parts. By replacing rutile with pure titanic acid, a colorless crystalline glaze, differing from the first in the aspect of the crystals is obtained.

INCREASED IMPORTS.

The rise in prosperity of Egypt is shown by the increased value of the imports during the last few years. Glass and earthenware were imported from the United Kingdom to the value of $270,000 in 1902, against $110,000 in 1895. The imports of these goods from France and Algeria for last year amount to $370,000, against $260,000 for 1898.

GERMAN EXPORTS.

Germany exported last year 26,643 tons of white china ware and painted porcelain to foreign countries valued at $9,900,800. The United States is far in advance of all other countries in buying china from Germany, importing 10,463 tons, or 20 per cent of the total export. Great Britain holds second place, importing only 5,722 tons.

DRESDEN COLLECTION.

One of the choicest collections of Dresden china is owned by the American consul's wife at Dresden, Germany, Mrs. Cole. Her young daughter, Miss Edith Cole, is an enthusiastic student of Dresden's art and history.

TYPE FOUNDERS ON STRIKE.

General Order Issued Calling Out Members of Union.

St. Louis, Sept. 29.—Members of the type founders' union, numbering 75, are on strike. The trouble between the bosses and the union is said to be principally a matter of jurisdiction, wages to come in incidentally.

The strike is said to be in accordance with a general order calling out every member of the type founders' union in the country. So far as the bosses are concerned, the strike will be handled from the New York office of the American type foundry, which controls foundries in St. Louis, New York, Boston, Philadelphia, Baltimore, Chicago, Cincinnati and San Francisco. Outside of their company there are four independent foundries, all of which are concerned in the strike. The type founders' union belongs to the International Typographical union.

Up to the end of April type founders were working under an agreement which covered two years. Since that time, it is said, there has not been harmony between bosses and workmen. It is estimated that 1,000 skilled workmen are on strike through the country.

Cincinnati, Sept. 29.—The employes in the Cincinnati branch of the American Type Foundry company went out on a strike on orders from their organization headquarters in Chicago. The men say it is to be a general strike at all the type foundries in the country.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Alcohol in Liquid Kidney Remedies Complicates Disease.

W. D. RIGGS SAVED FROM BRIGHT'S DISEASE.

Aug. 21, 1903, Mr. Riggs, of 648 West 9th St., Cincinnati, O., *wrote: "I suffered for some time with severe pains in my back, caused by kidney disorders. I had many of the symptoms leading to Bright's disease. I sought relief by consulting druggists and physicians without avail. I obtained some of your booklets and permitted myself to be led to purchase a package of Dr. Pettingill's Kidney-Wort Tablets as an experiment. I tried the first package and was relieved at once. I shall always use them if the same trouble occurs again."*

Because the Tablets can be carried in the pocket, and taken frequently and regularly, an astonishingly large number of men and women have been cured of kidney diseases that seemed hopelessly fastened on them.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. Get your morning urine stand 24 hours. High color, cloudy or reddish sediment means kidney trouble.

Has your urine, your back, your general health led you to wonder if your kidneys are sound? Write Dr. Pettingill, Burlington, Vermont. Give him your symptoms, he will advise you free.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chanceville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. *The doctor who attended me said I had lung trouble, and that I would never be well again.* At last I concluded to try Doctor Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can *run* with more ease than I could formerly *walk*."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to cover expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

FAREWELL RECEPTION TO MISSIONARY AND WIFE

Notable Social Function at Second U. P. Church for Rev. H. C. Chambers And Wife.

One of the notable functions of the year was the reception tendered to Rev. and Mrs. H. C. Chambers at the Second United Presbyterian church last night by the members of the congregation. The reception was planned some weeks ago as a farewell to the minister and his wife, who are to sail on next Saturday from New York for India, where they will engage in missionary work. Rev. Mr. Chambers has been known to the people of the East End since boyhood and he is highly respected and esteemed by all. While Mrs. Chambers has not had the years of acquaintance she is as well liked and respected.

The spacious edifice was filled to the very doors by the friends of Rev. and Mrs. Chambers and all listened with eagerness to the address of Rev. Dr. Taggart, who had been Rev. Mr. Chambers' pastor. The speaker dwelt touchingly on the old days. Rev. W. H. Glasgow, of the U. P. church, Wellsville, talked briefly but entertaingly of missionary work in general and expressed the appreciation of the presbytery over the sacrifices the missionary is making to take up the work. Miss Margaret White, in behalf of the Young People's society of the church, spoke feelingly of the missionary work and the part the young people take in it. Mrs. Elmer Ralston, president of the Ladies' Missionary society, presented the quilt made during the summer by the society for the missionary and his wife. Mrs. Ralston's speech was well prepared and nicely spoken. The quilt, which is a fine one, contains the names of each member of the society worked upon the pieces.

Rev. Mr. Chambers and wife left this morning for Pittsburg to attend the reception at the Sixth U. P. church to be given tonight in their honor. Wednesday night they will be guests of honor at a reception in Philadelphia. They sail from New York Saturday.

THE NEW MINISTER NOT A STRANGER

Rev. Mr. Lloyd, Who Succeeds Rev. Mr. Orcutt, Preached Here Last Winter.

The announcement that Rev. S. P. Lloyd, of Wintersville, had been appointed to the pastorate of the Erie street Methodist church by the East Ohio conference came as a complete surprise to the members of the congregation. While it was generally known that Rev. G. W. Orcutt, whose efficient work as pastor for the past three years has endeared him to all, was to be given aother charge, the identity of his successor was a mystery until the list of appointments was given to the public. Even 'Squire L. W. Carman, who was the lay delegates to the conference from the Erie street church, did not know who was to be selectel.

Rev. Mr. Lloyd is not a stranger to the members of the congregation. Last winter he came to the East End from Wintersville to assist Rev. Mr. Orcutt in a series of evangelistic meetings at the church. Rev. Mr. Lloyd preached several sermons and they delighted the congregation. He is also a very fine vocalist, an accomplishment that will be greatly appreciated. Dr. William Calhoun and Rev. Mr. Lloyd were schoolmates and Dr. Calhoun speaks very highly of him.

A Dollar Social.

A chance to enjoy a pleasant evening will be provided by the members of the congregation of the new Second Christian church, the function to be in the nature of a dollar social. The proceeds are to be used in paying for the plastering of the edifice, and those who contributed $1 for this purpose will be entitled to supper free of charge. Those who cannot give that amount can help by patronizing the supper, which will be served during the evening. A fine musical and literary program will be rendered and the admission to the church will be free.

Officer Fisher Visited Home.

Officer Jay Fisher, who has been at Mercy hospital, Pittsburg, for the past week, taking the Pasteur treatment, was a visitor in the East End this morning. He is not suffering any ill effects from the bite of the canine and the treatment he is taking is intended solely as a precautionary measure. He is resting at the hospital and enjoying the enforced vacation. He returned to Pittsburg this morning.

EAST END AFFAIRS.

Henry Nininiger is moving his billiard parlor into the new quarters recently fitted out two doors north of the old establishment.

F. B. Fellows, of Maple street, returned last night from a visit to Long Bottom.

Miss Phoebe Beal, of Hookstown, is visiting her brother, William Beal, of Mulberry street.

W. S. Snowden and wife left last night for Clark Center, Ill., where they will visit with relatives.

Mrs. Thomas Ramsey, Sr., and daughter Ethel, returned last night from a visit with Lisbon relatives.

A. P. Myler, district deputy of the Ben Hur tribe, was handed a fine quilt yesterday by Mrs. McBane, he holding the lucky number in the raffle conducted by that lady.

James, the 8-year-old son of Mr. and Mrs. Ed Wilson, of Mulberry street, who has been in a critical condition since Saturday with brain fever, is reported somewhat improved today, though still in a very serious condition.

Pure, rich blood means health and strength—thin, impure blood makes paleness, anæmia, weakness, nervousness and disease.

One reason why Hagee's Cordial (with Hypophosphites of Lime and Soda) does so much good, in cases of nervousness, sleeplessness, indigestion, mal-assimilation, rheumatism, skin diseases, blotches and weakened conditions, is that it purifies and enriches the blood—feeding impoverished nerves, strengthening every organ and building good, sound flesh.

Hagee's Cordial contains all the good of cod liver oil. It is a thin, fluid cordial, pleasant to taste and smell.

A NEW CANAL TREATY

May Be Authorized by Colombian Congress Which Will Prove Acceptable.

PRESENT BILL DOOMED TO DEFEAT

Minister Baupre Reports No Change in the Situation—New Congress Will Favor Canal—Abandonment of Project Not Countenanced.

Washington, Sept. 29.—The department of state received a cable message from Minister Baupre, dated Sept. 27, 8 p. m. He reports that there has been no change in the situation in respect to the canal matter. A second debate on the bill reported by the committee is expected within a few days, and it is thought it may be defeated. The present outlook is for some amendment of the reported bill.

Much interest is taken in Washington in what the Colombian senate will do with the canal proposition now that the Hay-Herran treaty has failed. It is known that Colombia is anxious to keep alive the canal negotiations, state department officials having received information to that effect from the Colombian government.

The bill now before the senate of Colombia, as understood here, is the one reported by a committee of that body. It contained treaty provisions that would be entirely unacceptable to this government. Minister Beaupre's dispatch expresses the belief that the bill may be defeated and also that it may be amended. The form the amendments take is regarded as the important thing at present.

In some quarters the opinion is expressed that by amendment President Marroquin may be authorized to negotiate another treaty along certain lines laid down in the proposed bill, which would permit of an adjustment of the differences of opinion held by the United States and Colombia.

This convention, if one should be agreed upon, might be laid before the new Colombian congress, which comes into existence next summer. Meanwhile nine new senators are to be elected in that country, and it is suggested that an effort will be made to elect men favorable to the treaty. Those who retire are said to be opposed to the present treaty.

ONE PEACEFUL SESSION.

Bridgeworkers Managed to Transact Routine Business at Kansas City.

Kansas City, Sept. 29.—The sessions of the International Structural and Bridge Workers' association were taken up entirely with routine affairs. President Buchanan made an appeal for harmony and his talk had the effect, at least temporarily, of quieting the troublesome New Yorkers.

The sum total of the day's work was the granting of a charter to the architectural iron workers of Chicago, a strong labor body, which has, perhaps, 6,000 members throughout the country, and a decison to send delegates to the Building Trades alliance to be held at Indianapolis next month. An important petition, presented by half a dozen western locals, recommended that the convention take some action to force certain western railroads to pay standard wages or to let their bridge work to contractors who are fair to organized labor.

Glass Companies Compromise.

Muncie, Ind., Sept. 29.—There was a compromise in the fight between the Federation Window Glass company, of Columbus, O., and its constituent company, the Mississinewa Co-operative company, of Wheeling, Ind., which threatened the dismemberment of the big federation. The Mississinewa company withdraws from the federation and will get its $3,000 guarantee fund back. The federation withdraws grand larceny charges against the Mississinewa officials.

Notified of Renomination.

New York, Sept. 29.—Mayor Low, Comptroller Grout and President Fornes, of the board of aldermen, were officially notified of their renomination for the offices mentioned by the Citizens' Union and Republican city conventions. Everett P. Wheeler made the notification on behalf of the Citizens' Union, and Timothy L. Woodruff on behalf of the Republican organization. The nominees accepted the nominations.

Suicided in Jail.

Jackson, Ky., Sept. 29.—Elijah Bolin committed suicide in jail by taking morphine. He was held over for examining trial before Judge James Hargis to the grand jury without bail for the murder of Boyd Griffith last week. His brother was indicted at Cynthiana for perjury for his testimony for the defense in the Jett-White murder case. It is not known who furnished him with the morphine.

Porto Rico Schools Open.

San Juan, Sept. 29.—Twelve hundred schools in Porto Rico opened Monday and 60,000 pupils were received. But three times that number of children were enrolled and the struggle for preference was very great.

Sentenced for Life.

Guthrie, Okla., Sept. 29.—Mitchell Boubedoux, charged with the murder of David Tohee, formerly chief of the Iowa tribe of Indians in Oklahoma, has been found guilty of murder and sentenced to life imprisonment.

Telephone Contest Warm.

Lisbon, September 29.—(Special.)—The contest between the Columbiana County and Bell Telephone companies' solicitors here continues. From present appearances the Lisbon Business Men's association may be compelled to recede from its position in adopting the Bell to the exclusion of the Columbiana County 'phone and use both systems as the Columbiana County company's solicitors claimed to have signed 135 contracts here.

Secretary Shaw is looking after the financial situation, and is prepared to relieve any stringency which may present itself. As the circulation in the past few months has been larger than it ever was before, there is no need to have a stringency. The per capita circulation is almost $30 now, while it was $21.10 in the middle of 1896. The talk about stringencies looks silly. Most of those who are shouting for an increase in circulation are speculators, who want money to be made more plentiful as a means for them to conduct their cornering operations with a little more safety to themselves. Legitimate business interests have all the money they need.

Chicago is again calling attention to the fact that she is a marvel among the cities of the earth. The centennial she is holding does not commemorate the founding of Chicago, however, but the location of Ft. Dearborn on its site. Chicago was not laid out as a town until 1830 and had only 4,440 inhabitants ten years later.

The telephone is a modern business necessity. We could scarcely get along without it. But a good many East Liverpool people, having tried the experiment of maintaining two telephones in their residences or places of business, have reached the conclusion that one is enough for all practical purposes. They will doubtless turn out numerously at the meeting tonight to hear the propositions of the rival companies and decide which shall be accepted. It is purely a business proposition, and should be settled on a business basis. Every telephone patron who can ought to attend the meeting.

The Alaskan gold fields are reported nearly exhausted. But in their place comes a discovery of tin, likely to prove equally valuable. Uncle Sam made no mistake when his expansion policy took in a slice of the frozen north.

The Paris Society for the Prevention of Cruelty to Animals is wrestling with the question, Is the fly a domestic or a wild animal? Be that as it may, it has the ability to set people nearly wild.

The university of St. Louis has elected a woman as professor of languages, and the papers are mean enough to say that its action is in accord with the eternal fitness of things.

The Filipino is rapidly becoming civilized. He takes to base ball like a duck to water. Fortunately for him, he has not yet been introduced to foot ball.

King Peter has just had a cabinet crisis, but such things don't worry him as long as he can be reasonably sure that there is no poison in his hash.

Shamrock I. is to be used by a Brooklyn firm for transporting scrap metal. This is even worse than hitching a once great trotter to a plow.

Tom Johnson still holds to the theory that all taxes shall be levied on land. The rural vote he will get will surprise him by its smallness.

Another 2,000,000,000-bushel corn crop makes any deficiency on the Wall street bargain counter look insignificant.

Tom Johnson is now advocating a two-cent car fare. Of course it is an issue that will be dropped after the election.

Jefferson county's criminal record is getting to resemble a chapter of Missouri history.

The burning question, "What's the score?" is about to be shelved for another year.

OBITUARY

John A. Mayes.

The many friends of John A. Mayes, of Sarah street, were shocked upon learning of his sudden death, the result of only a week's sickness with typhoid fever. He died at his home Sunday morning and was buried after a short funeral service in Riverview cemetery yesterday afternoon.

John A. Mayes was 42 years of age. He was known as an expert gardener and for some time prior to death was employed on the farm adjoining Thompson's park. He was married twice, the first time to Miss Rebecca Dickey, of Middleton township, who died 19 years ago, and the second time to Miss Anna Crawford, of St. Clair township, who died about two months ago. Two boys by the first wife, Urban and Howard, and two boys, Roy and Wilson, and two girls, Ruby and Viola, children of the second wife, survive him.

John Koch.

Lisbon, September 29.—(Special.)—John Koch, an old and respected resident of Columbiana, died at his home in that town early Sunday morning of neuralgia of the heart, with which he was suddenly stricken about 24 hours before. He was born in Germany in 1829 and came to America when a young man. He had lived in Columbiana 50 years. Four sons and three daughters, all of Columbiana, survive him, as follows: J. Henry, Paul M., Solomon and Theodore, and Miss Leah, Mrs. George Webb and Mrs. H. P. Myers. Funeral services were held at the late home this afternoon at 1 o'clock, with burial in the Columbiana cemetery.

Death of an Infant.

AT THE THEATER

That greatest of all pastoral plays, Denman Thompson and George W. Ryers' "Our New Minister," will again hold the boards of the Grand. It is a succession of laughs, linked by moments of pathos, the fun is never foolish, nor is the pathos allowed to become tedious. It is a wholesome, natural story of country life, and in the illusion that is created the auditor fancies he is looking at real people doing real things. "Our New Minister" is certainly a new variation of the theme of the pastoral drama, and if the size and enthusiasm of the audiences, everywhere, is any criterion, it has set a hot pace for its competitors in the bucolic field. All the favorites of last year's brilliant cast are re-engaged, and this season a magnificent scenic production is carried.

"Uncle Josh Spruceby," a New England comedy drama, now in its eighth successful year, will be presented by a big company of 20 people at popular prices, Wednesday evening. A big band and magnificent orchestra accompany the troupe, and the occasion will mark a revolution in amusement prices. The novelty of seeing a big legitimate production with all its wealth of special scenery, working mechanical effects and a competent company in an enjoyable play assures a packed house. 10, 20, 30, 50c.

"His Nibs, the Baron" proved an amusing and good production, and was witnessed by a large audience at the Grand last evening. Miss Belle Gold is hard to excel in her line, and her support was fine. It was a very laughable and enjoyable performance.

Noted Artist Dead.

New York, Sept. 29.—John H. Dolp, the artist, who has sometimes been called the Landseer of America, because of his work as an animal painter, is dead of heart disease. He was born at Fort Ann, N. Salen Writes Another Letter.

Always Reliable

We are not trying to establish a reputation for "lowest cut rates." We are not trying to make the biggest show. We do not claim the earth. Our ambition now is just what it was years ago—to deserve the reputation of always being reliable. We won that reputation honestly and it cannot be taken away from us. In drugs reliability is the most important consideration.

WELLSVILLE

STOLE A RAIN COAT

Unknown Man Gets Away With Householder's Property, But Is Recaptured.

While walking down the street yesterday morning a stranger noticing a fine rain coat hanging in front of Byron Householder's store, took it from the hook and started down street. He dropped into Pat's lower place and sold it to a man named Thomas for 75 cents.

Householder soon missed the coat and the police were notified of the theft. Officer Canaday located the man who bought the coat and got it, but the thief eluded his search.

Just at noon Householder and Darby Davis brought the fellow into the mayor's office and had him locked up. The fellow had been in Householder's store early in the morning to buy something, but had no money and when Householder missed the coat he at once suspected the stranger, who after selling the coat and investing the proceeds, came again to Householder's to buy a handkerchief and perhaps really to steal more goods. He was recognized and arrested.

The fellow said he came here to work on the grade for the C. & P. He was very drunk and claimed he had been robbed of his clothing, even to his shoes in East Liverpool Sunday night, and that parties here had given him a new outfit.

Mayor Fogo had him locked up till he gets sober.

HOUSES IN DEMAND

Dwellings to Rent Are a Very Scarce Article in Wellsville at Present.

Wellsville is badly off for houses to rent, and few if any can be found in the central and eastern parts of the city, while there are only a few in the West End. The demand seems to be unusually heavy for this season of the year and more than one family has been compelled to remain in their former homes, who desired to move to this city where the man of the house is employed.

All of the Wellsville industries are now working at their full capacity and new industries are about to begin operations here. Everything seems to point to an enormous growth for the city during the next year and but for the one drawback, the scarcity of houses, the city would rapidly increase in population and would soon reach the 10,000 mark.

All carpenter contractors are working hard on new houses all over the city, but the new houses are rented long before they are completed and this accounts for the lack of rentable dwellings. It is hoped that the situation will be relieved soon so that nothing can prevent the rapid growth of the town.

DO NOT DOSE THE STOMACH

Cure Catarrh By Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but $1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Will Reed has sold a great many Hyomei outfits and the more he sells, the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

A NIGHT SCHOOL

In Which Stenography Will Be Taught Likely to Be Established in Wellsville.

If present plans materialize, and there is no reason why they should not, Wellsville will soon have a night school in which stenography will be taught, an institution which has long been needed in this city.

J. R. Ryder is at the head of the project. He is at present employed as assistant at the office of Chief Train Dispatcher Rogers at the Third street C. & P. depot. He proposes to manage the school and do the teaching and has partially entered into negotiations for a room on Main street near Fifth, which he will have fitted up as a school and fully equipped.

Mr. Ryder has had years of experience in this line of work, and is an expert in the art of shorthand and typewriting. He has been connected with a number of the large railroads throughout the country, being connected in his present capacity with the Lake Shore road at Cleveland before coming to this city. Mr. Ryder was graduated with high honors from the Phonographic Institute of Cincinnati, where he first took up his work. He proposes to teach the Pitman system here.

DESIRES TO MEET THE ROVERS AGAIN

Manager of the Oaklands Proposes to Play for $100 And the Gate Receipts.

Manager Harry Weaver, of the Oaklland foot ball team, defeated yesterday at the West End park by the Rovers, is not satisfied that the one game should settle the question of supremacy between the two teams. The players feel the same way and are anxious for another game. The Oaklands have a game for next Saturday with Sebring and the Rovers are to play a Empire, and in consequence several weeks must elapse before another game can be played.

Manager Weaver called at the News Review office last night and posted a $5 forfeit for another game. He wants to meet the Rovers on neutral ground for a purse of $100 and the entire gate receipts, the grounds and officials to be mutually agreed upon. If the Oaklands fail to make good on the challenge the forfeit is to go to the Rovers. The proviso is made that the game be arranged on or before October 24. The Rovers have until Saturday night to accept or decline, when the money will be withdrawn if they are not heard from.

THE CHILD FELL FROM A TRESTLE

Little Girl Breaks Her Ribs And Is Otherwise Badly Injured.

Bessie, the little daughter of Mr. and Mrs. John Marshall, was badly injured by a fall from a trestle on the Pan-handle railroad last evening while on her way from the postoffice to her home in the upper end of town.

Leaving school, the little girl went to the postoffice, where she procured a letter from her father, now in Mobile, Ala., on business, and it is supposed she opened the missive in order to ascertain if he was well. While passing along the track intent upon the letter the child fell a distance of nearly 12 feet and sustained severe injuries. She was taken to her home and Dr. G. E. Lewis called. The doctor found two ribs had been fractured and that she was otherwise badly bruised. Her left arm was skinned and bruised, and it was thought internal injuries might have resulted, though it was impossible to tell at the time.

ATTEMPT TO STEAL VALUABLE DOG

Strangers Took Possession of Dr. J. E. Toot's Canine, But Were Frustrated.

An attempt was made yesterday to steal a valuable dog belonging to Dr. J. E. Toot, of East Liverpool, and the scheme would doubtless have been successful had it not been for the prompt action of the men in charge of the bridge. Dr. Toot had placed his valuable hunter in the care of a Chesterman, and he had been kept at the Stewart farm a short distance south of town.

Early yesterday morning two men said to be Charles McClure and a man named Wallace, came over the bridge from West Virginia having the dog in their possession. Their actions aroused the suspicions of the men in charge of the bridge, and the party was stopped. The men failed to give a satisfactory explanation of how they came in possession of the animal, and it was returned to the owner.

ANONYMOUS WRITER ANNOYS THE MAYOR

He Gives Her a Notice Which Can Be Easily Understood.

Mayor J. S. D. Mercer, of Chester, has been annoyed by an anonymous letter and this morning gave out the following statement, which any one will understand without difficulty:

"The writer of a letter addressed to Mayor Mercer, dated September 29, and signed 'A Mother and a Lady,' will confer a favor on the party addressed if they will call at my home and the matter spoken of in the letter will receive immediate attention. If the writer of the letter is as she calls herself a lady,' she will have the courage to do this, or the matter will receive no more attention from me.

"J. S. D. MERCER,
"Mayor of Chester."

STILL MORE ROOM

Is Needed for the Schools of Chester and Will Be Provided.

The board of education of Grant district held a meeting at the office of Justice A. G. Pugh this morning, and several matters were discussed and disposed of. Owing to the cramped condition of the present quarters, enlarged as they have been, it was found that it would be absolutely necessary to fit up and open another room. The department will be in Central building on the hill and work upon its arrangement will be commenced at once.

The other alterations proposed will necessitite the providing of another room for the superintendent. Prof. Miller has to the present been occupying an office in the central building, but it was decided to equip a building for his use near the central building and this task will be finished within a short time.

The scarcity of teachers has been puzzling the board for some time, and the matter was discussed this morning. It was determined to go to the south end of the county and induce a sufficient number to come here. At least four will be needed and they will be hired from that district.

TRAINMAN LOST MONEY IN PECULIAR MANNER

The Pocket of Frank O'Brien Picked By a Cow and He Is Now Out $30.

Frank O'Brien, a bridge contractor on the C. & P., who lives at Toronto, lost $30 last week in a most peculiar manner, and one that is not often repeated. O'Brien is well known in East Liverpool. For several weeks O'Brien has been working on the main line of the road near Hudson, O., where the C. & P. is doing considerable new work. Last Friday he received his wages for the month, amounting to $90. The money was in paper and being in an envelope, he placed it in his inside vest pocket. When the sun came out clearly he removed his vest and hung it on a fence post about 50 yards from where he was working. He then resumed work and about noon when he again went after the garment he found a cow standing at the post gulping down the last piece of the vest. O'Brien got to the post in time to see the garment disappear entirely.

He then realized that he had lost $90, besides a few nails, clippings and matches that were in the vest and hadn't a cent to pay his board bill. At first he decided to take the loss cheerfully, but towards evening he hit upon a new plan. He went to the farmer who owned the cow and offered to buy it. The farmer asked $50 and O'Brien got the money and paid it over. Then he took the cow to a nearby butcher and killed it. Inside he found his vest well chewed up, but the money was still in the pocket intact, except the outside $10 bill, which could not be saved and had to be thrown away. Now O'Brien is out only $60 except $90 as he at first thought he would be. He had the $30 to pay the past month's board bill.

O'Brien was at his home yesterday and he does not seem to worry over the loss, but rather is tickled over the way he recovered part of his money.

DEATH OF HENRY D. LLOYD.

Well-known Writer Passes Away at His Home in Winnetka.

Chicago, Sept. 29.—Henry D. Lloyd, a well-known writer on economic subjects, is dead at his home in Winnetka. He was born in New York city May 1, 1847.

From 1869 to 1872 Mr. Lloyd was assistant secretary of the American Free Trade league, organized by William Cullen Bryant, David A. Quells and other prominent reformers. He took an active part in the organization of the Young Men's Municipal Reform association of New York in 1870, which contributed materially to the overthrow of the Tweed machine in that year.

Mr. Lloyd came to Chicago in 1872 and until 1885 occupied a position as an editorial writer on the Chicago Tribune. Since then he has devoted his time to the publication of articles on labor problems in the current magazines.

Ruhlin and Carter Fight a Draw.

Philadelphia, Sept. 29.—"Kid" Carter and "Gus" Ruhlin fought a hard six-round draw at the Washington Sporting club. Carter was the aggressor in five of the six rounds, but Ruhlin evened matters up by giving the most punishment. In the fourth round Carter was sent to the floor and took the count and in the sixth round Carter struck Ruhlin a stinging blow which cut the latter under the right eye.

REALM OF SPORTS

OAKLAND BEATEN BY THE ROVERS

First Football Game of the Season Brought Out a Big Crowd.

A VERY EXCITING CONTEST

A New Star Developed During the Game—Excellent Playing By Members of Both Teams—Final Score, Rovers 5, Oakland 0.

Fighting desperately to regain the advantage that resulted to their opponents in a play that neither team anticipated, the Oakland Athletic club was defeated in the first gridiron contest of the season yesterday afternoon at the West End park, the final score being 5 to 0. It was a most auspicious opening for the foot ball season and the large attendance clearly indicates the general interest manifested in this great sport. More than 500 persons assembled upon the field and in nearly every breast there burned a fierce fire of loyalty for one or the other of the elevens. There were Oakland rooters in abundance, equalling those of the Rovers, although the latter were in their home grounds.

Never in the history of the game in this city has there been a more exciting contest. Every inch of the ground was resisted with a desperateness which showed determination of the players to win. The long existing rivalry between the teams was to be settled and each of the teams desired the name of victors.

The two teams lined up for a few minutes' practice before the kickoff, and it could be seen that the Oaklands had a shade the better of it as to weight, but this advantage was offset by the Rovers' better team work. The heavy line of the Oaklands showed to advantage in the game, as did the fleetness and drilling of the Rovers. The Rovers were not as successful with end runs, for which they have become noted, as they were in the games of last season. Though the line was heavy Cartwright was sent against it repeatedly and helped by good interference he gained oftener than he was held.

One result of the game was the development of a new star, Mountford, the high school boy, who played left half for the Oaklands. One mistake, however, was made in entrusting him with the direction of the plays. It was his first game in fast company and he could not have been expected to show the best of generalship. His greatest mistake was in not taking more chances during the last few minutes of play with the score 5 to 0 against him. His work as left half was the most brilliant of any of the 22 players. He went through the tackles repeatedly and his defensive play was as great as his offensive. His drop kick from the Rovers' 40-yard line to the goal was the prettiest single feature of the game and with a little more steam behind it the kick would have been good for a field goal. Orr played a great game at fullback for the Oaklands and Bittner was there with the goods at left tackle. Weikert came in for a pretty play when he downed "Carty" for a loss on an end run.

For the Oaklands, Cartwright deserves a great deal of praise. The big fellow played hard at all stages of the game and the way he hit that heavy line was great. Hardie was out of his regular position at right tackle, but he played a star game. Young Robbins maintained his reputation as a good field general by his work as quarterback.

Dr. Thomas McClure, of Wellsville, and W. Knox, also of that city, who were selected by the News Review as referee and umpire for the game, had the teams lined up and ready to play within a few mintes of the appointed hour.

The Rovers won the toss and Captain Hardie decided to defend the east goal. Orr kicked off to the Rovers' 30-yard line. J. Hester went through the right tackles for 5 yards and Cartwright hit center for 4. Coleman tried it around the left end, but he was downed for no gain. Oaklands' ball on downs. Mountford made 3 yards through center, but the Rovers held for the next two downs and it was their ball. On the first down there was a mixup in the signals and Robbins was carried back for a 7-yard loss. Cartwright regained 2 through the left end. Cartwright punted to Oaklands' 30-yard line and F. Coleman fell on the ball. Hardy went around the right end for five yards. Jones carried for 4 and Tyson went through for 1. Cartwright bucked and gained 4. Cartwright was tackled for a loss of 3 yards and the ball went to the Oaklands on downs.

Young Mountford commenced to get in the game at this point. Slight gains was all either side could make and both had lost on downs. Mountford, with good interference went through the right tackles for a 10-yard gain. Orr followed with a gain through the left tackles for 8 yards. Angle made 4 and Mountford a gain for 3. Orr went through the left tackles for another 8-yard gain and through center for 2 yards.

Then the Rovers held for downs. They fumbled, however, and it was the Oaklands' ball again on the Rovers' 25 yard line. Mountford made 5 yards around left end and then the Rovers held. Referee McClure set the Oaklands back 10 yards on the next play, a penalty for their quarterback carrying the ball in front of the line. With this loss the Oaklands had 15 yards to gain. Orr made 2 and then Mountford drop-kicked to the Rovers' goal line. Cartwright took the ball and was downed almost in his tracks. The Oakland line held against a center scrimmage and Cartwright punted, Hardie getting the ball. Coleman went around left end for 1 yard and Hester hit center for 3. Cartwright hit the line for 2 yards, the last scrimmage of the half.

Hendricks went in for Miles in the second half. The Rovers had the same lineup. Oakland defended the east goal and Hardie kicked off to their 30 yard line. Mountford went through for 5 yards. Referee McClure penalized the Rovers 10 yards for off side play. Mountford for the first time failed to gain. Orr went through the left tackles for 4 yards and made 5 on the next scrimmage. Hendricks carried it for a yard and Mountford had it again for 5 yards, around the right end. Oakland was taking the ball up the field nicely. Orr was sent through the right tackles again for 3 yards and Mountford hurdled the line for 8. Mountford made a small gain but the Rovers held again and Oakland lost the ball on downs. With the gain to make on the last down Mountford should have called for a punt. Hardie was sent back 4 yards and Cartwright regained 2. With 7 yards to gain on the down Cartwright punted, the play Mountford should have made. Orr took the punt on the 30-yard line, but he was tackled by Tom Hester and both lost the pigskin. In the scrimmage there were three other fumbles and Cartwright came up in time to nail the ball and he went on over the line for a touchdown, the only score of the game.

Cartwright failed to kick goal. Score, Rovers, 5; Oakland, 0.

Mountford had the Rovers kick off to Oakland and Hardie sent the ball to the 30-yard line. Mountford gained 10 yards and the Rovers held on a center buck. Orr went through right end for 12 yards and Mountford lost 7 on a try around left end. Orr then went to right tackle in place of Miles and Mylar went in as fullback. Mylar went through center for 6 yards on his first scrimmage, but the game was over. The lineup:

Dear Sirs:—The discovery in this city of a new diuretic is saving thousands of lives. It is hard for people to believe who are not eye witnesses. You as a brother druggist well know that up to this time chronic Bright's Disease and Diabetes have been necessarily fatal. It is so no longer. And I not only know this by being on the ground, but I was also one of the patients. I had both Bright's Disease and Diabetes and looked upon death as inevitable. I was so prejudiced I wouldn't buy the new treatment. I couldn't believe it. So they gave it to me to prove it. I not only recovered, but have since given it to somewhere near fifty patients and know of only three or four failures.

I am a pioneer druggist of this city; have been doing business on my own premises for 48 years, and I now declare to you on the honor of a brother pharmacist the absolute curability of these dread diseases in about nine-tenths of all cases. I understand the business men who are placing it before the world have appointed you to represent them in your city, and I beg to tell you that there are lives to be saved and friends to be made.

Yours sincerely,
CARL D. ZEILE.

We sent for the Fulton Compounds to which the above refers and now have them in stock. They are the first cures the world has ever seen for chronic Bright's Disease and Diabetes. Free pamphlet.

WAR CLOUDS LIFTED

Apprehension of Bulgarian Government Lessened by Porte's Assurances.

PREMIER REPLIES TO COMMITTEE

Answer Not Very Satisfactory—Instigator of Massacres Receives Decoration—Orders Reported Issued to Shoot Captured Bulgarians.

Sofia, Bulgaria, Sept. 29.—The situation here is much brighter and the war clouds appear to have lifted. The porte's asurance that the 32 battalions recently ordered to proceed from Monastir to Adrianople will not be moved has lessened the apprehensions of the Bulgarian government. Further satisfaction is derived from the fact that M. Natchovitch is going to Constantinople in the capacity of Bulgarian diplomatic agent. He conducted the negotiations with the porte last June and after their failure returned to Sofia.

The committee appointed for the purpose at Sunday's demonstration of 15,000 Macedonians in this city waited on Premier Petrof and asked him if the government intended to do anything to help the Macedonians. M. Petrof replied that the ministry was acting in what it conceived to be the best interests of Bulgaria and would continue the same policy.

The spokesman of the committee told the premier that his reply would not be satisfactory to the people and the committee thereupon withdrew.

The Dnevnik, commenting on the situation, says: "Although the Bulgarians remain quiet it is not a true indication of the national feelings, but it is owing to the approaching elections."

The paper adds that it will "not be long before everybody will try to force the government to take action."

Salonica, Sept. 29.—Bakhazar Pasha, who was responsible for the massacres at Krushevo and Smilevo, has been decorated with the order of the Medjidie of the first class. He has been sent to the district of Kastoria, where six villages have already been burned and many insurgents killed.

London, Sept. 29.—The Times learns from a trustworthy source that the palace committee at Yildiz kiosk has recommended that all Bulgarians captured in the future, whether armed or unarmed, shall be shot. It is stated that the sultan holds the same view and that the necessary orders have been issued. The palace committee consists of Tahsin, Edhem and Izzet pashas. The last named, who only recently became a member, is generally believed to have been largely responsible for the Armenian massacre at Constantinople.

Berlin, Sept. 29.—According to a dispatch to the Lokal Anzeiger, prominent Macedonians are urging the revolutionary leaders to discontinue the uprising.

CANNOT STAND CONFINEMENT.

Tuberculosis Finds Easy Victims Among Indian Prisoners.

Leavenworth, Kas., Sept. 29.—The report of R. W. McLaughrey, warden of the United States penitentiary, to the attorney general shows that most of the 30 deaths in the prison during the year were of Indians. Two hundred prisoners are suffering from tuberculosis, the entire Indian population being infected. Warden McLaughrey says:

"The southern Indians sent here cannot stand the climate and the confinement, and every such Indian develops tuberculosis, no matter in how good health he arrives, and every one of them, without exception, either dies here or goes out with the disease ineradicably fastened upon him. With the lack of proper facilities for isolating and treating pulmonary tuberculosis it is becoming a serious menace to this institution, practically destroying the health of all the prisoners here."

Louisville Horseshow Opened.

Louisville, Ky., Sept. 29.—The international exhibition of horses under the auspices of the Louisville Horseshow association opened for a week's session. Nearly 800 horses are on the entry list for the season. Twenty-six states and Canada have sent horses, among the exhibitors being E. E. Smathers, New York; E. T. Stotesbury, Philadelphia; Dr. John L. Wentz Scranton, Pa., and Hugh Wilson, London, Ont.

Train Wrecked by Cow.

Chattanooga, Tenn., Sept. 29.—Cincinnati Southern passenger train No. 2 ran into a cow at Glen Mary, Tenn., 120 miles north of Chattanooga, and the engine, two mail cars, baggage car and express car left the track and rolled down a steep embankment. Engineer Frank Parker, of Chattanooga, was instantly killed and seven men badly injured, two fatally.

Crude Oil Advanced in Price.

Lima, O., Sept. 29.—There was an advance of 3 cents for eastern and 2 cents for western crude oil. There was lively selling on the rise. The market quotations now are: Tiona, $1.74; Pennsylvania, $1.59; New Castle, $1.46; Corning, $1.39; White House, $1.29; Somerset, $1.01; North Lima, $1.20; South Lima and Indiana, $1.15.

FAVOR STATE CANALS.

Association at Zanesville Discusses Improvemenr of Inland Waterways.

Zanesville, O., Sept. 29.—One hundred members of the Ohio Canal association, representing leading business men along the route of the Ohio canal and the Muskingum river, met here. In all the addresses the concensus of opinion was that the canals of the state should be maintained for traffic and protected by the state.

The assocation declared in favor of a canal of five-foot depth from Cleveland to Zanesville. The estimated cost is $500,000, and it is claimed that there is more than enough money in the state treasury to the credit of the canals to accomplish this improvement. The canal connects with the Muskingum river at Dresden.

Resolutions adopted tell the action and sentiment of the members. An executive committee of seven was appointed to carry into effect the objects of the meeting as declared by the resolutions. The executive committee consists of A. W. Thurman Columbus; Colonel J. H. Riley, Marietta; T. M. Ripley, Marietta; J. D. McHugh, Cincinnati; George W. Selber, Akron; A. T. DeForest, Cleveland; Senator Hamlin, Elyria; Colonel T. F. Spangler and C. U. Shryock, Zanesville.

Fatal Boiler Explosion.

Toledo, O., Sept. 29.—One man was killed and three other men were injured as the result of the explosion of the boiler at the sawmill of Louis M. Pilliod, located at Swanton, a short distance west of this city. The victims of the accident are M. C. Hubbard, engineer, killed instantly; Burch Reed and Dr. W. A. Scott, injured by falling debris; Sidney Kennedy, injured in a runaway caused by the explosion. The sawmill was entirely destroyed, as was also a pulley factory which adjoined the plant.

KODOL Digests What You Eat.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammeled action.

Bottles only. $1.00 Size holding 2½ times the trial size, which sells for 50c.

Rioting in Canadian Soo---Militia Attempts to Preserve Order.

ATTACK COMPANY'S BUILDINGS

Discharged Workmen of Consolidated Lake Superior Company in Ugly Mood—Riffraff of Town Join Mob—Police Station Threatened.

Sault Ste. Marie, Mich., Sept. 29.—The situation in the Canadian Soo, which has been the scene of serious rioting by the discharged workmen of the Consolidated Lake Superior company, is very grave. No reinforcements of militia have arrived from outside and the only defense against the mob, which grows hourly, is a more or less demoralized police department and a small company of militiamen. An assault upon the office building by the mob early in the afternoon, before the arrival of the troops, was successful and a mass of frenzied rioters secured possession of the ground floor of the building, destroying everything movable that came in their path. A crowd of office staff with drawn revolvers prevented their gaining access to the upper floors of the building.

Troops Partially Restore Order.

The arrival of troops armed with ball cartridges about 2 o'clock served to restore some semblance of order. The rioters then contented themselves with throwing stones at the building and hurling invectives at the soldiers, who established a "dead line" and prevented any approach toward the building. The greatest number of the mob are of ignorant Italians, Finns, Norwegians and Frenchmen, the former perhaps the hardest of all to handle. They have been drinking more or less, although the bars finally obeyed the order to close up. The mob is one that cannot be reasoned with, and the man they seem most anxious to get at is Mr. Coyne, the assistant manager, who in the absence of Mr. Shields, is in charge of the works. Mr. Coyne discreetly kept out of sight.

Late in the afternoon the leaders of the mob held a conference and demanded that the company house the men in their hotel and boarding house and feed them until the money for their wages is forthcoming. In order to appease the crowd this demand was granted and the men have taken possession of the white house, a large boarding house operated by the company.

Street Car Traffic Suspended.

An attempt is being made to put the street car system in the Canadian Soo, which suspended operation after an attack had been made upon it, into operation again. Two cars were sent out heavily guarded. Inasmuch as most of the rioters were not on the streets at the time this trial was made, no disorder occurred.

It is estimated that there are 2,000 men in the Soo, and these are reinforced by all the idle rabble in town. A train carrying 400 more woodsmen is expected to arrive on the Algoma Central. The local police force is being strengthened by the addition of all the deputies who can be found, each man being given a badge and a revolver and ordered to use the latter whenever necessary. Considerable feeling has been aroused over the shooting of two Frenchmen by the police during the trouble in the morning. The rioters claim that the officers used their revolvers when it was unnecessary. Neither of the men is fataly hurt, however.

The mob threatens an attack upon police headquarters with a view of effecting the release of all the men who have been arrested. Both this building and that occupied by the fire department is guarded against attack.

Mass Meeting Was Quiet.

The mass meeting held last night in the white house was unexpectedly quiet and orderly. An attempt was made to allay the passions of the men by an offer made by the Brotherhood of Woodsmen, an organization maintained among the lumbermen, to furnish an attorney free of charge to collect all pay checks left in his hands. The meeting broke up without any particular confusion or disorder.

About 10:30 an alarm of fire was turned in from the pulp mills and the department responded, but no fire could be discovered. The turning in of the alarm was evidently the work of some of the rough element which gathered in large proportion to help along the work of disorder.

An effort was made late in the day to get a body of the rioters to cross the river to the American side and put the power house and street railway out of commission, but it was not successful. On account of this rumor the local company of state troops was mobilized at the armory and some extra policemen were put on duty. A battalion of regulars from Toronto, the King's grenadiers, are expected to arrive at 7 o'clock this morning and their coming is awaited with feverish impatience.

Museum in Memory of Jahn.

Berlin, Sept. 29.—A museum in memory of Friedrich Ludwig Jahn, popularly known as "Turnvater Jahn," the founder of the Turner societies, was opened at Freiburg-on-the-Unstrut, Prussia, by the National Turner society.

NO HOPE FOR VAN WORMERS.

Governor Odell Declines to See Stepmother of Three Brothers.

Albany, N. Y., Sept. 29.—Mrs. Van Wormer, stepmother of the three brothers who are to be executed at Clinton on Thursday, called at the executive chamber to make a final appeal in behalf of her stepsons. Governor Odell declined to see her on the ground that he had fully considered the case and that an interview would be only a source of useless pain to both. Mrs. Van Wormer accepted his decision as final and returned to Kinderhook.

Warden George Deyo, of Clinton prison, will not say in what order the brothers are to die, but he declares that there will be but one set of witnesses and the work will be done with

THE VAN WORMER BOYS.

all possible expedition. The execution is to take place about noon, and probably will not consume more than 20 minutes' time. Much thought has been given to seeking a means of separating the three so that none of them would know when either of his brothers was taken to the chair or whether he himself was first to go, but the arrangement of the prison and the location of the death house makes this impossible. It has been determined therefore, to place the three in the successive three cells on one side of the corridor in the death house nearest the door of the execution room, and remove them in that order to their death.

The condemned prisoners bear well the ordeal of suspense.

White House Again Inhabited.

Washington, Sept. 29.—After an absence of 13 weeks at Oyster Bay president Roosevelt returned to Washington. The president was accompanied by Mrs. Roosevelt, Miss Alice Roosevelt and other members of the family and by Private Secretary Loeb. The president was greeted by several hundred people, who cheered when he entered his carriage. He also was met by Postmaster General Payne, Colonel Symons, superintendent of public buildings and grounds; Chief Wilkie, of the secret service, and by other public officials. The president and family drove direct to the White House.

Vessel May Be Saved.

San Francisco, Sept. 29.—The underwriters who have a fortune at stake by reason of the beaching of the British bark, Gifford, south of the Golden Gate, are still confident the vessel can be saved. Lloyds' surveyor, Captain John Metcalfe, who is the master of the wrecked ship, Captain David Michie and Captain Alexander Woodside have been on the wreck and have made a careful examination of the vessel. Weather permitting, they believe the coal in the Gifford's hull may be thrown overboard and the leaking vessel pulled out of the sand and towed in.

Cornerstone of Hospital Laid.

Chicago, Sept. 29.—The cornerstone of the new Francis E. Willard National Temperance hospital on Lincoln street was laid Monday, the birthday of Miss Willard, in the presence of a distinguished company of temperance advocates and medical men. When completed the building will have cost $70,000. In the treatment of cases the use of alcohol will be prohibited. There is only one other similar institution in the world, and that is located in London.

Two Eskimo Boys Missing.

Tacoma, Sept. 29.—The police of Tacoma and Seattle are ransacking the cities for two Eskimo boys about 15 years of age, who arrived by a late Alaska steamer on their way to the Indian school at Carlisle, Pa. The Northern Pacific agent at Tacoma was advised that the boys would get their railroad tickets in Tacoma, but they have not appeared and cannot thus far be found in either city.

Tillman on Trial.

Lexington, S. C., Sept. 29.—James H. Tillman, former lieutenant governor of South Carolina, was placed on trial in the circuit court for Lexington county under an indictment charging him with the murder of N. G. Gonzales, editor of the Columbia State. A vigorously contested legal battle is in progress.

Forger Again at Liberty.

San Quentin Prison, Cal., Sept. 29.—Charles Becker, considered the cleverest forger in America, is once more at liberty. Becker left San Quentin after having served seven years for raising a $12 draft to $22,000 on the Crocker-Woolworth bank of San Francisco.

We ask $500 down, the balance you can pay at $20 per month.

Brief Notes of a Personal Nature and of Matters About Town.

James Pickering, of the office force at the K., T. & K., has returned from an extended visit in the west. He visited Chicago, Denver, Indianapolis and other large cities.

A Difficult Operation—Dr. Schwab, of Pittsburg, assisted by Drs. Taylor and Davis, of this city, performed a difficult operation on Miss Hattie Woodburn yesterday.

Arrested and Fined—Moses and Louis Call were on the warpath last night in Shantytown. They were arrested by Officer Aufderheide and each was fined $2 and costs.

Drunk and Penniless—John McCook, the tramp tinker, was arrested again last evening by Officer McDermott. He was drunk as usual and having no money this morning was discharged.

Fell and Broke An Arm—Fred Couchman, a well known potter, fell from a wagon yesterday and sustained a serious fracture to his left arm. Dr. J. Howard Davis reduced the fracture.

Baby Show Pictures—R. E. Spencer, the photographer, is receiving many requests for the excellent pictures he took of the baby show at the News Review's picnic. He announces that he can supply as many as are desired, at the low price of 25 cents each. The numerous fond mothers and their friends who were interested in the show will doubtless make all possible haste to secure a memento of the memorable occasion.

An Animal Story For Little Folks

HOW Jim Bug Was Frightened

"The police are after you!" cried Butterfly to Jim Bug.

"What for?" asked Jim Bug.

"They say you climbed the fence around Farmer Jones' orchard and bit a piece out of one of his apples."

"Oh, my!" cried Jim Bug. "I am discovered! What will they do with me?"

Then he began to run for his home. When he finally reached the house he rushed in out of breath.

"Oh, ma," he cried, "what am I to do? The police are after me for taking a bite out of one of Mr. Jones' apples."

"Hide in the cellar under the washtub!" exclaimed his mother.

So down into the cellar Jim Bug hurried and crawled under the washtub. He kept just as quiet as he could be-

HE BEGAN TO RUN FOR HIS HOME.

cause he expected a big fat policeman would come along at any moment and carry him off to jail.

Presently he heard his mother coming down the stairs.

"It's all right, Jimmie; it's all right!" she cried. "They are not coming to do anything with you."

"How do you know, ma?" he asked.

"Caterpillar has just been here and told me," she replied. "They were going to punish you, but changed their minds."

"Why, ma?"

"Because they found that you had only bitten a crab apple. They thought that would make you very sick and that would be punishment enough for you."

"I do feel rather sick under my shirt," said Jim.

"Well, I'll give you a dose of ginger and you'll be well in a little while," said his mother.

"That was the greatest scare I ever had in my life," said Jim. "I guess I won't eat any more apples that are not mine."—Pittsburg Dispatch.

Engineer Killed in Collision.

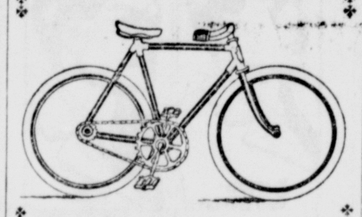
Apollo, Pa., Sept. 29.—As the result of a head-on collision on the West Penn railroad Engineer A. E. Bennett, of Pittsburg, was killed, several head of cattle were destroyed and two engines were reduced to scrap iron.

Many Fishermen Drowned.

Lisbon, Sept. 29.—A severe storm swept over the northern coast of Portugal. Two fishing boats, containing 72 men, were wrecked. Sixteen of the fishermen were drowned.

An Ancient "Frickaise."

A manuscript cookbook of the year 1734 contains this recipe for "a frickaise:" "Take ye fowls, cut them in pieces and clean them season with peper & salt a little mace nuttmeg cloves some parsley, a little bit of onion. Let them lay 2 hours then flowr them very well, fry in sweet butter & make ye butter hott before you put them in. Fry a fine brown. Wash ye pan & put them in a gain with a pint of gravy. Lett them swimyer in ye gravy. Take the yolks of 3 eggs with a little grated nuttmeg & a little juce of lemon & 2 spoonfulls of wine. Shake it over the fire till it is as thick as cream, pour over yr frickaise and so serve it to ye table hott."



STOPPED ADVERTISING AND DIED

Several years ago the large bicycle companies of the United States formed a combination, or trust, and all the leading cycle companies were brought under a single management.

One of the first apparent results was the cessation of the large individual advertising campaigns which marked the progress of the individual companies. The trust used very little advertising and merely endeavored to popularize the names of its leading machines.

Some time ago this great concern, the American Bicycle company, went into the hands of a receiver.

Colonel A. A. Pope, who was the pioneer advertiser in the cycle field and whose Columbia wheels were for years the standard of perfection in bicycle production, says:

"The cessation of advertising killed the bicycle business, and the way to revive it is to resume that same important matter. You can see how I feel in the matter when I tell you that I spent $500,000 in one year in that sort of publicity and that it is my idea for the future—to advertise."

Cessation of advertising, as shown in this case, means a falling off of business, and there can be no better proof of the fact that a number of large advertisers competing for the favor of the public can stimulate a large trade, while one or two large advertisers fail.—Advisor.

You cannot stop advertising without injuring your business. Every time you leave your ad. out of this paper you are losing the effect of cumulative publicity and courting the fate of the bicycle trust.

THE CITY SOLICITOR SEEKS AN INJUNCTION

Goes to Lisbon to Present His Petition to Restrain Mayor and Board From Making Wyman Chief.

A RED-HOT FIGHT IS LIKELY TO RESULT

City Solicitor George E. Davidson left for Lisbon this morning to institute proceedings against Mayor W. A. Weaver and the members of the board of public safety to restrain them from appointing John Wyman as permanent chief of police. The solicitor charges several causes of action.

It will be recalled that an agreement equivalent to a temporary restraining order was reached when the solicitor had the case before Judge Ambler, at Canton, a few weeks ago, but the judge informed the solicitor that final action must be taken on the case in Columbiana county. The wishes of the solicitor were carried out by the action of the Canton judge, it being his only desire to stay the appointment until Judge Hole can hear the facts. It is the opinion of the solicitor that Judge Hole will decide in his favor. However, the defendants have the same amount of confidence and are absolutely sure that Judge Hole will look at the question from their standpoint.

As is well known, the solicitor bases his argument on the point that to appoint Wyman will be acting contrary to the provisions of the merit system, this system having been inaugurated so as to give the members of the police force an opportunity to rise in rank and pay by showing superior ability and that those in power have no authority to appoint Wyman, because of alleged solicitation.

The defendants will fight the case bitterly. They say that they have not been solicited and that they have a perfect right to place Wyman at the head of the department. It is expected that the case will be one of great interest,, no issue having caused more comment or excitement in the municipality since it became known that an endeavor was to be made to restrain Wyman. A large number of witnesses will be subpoenaed to appear in the case. During the past two weeks the attorneys for both sides have been working hard and some great arguments are promised.

LARGE INTERESTS WERE INVOLVED

COURT'S DECISION IN HALLAM ESTATE CASE IMPORTANT.

Defendants Win Every Point and Thereby Save Many Thousand Dollars.

Lisbon, September 29.—(Special)—The case of A. G. Smith as administrator of the estate of George Hallam, deceased, vs. George Goodwin, William Kent and Jane Donkin, involving considerable interests in East Liverpool, has been finally decided in common pleas court by a decision of Judge R. S. Ambler, of Canton, quieting the title of the defendants to certain real estate.

The will of Hallam authorized Alex. McCoy and Frederick Croxall as executors to sell certain real estate and reinvest the proceeds with the consent of the widow, according to their judgment. Mr. McCoy died and Mr. Croxall having ceased to act as executor and A. H. Clark was appointed administrator de bonis non. As such Mr. Clark sold the real estate at what was then a fair value and the purchasers, the defendants in this action, and the present owners of the property, made valuable improvements on it. The plaintiff, Mr. Smith, who succeeded Mr. Clark as administrator, held that Clark did not have authority to sell and that his deed conveyed nothing; that the trust reposed in the executors named in the will was a personal one and did not pass to the administrator.

A demurrer to the plaintiff's petition was sustained by Judge Hole and the case was then tried by Judge Ambler, who sustained Judge Hole and held for the defendants on every point, giving them a clear title to the property.

An adverse decision would have caused the defendants to lose $20,000 to $25,000 by reason of improvements made by them.

TELEPHONE ISSUE TO BE DISCUSSED

Mass Meeting Tonight Interests Every Telephone Patron in the City.

THE COMMITTEE IS READY

To Report on the Progress It Has Been Making—Bell Company's New Schedule of Rates—The County Service Problem.

The mass meeting of telephone patrons to be held at the Y. M. C. A. building this evening will undoubtedly be largely attended. The result of the meeting will be of interest to every subscriber of both the Bell and Columbiana County telephones, the action to be decided upon affecting every one individually.

Since the telephone war was inaugurated in the county both companies have taken advantageg of every condition that would in any manner assist them, and are now making great efforts to gain the confidence of the people. As a matter of fact the Bell company has been on a comparatively easy bed, having nothing to lose and everything to gain, whfle the Columbiana County company has been on the anxious seat. The latter company, it is thought, will suffer a heavy loss, no difference what the action may be.

As is well known a committee of the Business Men's association and one of the lawyers have been working hard for two weeks in an endeavor to get the conditions fully in hand, and it is said they will be ready to make a full report this evening.

The Bell Ttelephone company has agreed to place' phones in the city at the following rates:

Business lines, single, $24 per year; two-party lines, $18.

Residence lines, single, $18; double, $15; four-party, $12.

The agreement of the Columbiana company is as follows:

For business, individual line, $24 per year.

For two-party line, business, $22.

For residence, individual line, $18.

For residence, two-party line, $16.

For residence, three-party line, $14.

For residence, four-party line, $12.

It has been decided by the business men of Salem, Leetonia and Lisbon to patronize the Bell exclusively, and it is thought several other localities will adopt it. In Salineville, it is said, that the people are ordering the Columbiana 'phones taken out by the score.

Manager Crossley, of the Columbiana County Telephone company, said today: "The impression that our telephones are to be thrown out and the Bell substituted is altogether misleading. The Bell people have done their best to spread this impression, and to get the endorsement of business associations on the condition that our 'phones be rejected. We have now in this county about 1,400 contracts on the new schedule of rates and our solicitors are adding to the number every day. That does not look as if we were to be driven out of business, does it?

"All we ask is fair play. It is all we have ever asked or intend to ask. The Bell people have forced us to get into the newspapers, something we have sought to avoid. We have made no war on them, but they are fighting up by unfair tactics. The people who have stood loyally by us in the past can be assured that we appreciate their patronage, and if they continue to do business with us we will do our best to treat them right and give them good service."

The question of county service is one of the most important to many of the telephone patrons, yet it is that point which the companies saying

UNHAPPY TIES CUT BY COURT

AN EAST LIVERPOOL WIFE HAS BEEN GRANTED A DIVORCE.

A Husband in This City Also Secures Legal Separation from His Spouse.

Lisbon, September 29.—(Special.)—Two East Liverpool divorce cases came up for a hearing this morning.

Katie Rohrbaugh was granted a divorce from Talt Rohrbaugh and her maiden name, Katie Conner, restored. They were married March 21, 1902, and took up their residence with the husband's parents. They had lived together only about six weeks, when, the wife says, she was compelled to leave her husband on account of his conduct with other women and his failure to support her. She said he habitually absented himself from home and stayed out late at night with unmarried women, taking them to dances and skiff riding, telling his wife if she did not approve she could leave him.

The plaintiff further charged that her husband had been unfaithful, and named Rosie Marshall as co-respondent, and 252 College street as the place of the misconduct.

Arthur Green was divorced from Maggie J. Green on grounds on unfaithfulness. James Stewart, John Hulmes and Austin Tarr were named as co-respondents, and times and places in East Liverpool specified. The husband was given the custody of two children, Sarah A. and Alfred A., aged 9 and 7 years, respectively. The couple were married in East Liverpool in June, 1893.

SEARGH OF A MOTHER FOR MISSING DAUGHTER

Girl of 14 Suddenly Left Her Home Friday and Has Not Since Been Seen.

IT IS FEARED THAT SHE WAS KIDNAPPED

Haggard and worn, Mrs. Levi Burrows, of California Hollow, appeared at central police station yesterday and reported the mysterious disappearance of her daughter, Nettie, a pretty blonde of but 14 years. Mrs. Burrows had been in a distressing state of mind for three days and plainly showed the effect.

Never showing a disposition to roam in her short life makes the disappearance of the young girl more mysterious. She has always shown a tendency to remain around home and never did her mother have the least trouble in keeping her close to the family fireside. Her absence from home was first noted on Friday evening shortly after dark. The girl had been sent on a short errand late in the afternoon and though she failed to return at the necessary time to complete the trip, the mother thought nothing of it until a couple of hours had passed. She then gave the alarm and a diligent search was made for the missing daughter.

The search was in vain, however. All parts of the city where the child would likely be if she wanted to seek pleasure were applied to by the mother, but no trace of her could be learned. Until late that night the mother frantically continued the search and when she was compelled to give it up she was almost distracted.

There was no ceasing in the hunt of the mother during the following day and Sunday and yesterday as a last resort the distressed mother applied at the city hall for assistance. She said some one had told her that the daughter was seen in Jethro on Sunday, but she did not believe it. It is the opinion of Mrs. Burrows that her child has been kidnapped by local people, and she will persist in following all persons who would likely be her abductors.

Chief Wyman announced this morning that he would do all he could to assist the mother and would instruct the police to keep on the lookout for her.

A MYSTERIOUS WOMAN IN BLACK

Her Actions Upon the Bridge Have Puzzled All Who Have Witnessed Them. She Goes Armed.

In silks of jet black, a woman with black eyes and a wealth of dark hair, who, from appearances is in deep trouble, has been causing the employes of the East Liverpool bridge considerable worry and a little trouble during the past few weeks.

Her identity is being eagerly sought by the officers. She has made her appearance on the bridge at least three times during the week and though the officials of the bridge have applied themselves in every manner possible her name cannot be ascertained. To those who have approached her she has talked but little. They know no more about her now than when she first came upon the bridge.

The visits of the unknown have been made after dark. She walks to the toll house, pays her toll and then meanders slowly out to the center of the bridge. In each case she has stood for more than two hours leaning gracefully against the guard rail, peering with a vacant stare at the murky waters beneath her.

So dejected, lonely and heart-broken did the woman seem on the night of her first visit that Supt. Brown, after watching her strange actions for a short time, rushed out to her and exclaimed, "Woman, what on earth is the matter with you? Are you contemplating suicide?" Instead of offering an answer, the woman in black simply moved back a few feet from the railing and stepped a short distance toward the West Virginia side where she struck another attitude and remained for more than an hour.

On the evening of her second visit as she was returning from her mysterious jaunt, Night Watchman Spivey accosted her and said: "Lady, are you not afraid to be out on that dark bridge alone?" Her eyes flashed like fire and striking a defiant pose she condescended to answer. With a suddenness that frightened the watchman to the extent that he was sorry he had made inquiry, the woman grasped a huge revolver, which was hidden about her breast and flourishing it wildly in the air, cried out: "Me afraid, when I have such a weapon as this to defend me? I guess not. I am afraid of no one." That was enough for Spivey. He turned from her and allowed her to go without another word.

What possesses the woman to act so strangely is more than any one can surmise. She will be watched carefully in the future, the fear being that she will do something desperate.

WEDDING TOMORROW

Miss Clara B. Grim, of Chester, and George Beaver, of This City, to Be Married.

Cards have been out for several days announcing the marriage of Miss Clara B. Grim, daughter of Mrs. Kate Grim, of Chester, and Mr. George Beaver, of East Liverpool. The ceremony will take place at the home of the bride's mother in Chester at 8 o'clock tomorrow evening, Rev. J. G. Reinartz, pastor of St. John's Evangelical Lutheran church, of this city, officiating.

A large number of guests have been invited from East Liverpool and Chester, and elaborate preparations have been made for their entertainment. The bride is an estimable young lady of Chester, very popular in society circles, where she has been a leader for some time. The fortunate young man is a well known and justly popular young potter of East Liverpool, and numbers his friends by the score. The young people will reside in Chester.

Visitor from the West.

Lisbon, September 29.—(Special.)—W. A. Simkins, editor of the News, a weekly paper published at Britt, Ia., is visiting friends in different parts of Columbiana county. Mr. Simkins was born in Elkton and lived there until he was 8 years old when he went west with his parents.

Word from the bedside of Charles Murphy is to the effect that he has been gradually sinking since 5 o'clock this morning. The attending physicians give no hope for his recovery.

THE BOND MATTER TO BE TAKEN UP

Council Expected to Wrestle With the Question Tonight—Pittsburgers Ask For Delay.

At the adjourned meeting of council to be held this evening the most important matters to be presented for consideration will pertain to the city's obligations. Some action will be taken towards getting the money for the sale of the $92,925 worth of bonds, and it is likely that every penny now in the treasury will be appropriated to pay the general running expenses of the city.

City Auditor Davidson this morning received word from C. R. Williams & Co., to whom the bonds were sold, asking him to defer action a few days. The company stated that the money market in Pittsburg is "frightfully close," and it would be impossible to furnish so large an amount at the present time. It is not known what council will do with the communication. The members have the assurance of Attorney George Gaston that a Cleveland company will take the bonds and furnish the money within four days after the sale. The treasury is in desperate straits and council will be terribly cramped in a few weeks unless something is done. To close the deal with the Cleveland firm it will be necessary for council to pay brokerage amounting to about $175, and though this seems like a good deal the councilmen are so badly in need of money it is thought they may come to a final agreement with the company in the near future if not tonight. It is the general impression of the body that the Pittsburg firm has only been trifling with the bonds, and unless it shows by tonight an evidence of good faith imperative action will be taken.

It is considered by council that it would be much wiser to get rid of the bonds, even if it does have to pay brokerage, than to await the receipt of the money and be compelled to pay $7 per day interest. Since the bonds were submitted to the Pittsburg buyers the interest has grown to enormous figures, and the councilmen are becoming alarmed.

THE DIVORCE MILL RESUMES OPERATION

A Salem Woman Gets the Matrimonial Knot Untwisted—Potato vs. Potato.

Lisbon, September 29.—(Special.)—The divorce mill resumed in court yesterday afternoon with two actions up for hearing, one from Salem and one from Leetonia.

Divorce was granted in the case of Susie Korp, of Salem, versus John Korp, the plaintiff charging extreme cruelty, neglect and infidelity. She alleged that her husband was guilty of unfaithfulness with an unknown woman in Salem on July 14 last and that he has been a frequenter of disorderly houses. She also charges numerous other offenses. With the divorce the plaintiff is given custody of her four minor children, John, aged 20; Mike, aged 17; Matilda, aged 16, and Lizzie, aged 13 years. The marriage of the parties took place in 1882 at Hermannstadt, Austria-Hungary.

After hearing the evidence in the case of Charles Potato, of Leetonia against Bridget Potato, Judge Hole decided to take the matter under advisement, to give time to investigate as to whether the husband, who is an Italian, had made sufficient effort to locate his wife. The petition says the parties were married in Leetonia September 16, 1888, and that they have four children. The plaintiff charges that his wife left home on June 7, 1900, abandoning her children and has not been heard from since.

FIRST MEETING TODAY OF ARBITRATION BOARD

The first meeting of the arbiters selected to settle disputed matters in the pottery wage scale, was held this morning at the rooms of the Potters' club on the second floor of the post iffice building. A STOLEN OUTFIT WAS RECOVERED

Horse and Buggy Found in This City But the Thief Escaped.

The Hancock county authorities were yesterday put in possession of the facts in connection with a horse stealing scrape, and though their action was prompt, the owner did not succeed in having the thief punished.

The outfit was alleged to have been stolen from Ben Sharp, of Steubenville, and the officers were immediately furnished with a description of the horse, buggy and supposed thief. The information was as follows:

"Flat rump, heavy boned, 12 or 13 years old. Red running gear buggy, ¾ rubber tire, cushion, green top. Thief a young man about 18 years old; light brown hair, brown eyes, 5 feet 7 inches high; weight, 135 pounds; name, Joseph Latta."

Superintendent Brown, of the East Liverpool bridge, was furnished with a description of the turn-out, and with his help, the authorities succeeded in locating the missing rig at the barn of William Rayl, in East Liverpool. The thief had driven to the barn and arranged for the sale of the outfit for $10. It is supposed he immediately departed from the city. Mr. Sharp was made acquainted with the facts and will probably take his property home today.

HARD FOR CLARKE TO GIVE ANSWER

Some Questions by Chairman Dick That Will Prove to Be Posers.

WHERE DOES HE STAND?

Some Serious Objections to a Joint Debate With a Member of a Party Whose Political Principles Are Unknown.

Columbus, September 29.—(Special)—Chairman Dick has addressed the following letter to Democratic Chairman Charles P. Salen on the proposed joint debate between Hanna and Clarke:

I regret that candor compels me to say that I find some rather serious objections to the conditions of your proposal. There ought to be some such quality as mutuality in a joint discussion. I fear you have overlooked that phase of the case. Let me particularize. Mr. Hanna's party has but one set of principles, while Mr. Clarke's party has a vast assortment of principles, sounding the entire gamut from doctrine to dogma—Democratic, Populistic, Agrarian and Socialistic.

There is a tariff. How does Mr. Clarke stand on that issue? His party stands all over it. In New England it is for free raw material and for protected finished products; in Texas it is for protected raw material and for free finished products.

If Mr. Clarke is for free wool let him debate with Senator Bailey, of Texas; if he is for protected wool let him debate with Tom L. Johnson himself. If Mr. Clarke is in favor of free coal, let him debate with Mr. Gorman, the Democratic leaders of the federal sanate; if he is for protected coal let him debate with Mr. Williams, the Democratic leader of the house of representatives. Why should Mr. Clarke leave his own party to hunt up a tariff discussion? Would he swim the river to get a drink of water? And speaking of coal, Mr. Clarke might find in the Hon. David B. Hill, who favors government ownership of the hard coal mines, a Democratic adversary or a Democratic monitor, I have no means of knowing which.

Does Mr. Clarke favor a tariff for revenue only, or a tariff for revenue with incidental protection? Is he a Gorman tariff Democrat or a Johnson no-tariff Democrat? If he favors any kind of a tariff let him debate with Mr. Johnson, who is an absolute free trader and would repeal every tariff and internal revenue law and sell all the custom houses.

Mr. Clarke has all these strings to his bow and more, too. What chance does Mr. Hanna, who has only one string to his bow, have in disputation with such a man? Mr. Hanna stands pat. When Mr. Clarke joins a party that stands pat on anything, Mr. Hanna will talk with him.

Then there is the coinage question. How does Mr. Clarke stand on that? The absolution Mr. Bryan gave him would argue that he is not a standpatter. Indeed, Mr. Bryan says he is not. Then, if Mr. Clarke is really on the Kansas City platform and is bound to have a debate with somebody, let him hunt up the Palmer and Buckner platform and debate with that. If, on the other hand, he is still a gold bug he has no quarrel with Mr. Hanna on that score—ex-Senator Charles A. Towne is the man he is looking for, or the Honorable John J. Lentz might do in a pinch.

I would pray to be advised as to Mr. Clarke's attitude on the question of railroad taxation. Does he believe with Mr. Johnson and the Democratic state platform that—"steamroads and street car companies have for years been able to shift for themselves to the small home owners and the farmers of the state two-thirds of the taxation which in justice these corporations ought to bear?" Or does he stand by the argument which he filed with the state board of equalization, "that such property (railroads) is already assessed at a higher proportion of its value than manufacturers' property, than money and personal property, and even than lands in the state?"

Does Mr. Clarke stand on the Democratic state platform in its demand that the present laws for assessing steam roads and other public service corporations should be so changed as to compel the assessment of those properties at not less than their salable value as going concerns, which is Tom Johnson's so-called Wall street standard of value, or does he still agree with his declaration contained in the brief referred to: "That the Wall street measure of valuation should NOT be adopted, because it leads to excessive and fluctuating valuations, and to the capitalization of purely speculative elements not considered as property, the subject of taxation, as is decided in 171 United States 154."

Does Mr. Clarke still maintain the traditional lawyer's respect for the supreme court of his state, or does he join with Mr. Johnson in his assault upon that body as being composed of a lot of cheap country lawyers.

What has been Mr. Clarke's relation to organized labor? How does he stand on the "black-list," that capitalistic device for oppressing the laboring man? Does he adhere to the position he assumed in his brief filed in Railroad Company vs. Schaeffer, 65 O. S. Rep., 414, in which he maintained that a contract or conspiracy entered into by railroad companies is perfectly lawful though they contract not to employ men in railroad service unless they produce service record cards stating truthfully what their record was with the company last employing them? Does Mr. Clarke, the candidate, agree with Mr. Clarke, the corporation lawyer, that railroads and other companies may enter into an agreement among themselves not to employ persons who have engaged in a strike? Does Mr. Clarke still believe in the "black-list?" Does he agree with Henry George and Tom Johnson that the whole great organized labor movement is on a wrong line, a line on which no large and permanent success can possibly be won; because unions mean strikes, and strikes mean war, a war which necessarily denies a fundamental principle of personal liberty, the right of every man to work when, where and for whom and for what he pleases? The attitude of Senator Hanna on the labor question is well known. What is the attitude of Mr. Clarke, the candidate? How does Mr. Clarke stand on the single tax?

Where does Mr. Clarke stand on the "war amendments?" Does he believe in them or will he favor their repeal? Does he favor the white supremacy plank lately adopted by the Maryland Democratic state convention with its poorly concealed threat to entirely suppress the colored vote? Is he in harmony with Senator Tillman, who has boasted that whatever colored voters attempt to exercise the elective franchise in South Carolina, he will meet the attempt with a shotgun? If elected to the senate will Mr. Clarke join his colleague from Tennessee, Mr. Carmack, and vote for his resolution to repeal the Fifteenth amendment? Is Mr. Clarke willing to explain his position on these vital questions?

Where does Mr. Clarke stand on the Philippine question? Does he stand with Mr. Bryan when he was lobbying at the Capitol at Washington for the ratification of the treaty that ceded the islands to us? Or when later in the campaign of 1900 he advocated an "American protectorate?" or when still later he declared for their "absolute independence?" Does Mr. Clarke stand for any one or all three of these propositions?

Democracy today wears so many colors, appears under so many different shapes and forms, assumes so many disguises, that I feel it would be unfair to Senator Hanna to ask him to meet Mr. Clarke in a joint discussion until he is advised more fully as to Mr. Clarke's position on the subjects above alluded to, until he learns what particular brand of Democracy Mr. Clarke claims is his; until he knows whether he is expected to debate with Mr. Clarke, the corporation lawyer, or Mr. Clarke, the candidate for United States senator.

However, if Mr. Clarke favors any kind of a tariff let him hold a joint discussion with Mr. Tom L. Johnson. Again, if Mr. Clarke is not a believer in the Henry George single tax, Mr. Johnson is the man with whom he should debate. And further, if both these gentlemen will adhere to the widely differing views on railroad valuations for taxation which they presented before the state board of equalization not so very long ago, Mr. Clarke should certainly invite Mr. Johnson to meet him in joint debate.

Finally, if Mr. Clarke cares to discuss the currency question let him dig up the speeches he made in 1896 for the gold standard and debate with himself.

STORIES OF THE STREET

East Liverpool People Are Talking About It on Every Corner.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. Skepticism is allowable when reading in a home newspaper about some incident occurring in San Francisco or Philadelphia, but the circumstances are entirely different when it refers to some one right here at home, friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doan's Kidney Pills, home statements by home people, and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following:

Mrs. Edward Orr, of 220 Thompson street, says: "My sister, Mrs. Borlan, while visiting us, recommended Doan's Kidney Pills so highly that I was induced to try them. I had severe attacks of kidney complaint. Sometimes I was so bad I could not get up. Many times my neighbors came and found me lying on the lounge suffering when I intended doing a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. Pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendidly."

News and Notes About The Potteries

TWO GLAZES.

Of late the cyrstalline glazes, invented at Sevres, have been investigated anew and improved, so that they can be successfully applied with ease to large ware, botn stoneware and porcelain, says the London Pottery Gazette. In order to obtain the most favorable ratio between zinc oxide and potash and thus succeed in producing fine crystals, the following mixtures were prepared by Vogt:

	1	2
Anhydrous pottasium carbonate	138	69
Zinc oxide	168	202.5
Quartzose sand	360	350

and fused in crucibles in an oxidizing flame, the products being afterwards tested in varying proportions. The mixture found to give the best results was one consisting of 85 parts of No. 1 and 15 parts of No. 2.

These glazes may be applied to the biscuit ware, otherwise—especially in the case of porcelain—distortion is liable to occur; and the layer should be of sufficient thickness so that in the kiln an excess of the glaze runs down to the base of the ware, which is rested on a ring made of sandy earth.

The presence of zinc oxide necessitates firing in an oxidizing atmosphere, and the temperature must be as high as 1270 degrees C. in order that the development of crystals may be satisfactorily carried out, this result being also facilitated by gradual annealing.

A yellow crystalline glaze has been prepared from a fritt (No. 3) containing rutile, viz.:—anhydrous potassium carbonate 138, zinc oxide 162, quartzose sand, 300, rutile, 82 parts. By replacing rutile with pure titanic acid, a colorless crystalline glaze, differing from the first in the aspect of the crystals is obtained.

INCREASED IMPORTS.

The rise in prosperity of Egypt is shown by the increased value of the imports during the last few years. Glass and earthenware were imported from the United Kingdom to the value of $270,000 in 1902, against $110,000 in 1898. The imports of these goods from France and Algeria for last year amount to $370,000, against $260,000 for 1898.

GERMAN EXPORTS.

Germany exported last year 26,643 tons of white china ware and painted porcelain to foreign countries valued at $9,900,800. The United States is far in advance of all other countries in buying china from Germany, importing 10,463 tons, or 20 per cent of the total export. Great Britain holds second place, importing only 5,722 tons.

DRESDEN COLLECTION.

One of the choicest collections of Dresden china is owned by the American consul's wife at Dresden, Germany, Mrs. Cole. Her young daughter, Miss Edith Cole, is an enthusiastic student of Dresden's art and history.

TYPE FOUNDERS ON STRIKE.

General Order Issued Calling Out Members of Union.

St. Louis, Sept. 29.—Members of the type founders' union, numbering 75, are on strike. The trouble between the bosses and the union is said to be principally a matter of jurisdiction, wages to come in incidentally.

The strike is said to be in accordance with a general order calling out every member of the type founders' union in the country. So far as the bosses are concerned, the strike will be handled from the New York office of the American type foundry, which controls foundries in St. Louis, New York, Boston, Philadelphia, Baltimore, Chicago, Cincinnati and San Francisco. Outside of their company there are four independent foundries, all of which are concerned in the strike. The type founders' union belongs to the International Typographical union.

Up to the end of April type founders were working under an agreement which covered two years. Since that time, it is said, there has not been harmony between bosses and workmen. It is estimated that 1,000 skilled workmen are on strike through the country.

Cincinnati, Sept. 29.—The employes in the Cincinnati branch of the American Type Foundry company went out on a strike on orders from their organization headquarters in Chicago. The men say it is to be a general strike at all the type foundries in the country.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. *The doctor who attended me said I had lung trouble, and that I would never be well again.* At last I concluded to try Doctor Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can *run* with more ease than I could formerly *walk*."

FAREWELL RECEPTION TO MISSIONARY AND WIFE

Notable Social Function at Second U. P. Church for Rev. H. C. Chambers And Wife.

One of the notable functions of the year was the reception tendered to Rev. and Mrs. H. C. Chambers at the Second United Presbyterian church last night by the members of the congregation. The reception was planned some weeks ago as a farewell to the minister and his wife, who are to sail on next Saturday from New York for India, where they will engage in missionary work. Rev. Mr. Chambers has been known to the people of the East End since boyhood and he is highly respected and esteemed by all. While Mrs. Chambers has not had the years of acquaintance she is as well liked and respected.

The spacious edifice was filled to the very doors by the friends of Rev. and Mrs. Chambers and all listened with eagerness to the address of Rev. Dr. Taggart, who had been Rev. Mr. Chambers' pastor. The speaker dwelt touchingly on the old days. Rev. W. H. Glasgow, of the U. P. church, Wellsville, talked briefly but entertainingly of missionary work in general and expressed the appreciation of the presbytery over the sacrifices the missionary is making to take up the work. Miss Margaret White, in behalf of the Young People's society of the church, spoke feelingly of the missionary work and the part the young people take in it. Mrs. Elmer Ralston, president of the Ladies' Missionary society, presented the quilt made during the summer by the society for the missionary and his wife. Mrs. Ralston's speech was well prepared and nicely spoken. The quilt, which is a fine one, contains the names of each member of the society worked upon the pieces.

Rev. Mr. Chambers and wife left this morning for Pittsburg to attend the reception at the Sixth U. P. church to be given tonight in their honor. Wednesday night they will be guests of honor at a reception in Philadelphia. They sail from New York Saturday.

THE NEW MINISTER NOT A STRANGER

Rev. Mr. Lloyd, Who Succeeds Rev. Mr. Orcutt, Preached Here Last Winter.

The announcement that Rev. S. P. Lloyd, of Wintersville, had been appointed to the pastorate of the Erie street Methodist church by the East Ohio conference came as a complete surprise to the members of the congregation. While it was generally known that Rev. G. W. Orcutt, whose efficient work as pastor for the past three years has endeared him to all, was to be given aother charge, the identity of his successor was a mystery until the list of appointments was given to the public. Even 'Squire L. W. Carman, who was the lay delegates to the conference from the Erie street church, did not know who was to be selectel.

Rev. Mr. Lloyd is not a stranger to the members of the congregation. Last winter he came to the East End from Wintersville to assist Rev. Mr. Orcutt in a series of evangelistic meetings at the church. Rev. Mr. Lloyd preached several sermons and they delighted the congregation. He is also a very fine vocalist, an accomplishment that will be greatly appreciated. Dr. William Calhoun and Rev. Mr. Lloyd were schoolmates and Dr. Calhoun speaks very highly of him.

A Dollar Social.

A chance to enjoy a pleasant evening will be provided by the members of the congregation of the new Second Christian church, the function to be in the nature of a dollar social. The proceeds are to be used in paying for the plastering of the edifice, and those who contributed $1 for this purpose will be entitled to supper free of charge. Those who cannot give that amount can help by patronizing the supper, which will be served during the evening. A fine musical and literary program will be rendered and the admission to the church will be free.

Officer Fisher Visited Home.

Officer Jay Fisher, who has been at Mercy hospital, Pittsburg, for the past week, taking the Pasteur treatment, was a visitor in the East End this morning. He is not suffering any ill effects from the bite of the canine and the treatment he is taking is intended solely as a precautionary measure. He is resting at the hospital and enjoying the enforced vacation. He returned to Pittsburg this morning.

EAST END AFFAIRS.

Henry Nininiger is moving his billiard parlor into the new quarters recently fitted out two doors north of the old establishment.

F. B. Fellows, of Maple street, returned last night from a visit to Long Bottom.

Miss Phoebe Beal, of Hookstown, is visiting her brother, William Beal, of Mulberry street.

W. S. Snowden and wife left last night for Clark Center, Ill., where they will visit with relatives.

Mrs. Thomas Ramsey, Sr., and daughter Ethel, returned last night from a visit with Lisbon relatives.

A. P. Myler, district deputy of the Ben Hur tribe, was handed a fine quilt yesterday by Mrs. McBane, he holding the lucky number in the raffle conducted by that lady.

James, the 8-year-old son of Mr. and Mrs. Ed Wilson, of Mulberry street, who has been in a critical condition since Saturday with brain fever, is reported somewhat improved today, though still in a very serious condition.

Pure, rich blood means health and strength—thin, impure blood makes paleness, anæmia, weakness, nervousness and disease.

One reason why Hagee's Cordial (with Hypophosphites of Lime and Soda) does so much good, in cases of nervousness, sleeplessness, indigestion, mal-assimilation, rheumatism, skin diseases, blotches and weakened conditions, is that it purifies and enriches the blood—feeding impoverished nerves, strengthening every organ and building good, sound flesh.

Hagee's Cordial contains all the good of cod liver oil. It is a thin, fluid cordial, pleasant to taste and smell.

A NEW CANAL TREATY

May Be Authorized by Colombian Congress Which Will Prove Acceptable.

PRESENT BILL DOOMED TO DEFEAT

Minister Baupre Reports No Change in the Situation—New Congress Will Favor Canal—Abandonment of Project Not Countenanced.

Washington, Sept. 29.—The department of state received a cable message from Minister Baupre, dated Sept. 27, 8 p. m. He reports that there has been no change in the situation in respect to the canal matter. A second debate on the bill reported by the committee is expected within a few days, and it is thought it may be defeated. The present outlook is for some amendment of the reported bill.

Much interest is taken in Washington in what the Colombian senate will do with the canal proposition now that the Hay-Herran treaty has failed. It is known that Colombia is anxious to keep alive the canal negotiations, state department officials having received information to that effect from the Colombian government.

The bill now before the senate of Colombia, as understood here, is the one reported by a committee of that body. It contained treaty provisions that would be entirely unacceptable to this government. Minister Beaupre's dispatch expresses the belief that the bill may be defeated and also that it may be amended. The form the amendments take is regarded as the important thing at present.

In some quarters the opinion is expressed that by amendment President Marroquin may be authorized to negotiate another treaty along certain lines laid down in the proposed bill, which would permit of an adjustment of the differences of opinion held by the United States and Colombia.

This convention, if one should be agreed upon, might be laid before the new Colombian congress, which comes into existence next summer. Meanwhile nine new senators are to be elected in that country, and it is suggested that an effort will be made to elect men favorable to the treaty. Those who retire are said to be opposed to the present treaty.

ONE PEACEFUL SESSION.

Bridgeworkers Managed to Transact Routine Business at Kansas City.

Kansas City, Sept. 29.—The sessions of the International Structural and Bridge Workers' association were taken up entirely with routine affairs. President Buchanan made an appeal for harmony and his talk had the effect, at least temporarily, of quieting the troublesome New Yorkers.

The sum total of the day's work was the granting of a charter to the architectural iron workers of Chicago, a strong labor body, which has, perhaps, 6,000 members throughout the country, and a decison to send delegates to the Building Trades alliance to be held at Indianapolis next month. An important petition, presented by half a dozen western locals, recommended that the convention take some action to force certain western railroads to pay standard wages or to let their bridge work to contractors who are fair to organized labor.

Glass Companies Compromise.

Muncie, Ind., Sept. 29.—There was a compromise in the fight between the Federation Window Glass company, of Columbus, O., and its constituent company, the Mississinewa Co-operative company, of Wheeling, Ind., which threatened the dismemberment of the big federation. The Mississinewa company withdraws from the federation and will get its $3,000 guarantee fund back. The federation withdraws grand larceny charges against the Mississinewa officials.

Notified of Renomination.

New York, Sept. 29.—Mayor Low, Comptroller Grout and President Fornes, of the board of aldermen, were officially notified of their renomination for the offices mentioned by the Citizens' Union and Republican city conventions. Everett P. Wheeler made the notification on behalf of the Citizens' Union, and Timothy L. Woodruff on behalf of the Republican organization. The nominees accepted the nominations.

Suicided in Jail.

Jackson, Ky., Sept. 29.—Elijah Bolin committed suicide in jail by taking morphine. He was held over for examining trial before Judge James Hargis to the grand jury without bail for the murder of Boyd Griffith last week. His brother was indicted at Cynthiana for perjury for his testimony for the defense in the Jett-White murder case. It is not known who furnished him with the morphine.

Porto Rico Schools Open.

San Juan, Sept. 29.—Twelve hundred schools in Porto Rico opened Monday and 60,000 pupils were received. But three times that number of children were enrolled and the struggle for preference was very great.

Sentenced for Life.

Guthrie, Okla., Sept. 29.—Mitchell Boubedoux, charged with the murder of David Tohee, formerly chief of the Iowa tribe of Indians in Oklahoma, has been found guilty of murder and sentenced to life imprisonment.

Telephone Contest Warm.

Lisbon, September 29.—(Special.)—The contest between the Columbiana County and Bell Telephone companies' solicitors here continues. From present appearances the Lisbon Business Men's association may be compelled to recede from its position in adopting the Bell to the exclusion of the Columbiana County 'phone and use both systems as the Columbiana County company's solicitors claimed to have signed 135 contracts here.

Secretary Shaw is looking after the financial situation, and is prepared to relieve any stringency which may present itself. As the circulation in the past few months has been larger than it ever was before, there is no need to have a stringency. The per capita circulation is almost $30 now, while it was $21.10 in the middle of 1896. The talk about stringencies looks silly. Most of those who are shouting for an increase in circulation are speculators, who want money to be made more plentiful as a means for them to conduct their cornering operations with a little more safety to themselves. Legitimate business interests have all the money they need.

Chicago is again calling attention to the fact that she is a marvel among the cities of the earth. The centennial she is holding does not commemorate the founding of Chicago, however, but the location of Ft. Dearborn on its site. Chicago was not laid out as a town until 1830 and had only 4,440 inhabitants ten years later.

The telephone is a modern business necessity. We could scarcely get along without it. But a good many East Liverpool people, having tried the experiment of maintaining two telephones in their residences or places of business, have reached the conclusion that one is enough for all practical purposes. They will doubtless turn out numerously at the meeting tonight to hear the propositions of the rival companies and decide which shall be accepted. It is purely a business proposition, and should be settled on a business basis. Every telephone patron who can ought to attend the meeting.

The Alaskan gold fields are reported nearly exhausted. But in their place comes a discovery of tin, likely to prove equally valuable. Uncle Sam made no mistake when his expansion policy took in a slice of the frozen north.

The Paris Society for the Prevention of Cruelty to Animals is wrestling with the question, Is the fly a domestic or a wild animal? Be that as it may, it has the ability to set people nearly wild.

The university of St. Louis has elected a woman as professor of languages, and the papers are mean enough to say that its action is in accord with the eternal fitness of things.

The Filipino is rapidly becoming civilized. He takes to base ball like a duck to water. Fortunately for him, he has not yet been introduced to foot ball.

King Peter has just had a cabinet crisis, but such things don't worry him as long as he can be reasonably sure that there is no poison in his hash.

Shamrock I. is to be used by a Brooklyn firm for transporting scrap metal. This is even worse than hitching a once great trotter to a plow.

Tom Johnson still holds to the theory that all taxes shall be levied on land. The rural vote he will get will surprise him by its smallness.

Another 2,000,000,000-bushel corn crop makes any deficiency on the Wall street bargain counter look insignificant.

Tom Johnson is now advocating a two-cent car fare. Of course it is an issue that will be dropped after the election.

Jefferson county's criminal record is getting to resemble a chapter of Missouri history.

The burning question, "What's the score?" is about to be shelved for another year.

OBITUARY

John A. Mayes.

The many friends of John A. Mayes, of Sarah street, were shocked upon learning of his sudden death, the result of only a week's sickness with typhoid fever. He died at his home Sunday morning and was buried after a short funeral service in Riverview cemetery yesterday afternoon.

John A. Mayes was 42 years of age. He was known as an expert gardener and for some time prior to death was employed on the farm adjoining Thompson's park. He was married twice, the first time to Miss Rebecca Dickey, of Middleton township, who died 19 years ago, and the second time to Miss Anna Crawford, of St. Clair township, who died about two months ago. Two boys by the first wife, Urban and Howard, and two boys, Roy and Wilson, and two girls, Ruby and Viola, children of the second wife, survive him.

John Koch.

Lisbon, September 29.—(Special.)—John Koch, an old and respected resident of Columbiana, died at his home in that town early Sunday morning of neuralgia of the heart, with which he was suddenly stricken about 24 hours before. He was born in Germany in 1829 and came to America when a young man. He had lived in Columbiana 50 years. Four sons and three daughters, all of Columbiana, survive him, as follows: J. Henry, Paul M., Solomon and Theodore, and Miss Leah, Mrs. George Webb and Mrs. H. P. Myers. Funeral services were held at the late home this afternoon at 1 o'clock, with burial in the Columbiana cemetery.

Death of an Infant.

AT THE THEATER

That greatest of all pastoral plays, Denman Thompson and George W. Ryers' "Our New Minister," will again hold the boards of the Grand. It is a succession of laughs, linked by moments of pathos, the fun is never foolish, nor is the pathos allowed to become tedious. It is a wholesome, natural story of country life, and in the illusion that is created the auditor fancies he is looking at real people doing real things. "Our New Minister" is certainly a new variation of the theme of the pastoral drama, and if the size and enthusiasm of the audiences, everywhere, is any criterion, it has set a hot pace for its competitors in the bucolic field. All the favorites of last year's brilliant cast are re-engaged and this season a magnificent scenic production is carried.

"Uncle Josh Spruceby," a New England comedy drama, now in its eighth successful year, will be presented by a big company of 20 people at popular prices, Wednesday evening. A big band and magnificent orchestra accompany the troupe, and the occasion will mark a revolution in amusement prices. The novelty of seeing a big legitimate production with all its wealth of special scenery, working mechanical effects and a competent company in an enjoyable play assures a packed house. 10, 20, 30, 50c.

"His Nibs, the Baron" proved an amusing and good production, and was witnessed by a large audience at the Grand last evening. Miss Belle Gold is hard to excel in her line, and her support was fine. It was a very laughable and enjoyable performance.

Noted Artist Dead.

New York, Sept. 29.—John H. Dolp, the artist, who has sometimes been called the Landseer of America, because of his work as an animal painter, is dead of heart disease. He was born at Fort Ann, N. Y., 68 years ago and began his work as a portrait painter in Detroit in 1857, soon afterward coming to New York.

Salen Writes Another Letter.

Cleveland, O., Sept. 29.—Charles P. Salen, chairman of the Democratic state committee, has written another letter to Republican Chairman Dick asking for a joint debate between Senator M. A. Hanna and Hon. H. Clarke, the Democratic candidate for senatorial honors.

Always Reliable

We are not trying to establish a reputation for "lowest cut rates." We are not trying to make the biggest show. We do not claim the earth. Our ambition now is just what it was years ago—to deserve the reputation of always being reliable. We won that reputation honestly and it cannot be taken away from us. In drugs reliability is the most important consideration.

STOLE A RAIN COAT

Unknown Man Gets Away With Householder's Property, But Is Recaptured.

While walking down the street yesterday morning a stranger noticing a fine rain coat hanging in front of Byron Householder's store, took it from the hook and started down street. He dropped into Pat's lower place and sold it to a man named Thomas for 75 cents.

Householder soon missed the coat and the police were notified of the theft. Officer Canaday located the man who bought the coat and got it, but the thief eluded his search.

Just at noon Householder and Darby Davis brought the fellow into the mayor's office and had him locked up. The fellow had been in Householder's store early in the morning to buy something, but had no money and when Householder missed the coat he at once suspected the stranger, who after selling the coat and invesfing the proceeds, came again to Householder's to buy a handkerchief and perhaps really to steal more goods. He was recognized and arrested.

The fellow said he came here to work on the grade for the C. & P. He was very drunk and claimed he had been robbed of his clothing, even to his shoes in East Liverpool Sunday night, and that parties here had given him a new outfit.

Mayor Fogo had him locked up till he gets sober.

HOUSES IN DEMAND

Dwellings to Rent Are a Very Scarce Article in Wellsville at Present.

Wellsville is badly off for houses to rent, and few if any can be found in the central and eastern parts of the city, while there are only a few in the West End. The demand seems to be unusually heavy for this season of the year and more than one family has been compelled to remain in their former homes, who desired to move to this city where the man of the house is employed.

All of the Wellsville industries are now working at their full capacity and new industries are about to begin operations here. Everything seems to point to an enormous growth for the city during the next year and but for the one drawback, the scarcity of houses, the city would rapidly increase in population and would soon reach the 10,000 mark.

All carpenter contractors are working hard on new houses all over the city, but the new houses are rented long before they are completed and this accounts for the lack of rentable dwellings. It is hoped that the situation will be relieved soon so that nothing can prevent the rapid growth of the town.

DO NOT DOSE THE STOMACH

Cure Catarrh By Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but $1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Will Reed has sold a great many Hyomei outfits and the more he sells, the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

A NIGHT SCHOOL

In Which Stenography Will Be Taught Likely to Be Established in Wellsville.

If present plans materialize, and there is no reason why they should not, Wellsville will soon have a night school in which stenography will be taught, an institution which has long been needed in this city.

J. R. Ryder is at the head of the project. He is at present employed as assistant at the office of Chief Train Dispatcher Rogers at the Third street C. & P. depot. He proposes to manage the school and do the teaching and has partially entered into negotiations for a room on Main street near Fifth, which he will have fitted up as a school and fully equipped.

Mr. Ryder has had years of experience in this line of work, and is an expert in the art of shorthand and typewriting. He has been connected with a number of the large railroads throughout the country, being connected in his present capacity with the Lake Shore road at Cleveland before coming to this city. Mr. Ryder was graduated with high honors from the Phonographic Institute of Cincinnati, where he first took up his work. He proposes to teach the Pitman system here.

DESIRES TO MEET THE ROVERS AGAIN

Manager of the Oaklands Proposes to Play for $100 And the Gate Receipts.

Manager Harry Weaver, of the Oakland foot ball team, defeated yesterday at the West End park by the Rovers, is not satisfied that the one game should settle the question of supremacy between the two teams. The players feel the same way and are anxious for another game. The Oaklands have a game for next Saturday with Sebring and the Rovers are to play at Empire, and in consequence several weeks must elapse before another game can be played.

Manager Weaver called at the New Review office last night and posted a $5 forfeit for another game. He wants to meet the Rovers on neutral ground for a purse of $100 and the entire gate receipts, the grounds and officials to be mutually agreed upon. If the Oaklands fail to make good on the challenge the forfeit is to go to the Rovers. The proviso is made that the game be arranged on or before October 24. The Rovers have until Saturday night to accept or decline, when the money will be withdrawn if they are not heard from.

THE CHILD FELL FROM A TRESTLE

Little Girl Breaks Her Ribs And Is Otherwise Badly Injured.

Bessie, the little daughter of Mr. and Mrs. John Marshall, was badly injured by a fall from a trestle on the Panhandle railroad last evening while on her way from the postoffice to her home in the upper end of town.

Leaving school, the little girl went to the postoffice, where she procured a letter from her father, now in Mobile, Ala., on business, and it is supposed she opened the missive in order to ascertain if he was well. While passing along the track intent upon the letter the child fell a distance of nearly 12 feet and sustained severe injuries. She was taken to her home and Dr. G. E. Lewis called. The doctor found two ribs had been fractured and that she was otherwise badly bruised. Her left arm was skinned and bruised, and it was thought internal injuries might have resulted, though it was impossible to tell at the time.

ATTEMPT TO STEAL VALUABLE DOG

Strangers Took Possession of Dr. J. E. Toot's Canine, But Were Frustrated.

An attempt was made yesterday to steal a valuable dog belonging to Dr. J. E. Toot, of East Liverpool, and the scheme would doubtless have been successful had it not been for the prompt action of the men in charge of the bridge. Dr. Toot had placed his valuable hunter in the care of a Chesterman, and he had been kept at the Stewart farm a short distance south of town.

Early yesterday morning two men said to be Charles McClure and a man named Wallace, came over the bridge from West Virginia having the dog in their possession. Their actions aroused the suspicions of the men in charge of the bridge, and the party was stopped. The men failed to give a satisfactory explanation of how they came in possession of the animal, and it was returned to the owner.

ANONYMOUS WRITER ANNOYS THE MAYOR

He Gives Her a Notice Which Can Be Easily Understood.

Mayor J. S. D. Mercer, of Chester, has been annoyed by an anonymous letter and this morning gave out the following statement, which any one will understand without difficulty:

"The writer of a letter addressed to Mayor Mercer, dated September 29, and signed 'A Mother and a Lady,' will confer a favor on the party addressed if they will call at my home and the matter spoken of in the letter will receive immediate attention. If the writer of the letter is as she calls herself 'a lady,' she will have the courage to do this, or the matter will receive no more attention from me.

"J. S. D. MERCER,
"Mayor of Chester."

STILL MORE ROOM

Is Needed for the Schools of Chester and Will Be Provided.

The board of education of Grant district held a meeting at the office of Justice A. G. Pugh this morning, and several matters were discussed and disposed of. Owing to the cramped condition of the present quarters, enlarged as they have been, it was found that it would be absolutely necessary to fit up and open another room. The department will be in Central building on the hill and work upon its arrangement will be commenced at once.

The other alterations proposed will necessitite the providing of another room for the superintendent. Prof. Miller has to the present been occupying an office in the central building, but it was decided to equip a building for his use near the central building and this task will be finished within a short time.

The scarcity of teachers has been puzzling the board for some time, and the matter was discussed this morning. It was determined to go to the south end of the county and induce a sufficient number to come here. At least four will be needed and they will be hired from that district.

TRAINMAN LOST MONEY IN PECULIAR MANNER

The Pocket of Frank O'Brien Picked By a Cow and He Is Now Out $30.

Frank O'Brien, a bridge contractor on the C. & P., who lives at Toronto, lost $30 last week in a most peculiar manner, and one that is not often repeated. O'Brien is well known in East Liverpool. For several weeks O'Brien has been working on the main line of the road near Hudson, O., where the C. & P. is doing considerable new work. Last Friday he received his wages for the month, amounting to $90. The money was in paper and being in an envelope, he placed it in his inside vest pocket. When the sun came out clearly he removed his vest and hung it on a fence post about 50 yards from where he was working. He then resumed work and about noon when he again went after the garment he found a cow standing at the post gulping down the last piece of the vest. O'Brien got to the post in time to see the garment disappear entirely.

He then realized that he had lost $90, besides a few nails, clippings and matches that were in the vest and hadn't a cent to pay his board bill. At first he decided to take the loss cheerfully, but towards evening he hit upon a new plan. He went to the farmer who owned the cow and offered to buy it. The farmer asked $50 and O'Brien got the money and paid it over. Then he took the cow to a nearby butcher and killed it. Inside he found his vest well chewed up, but the money was still in the pocket intact, except the outside $10 bill which could not be saved and had to be thrown away. Now O'Brien is out only $60 except $90 as he at first thought he would be. He had the $30 to pay the past month's board bill.

O'Brien was at his home yesterday and he does not seem to worry over the loss, but rather is tickled over the way he recovered part of his money.

DEATH OF HENRY D. LLOYD.

Well-known Writer Passes Away at His Home in Winnetka.

Chicago, Sept. 29.—Henry D. Lloyd, a well-known writer on economic subjects, is dead at his home in Winnetka. He was born in New York city May 1, 1847.

From 1869 to 1872 Mr. Lloyd was assistant secretary of the American Free Trade league, organized by William Cullen Bryant, David A. Queils and other prominent reformers. He took an active part in the organization of the Young Men's Municipal Reform association of New York in 1870, which contributed materially to the overthrow of the Tweed machine in that year.

Mr. Lloyd came to Chicago in 1872 and until 1885 occupied a position as an editorial writer on the Chicago Tribune. Since then he has devoted his time to the publication of articles on labor problems in the current magazines.

Ruhlin and Carter Fight a Draw.

Philadelphia, Sept. 29.—"Kid" Carter and "Gus" Ruhlin fought a hard six-round draw at the Washington Sporting club. Carter was the aggressor in five of the six rounds, but Ruhlin evened matters up by giving the most punishment. In the fourth round Carter was sent to the floor and took the count and in the sixth round Carter struck Ruhlin a stinging blow which cut the latter under the right eye.

REALM OF SPORTS

OAKLAND BEATEN BY THE ROVERS

First Football Game of the Season Brought Out a Big Crowd.

A VERY EXCITING CONTEST

A New Star Developed During the Game—Excellent Playing By Members of Both Teams—Final Score, Rovers 5, Oakland 0.

Fighting desperately to regain the advantage that resulted to their opponents in a play that neither team anticipated, the Oakland Athletic club was defeated in the first gridiron contest of the season yesterday afternoon at the West End park, the final score being 5 to 0. It was a most auspicious opening for the foot ball season and the large attendance clearly indicates the general interest manifested in this great sport. More than 500 persons assembled upon the field and in nearly every breast there burned a fierce fire of loyalty for one or the other of the elevens. There were Oakland rooters in abundance, equalling those of the Rovers, although the latter were in their home grounds.

Never in the history of the game in this city has there been a more exciting contest. Every inch of the ground was resisted with a desperateness which showed determination of the players to win. The long existing rivalry between the teams was to be settled and each of the teams desired the name of victors.

The two teams lined up for a few minutes' practice before the kickoff, and it could be seen that the Oaklands had a shade the better of it as to weight, but this advantage was offset by the Rovers' better team work. The heavy line of the Oaklands showed to advantage in the game, as did the fleetness and drilling of the Rovers. The Rovers were not as successful with end runs, for which they have become noted, as they were in the games of last season. Though the line was heavy Cartwright was sent against it repeatedly and helped by good interference he gained oftener than he was held.

One result of the game was the development of a new star, Mountford, the high school boy, who played left half for the Oaklands. One mistake, however, was made in entrusting him with the direction of the plays. It was his first game in fast company and he could not have been expected to show the best of generalship. His greatest mistake was in not taking more chances during the last few minutes of play with the score 5 to 0 against him. His work as left half was the most brilliant of any of the 22 players. He went through the tackles repeatedly and his defensive play was as great as his offensive. His drop kick from the Rovers' 40-yard line to the goal was the prettiest single feature of the game and with a little more steam behind it the kick would have been good for a field goal. Orr played a great game at fullback for the Oaklands and Bittner was there with the goods at left tackle. Weikert came in for a pretty play when he downed "Carty" for a loss on an end run.

For the Oaklands, Cartwright deserves a great deal of praise. The big fellow played hard at all stages of the game and the way he hit that heavy line was great. Hardie was out of his regular position at right tackle, but he played a star game. Young Robbins maintained his reputation as a good field general by his work as quarterback.

Dr. Thomas McClure, of Wellsville, and W. Knox, also of that city, who were selected by the News Review as referee and umpire for the game, had the teams lined up and ready to play within a few mintes of the appointed hour.

The Rovers won the toss and Captain Hardie decided to defend the east goal. Orr kicked off to the Rovers' 30-yard line. J. Hester went through the right tackles for 5 yards and Cartwright hit center for 4. Coleman tried it around the left end, but he was downed for no gain. Oaklands' ball on downs. Mountford made 3 yards through center, but the Rovers held for the next two downs and it was their ball. On the first down there was a mixup in the signals and Robbins was carried back for a 7-yard loss. Cartwright regained 2 through the left end. Cartwright punted to Oaklands' 30-yard line and F. Coleman fell on the ball. Hardy went around the right end for five yards. Jones carried for 4 and Tyson went through for 1. Cartwright bucked and gained 4. Cartwright was tackled for a loss of 3 yards and the ball went to the Oaklands on downs.

Young Mountford commenced to get in the game at this point. Slight gains was all either side could make and both had lost on downs. Mountford, with good interference went through the right tackles for a 10-yard gain. Orr followed with a gain through the left tackles for 8 yards. Angle made 4 and Mountford a gain for 3. Orr went through the left tackles for another 8-yard gain and through center for 2 yards.

Then the Rovers held for downs. They fumbled, however, and it was the Oaklands' ball again on the Rovers' 25 yard line. Mountford made 5 yards around left end and then the Rovers held. Referee McClure set the Oaklands back 10 yards on the next play, a penalty for their quarterback carrying the ball in front of the line. With this loss the Oaklands had 15 yards to gain. Orr made 2 and then Mountford drop-kicked to the Rovers' goal line. Cartwright took the ball and was downed almost in his tracks. The Oakland line held against a center scrimmage and Cartwright punted, Hardie getting the ball. Coleman went around left end for 1 yard and Hester hit center for 3. Cartwright hit the line for 2 yards, the last scrimmage of the half.

Hendricks went in for Miles in the second half. The Rovers had the same lineup. Oakland defended the east goal and Hardie kicked off to their 30 yard line. Mountford went through for 5 yards. Referee McClure penalized the Rovers 10 yards for off side play. Mountford for the first time failed to gain. Orr went through the left tackles for 4 yards and made 5 on the next scrimmage. Hendricks carried it for a yard and Mountford had it again for 5 yards, around the right end. Oakland was taking the ball up the field nicely. Orr was sent through the right tackles again for 3 yards and Mountford hurdled the line for 8. Mountford made a small gain but the Rovers held again and Oakland lost the ball on downs. With the gain to make on the last down Mountford should have called for a punt. Hardie was sent back 4 yards and Cartwright regained 2. With 7 yards to gain on the down Cartwright punted, the play Mountford should have made. Orr took the punt on the 30-yard line, but he was tackled by Tom Hester and both lost the pigskin. In the scrimmage there were three other fumbles and Cartwright came up in time to nail the ball and he went on over the line for a touchdown, the only score of the game.

Cartwright failed to kick goal. Score, Rovers, 5; Oakland, 0.

Mountford had the Rovers kick off to Oakland and Hardie sent the ball to the 30-yard line. Mountford gained 10 yards and the Rovers held on a center buck. Orr went through right end for 12 yards and Mountford lost 7 on a try around left end. Orr then went to right tackle in place of Miles and Mylar went in as fullback. Mylar went through center for 6 yards on his first scrimmage, but the game was over. The lineup:

BRIGHTS DISEASE AND DIABETES NEWS

San Francisco, Sept. 24, 1903.

Will Reed's Pharmacy:

Dear Sirs:—The discovery in this city of a new diuretic is saving thousands of lives. It is hard for people to believe who are not eye witnesses. You as a brother druggist well know that up to this time chronic Bright's Disease and Diabetes have been necessarily fatal. It is so no longer. And I not only know this by being on the ground, but I was also one of the patients. I had both Bright's Disease and Diabetes and looked upon death as inevitable. I was so prejudiced I wouldn't buy the new treatment. I couldn't believe it. So they gave it to me to prove it. I not only recovered, but have since given it to somewhere near fifty patients and know of only three or four failures.

I am a pioneer druggist of this city; have been doing business on my own premises for 48 years, and I now declare to you on the honor of a brother pharmacist the absolute curability of these dread diseases in about nine-tenths of all cases. I understand the business men who are placing it before the world have appointed you to represent them in your city, and I beg to tell you that there are lives to be saved and friends to be made.

Yours sincerely,

CARL D. ZEILE.

We sent for the Fulton Compounds to which the above refers and now have them in stock. They are the first cures the world has ever seen for chronic Bright's Disease and Diabetes. Free pamphlet.

WAR CLOUDS LIFTED

Apprehension of Bulgarian Government Lessened by Porte's Assurances.

PREMIER REPLIES TO COMMITTEE

Answer Not Very Satisfactory—Instigator of Massacres Receives Decoration—Orders Reported Issued to Shoot Captured Bulgarians.

Sofia, Bulgaria, Sept. 29.—The situation here is much brighter and the war clouds appear to have lifted. The porte's asurance that the 32 battalions recently ordered to proceed from Monastir to Adrianople will not be moved has lessened the apprehensions of the Bulgarian government. Further satisfaction is derived from the fact that M. Natchovitch is going to Constantinople in the capacity of Bulgarian diplomatic agent. He conducted the negotiations with the porte last June and after their failure returned to Sofia.

The committee appointed for the purpose at Sunday's demonstration of 15,000 Macedonians in this city waited on Premier Petrof and asked him if the government intended to do anything to help the Macedonians. M. Petrof replied that the ministry was acting in what it conceived to be the best interests of Bulgaria and would continue the same policy.

The spokesman of the committee told the premier that his reply would not be satisfactory to the people and the committee thereupon withdrew.

The Dnevnik, commenting on the situation, says: "Although the Bulgarians remain quiet it is not a true indication of the national feelings, but it is owing to the approaching elections."

The paper adds that it will "not be long before everybody will try to force the government to take action."

Salonica, Sept. 29.—Bakhazar Pasha, who was responsible for the massacres at Krushevo and Smilevo, has been decorated with the order of the Medjidie of the first class. He has been sent to the district of Kastoria, where six villages have already been burned and many insurgents killed.

London, Sept. 29.—The Times learns from a trustworthy source that the palace committee at Yildiz kiosk has recommended that all Bulgarians captured in the future, whether armed or unarmed, shall be shot. It is stated that the sultan holds the same view and that the necessary orders have been issued. The palace committee consists of Tahsin, Edhem and Izzet pashas. The last named, who only recently became a member, is generally believed to have been largely responsible for the Armenian massacre at Constantinople.

Berlin, Sept. 29.—According to a dispatch to the Lokal Anzeiger, prominent Macedonians are urging the revolutionary leaders to discontinue the uprising.

CANNOT STAND CONFINEMENT.

Tuberculosis Finds Easy Victims Among Indian Prisoners.

Leavenworth, Kas., Sept. 29.—The report of R. W. McLaughrey, warden of the United States penitentiary, to the attorney general shows that most of the 30 deaths in the prison during the year were of Indians. Two hundred prisoners are suffering from tuberculosis, the entire Indian population being infected. Warden McLaughrey says:

"The southern Indians sent here cannot stand the climate and the confinement, and every such Indian develops tuberculosis, no matter in how good health he arrives, and every one of them, without exception, either dies here or goes out with the disease ineradicably fastened upon him. With the lack of proper facilities for isolating and treating pulmonary tuberculosis it is becoming a serious menace to this institution, practically destroying the health of all the prisoners here."

Louisville Horseshow Opened.

Louisville, Ky., Sept. 29.—The international exhibition of horses under the auspices of the Louisville Horseshow association opened for a week's session. Nearly 800 horses are on the entry list for the season. Twenty-six states and Canada have sent horses, among the exhibitors being E. E. Smathers, New York; E. T. Stotesbury, Philadelphia; Dr. John L. Wentz Scranton, Pa., and Hugh Wilson, London, Ont.

Train Wrecked by Cow.

Chattanooga, Tenn., Sept. 29.—Cincinnati Southern passenger train No. 2 ran into a cow at Glen Mary, Tenn., 120 miles north of Chattanooga, and the engine, two mail cars, baggage car and express car left the track and rolled down a steep embankment. Engineer Frank Parker, of Chattanooga, was instantly killed and seven men badly injured, two fatally.

Crude Oil Advanced in Price.

Lima, O., Sept. 29.—There was an advance of 3 cents for eastern and 2 cents for western crude oil. There was lively selling on the rise. The market quotations now are: Tiona, $1.74; Pennsylvania, $1.59; New Castle, $1.46; Corning, $1.39; White House, $1.29; Somerset, $1.01; North Lima, $1.20; South Lima and Indiana, $1.15.

FAVOR STATE CANALS.

Association at Zanesville Discusses Improvemenr of Inland Waterways.

Zanesville, O., Sept. 29.—One hundred members of the Ohio Canal association, representing leading business men along the route of the Ohio canal and the Muskingum river, met here. In all the addresses the concensus of opinion was that the canals of the state should be maintained for traffic and protected by the state.

The assocation declared in favor of a canal of five-foot depth from Cleveland to Zanesville. The estimated cost is $500,000, and it is claimed that there is more than enough money in the state treasury to the credit of the canals to accomplish this improvement. The canal connects with the Muskingum river at Dresden.

Resolutions adopted tell the action and sentiment of the members. An executive committee of seven was appointed to carry into effect the objects of the meeting as declared by the resolutions. The executive committee consists of A. W. Thurman Columbus; Colonel J. H. Riley, Marietta; T. M. Ripley, Marietta; J. D. McHugh, Cincinnati; George W. Selber, Akron; A. T. DeForest, Cleveland; Senator Hamlin, Elyria; Colonel T. F. Spangler and C. U. Shryock, Zanesville.

Fatal Boiler Explosion.

Toledo, O., Sept. 29.—One man was killed and three other men were injured as the result of the explosion of the boiler at the sawmill of Louis M. Pilliod, located at Swanton, a short distance west of this city. The victims of the accident are M. C. Hubbard, engineer, killed instantly; Burch Reed and Dr. W. A. Scott, injured by falling debris; Sidney Kennedy, injured in a runaway caused by the explosion. The sawmill was entirely destroyed, as was also a pulley factory which adjoined the plant.

KODOL Digests What You Eat.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammeled action.

Bottles only. $1.00 Size holding 2½ times the trial size, which sells for 50c.

FRANTIC FOREIGNERS

Rioting in Canadian Soo---Militia Attempts to Preserve Order.

ATTACK COMPANY'S BUILDINGS

Discharged Workmen of Consolidated Lake Superior Company in Ugly Mood—Riffraff of Town Join Mob—Police Station Threatened.

Sault Ste. Marie, Mich., Sept. 29.—The situation in the Canadian Soo, which has been the scene of serious rioting by the discharged workmen of the Consolidated Lake Superior company, is very grave. No reinforcements of militia have arrived from outside and the only defense against the mob, which grows hourly, is a more or less demoralized police department and a small company of militiamen. An assault upon the office building by the mob early in the afternoon, before the arrival of the troops, was successful and a mass of frenzied rioters secured possession of the ground floor of the building, destroying everything movable that came in their path. A crowd of office staff with drawn revolvers prevented their gaining access to the upper floors of the building.

Troops Partially Restore Order.

The arrival of troops armed with ball cartridges about 2 o'clock served to restore some semblance of order. The rioters then contented themselves with throwing stones at the building and hurling invectives at the soldiers, who established a "dead line" and prevented any approach toward the building. The greatest number of the mob are of ignorant Italians, Finns, Norwegians and Frenchmen, the former perhaps the hardest of all to handle. They have been drinking more or less, although the bars finally obeyed the order to close up. The mob is one that cannot be reasoned with, and the man they seem most anxious to get at is Mr. Coyne, the assistant manager, who in the absence of Mr. Shields, is in charge of the works. Mr. Coyne discreetly kept out of sight.

Late in the afternoon the leaders of the mob held a conference and demanded that the company house the men in their hotel and boarding house and feed them until the money for their wages is forthcoming. In order to appease the crowd this demand was granted and the men have taken possession of the white house, a large boarding house operated by the company.

Street Car Traffic Suspended.

An attempt is being made to put the street car system in the Canadian Soo, which suspended operation after an attack had been made upon it, into operation again. Two cars were sent out heavily guarded. Inasmuch as most of the rioters were not on the streets at the time this trial was made, no disorder occurred.

It is estimated that there are 2,000 men in the Soo, and these are reinforced by all the idle rabble in town. A train carrying 400 more woodsmen is expected to arrive on the Algoma Central. The local police force is being strengthened by the addition of all the deputies who can be found, each man being given a badge and a revolver and ordered to use the latter whenever necessary. Considerable feeling has been aroused over the shooting of two Frenchmen by the police during the trouble in the morning. The rioters claim that the officers used their revolvers when it was unnecessary. Neither of the men is fataly hurt, however.

The mob threatens an attack upon police headquarters with a view of effecting the release of all the men who have been arrested. Both this building and that occupied by the fire department is guarded against attack.

Mass Meeting Was Quiet.

The mass meeting held last night in the white house was unexpectedly quiet and orderly. An attempt was made to allay the passions of the men by an offer made by the Brotherhood of Woodsmen, an organization maintained among the lumbermen, to furnish an attorney free of charge to collect all pay checks left in his hands. The meeting broke up without any particular confusion or disorder.

About 10:30 an alarm of fire was turned in from the pulp mills and the department responded, but no fire could be discovered. The turning in of the alarm was evidently the work of some of the rough element which gathered in large proportion to help along the work of disorder.

An effort was made late in the day to get a body of the rioters to cross the river to the American side and put the power house and street railway out of commission, but it was not successful. On account of this rumor the local company of state troops was mobilized at the armory and some extra policemen were put on duty. A battalion of regulars from Toronto, the King's grenadiers, are expected to arrive at 7 o'clock this morning and their coming is awaited with feverish impatience.

Museum in Memory of Jahn.

Berlin, Sept. 29.—A museum in memory of Friedrich Ludwig Jahn, popularly known as "Turnvater Jahn," the founder of the Turner societies, was opened at Freiburg-on-the-Unstrut, Prussia, by the National Turner society.

NO HOPE FOR VAN WORMERS.

Governor Odell Declines to See Stepmother of Three Brothers.

Albany, N. Y., Sept. 29.—Mrs. Van Wormer, stepmother of the three brothers who are to be executed at Clinton on Thursday, called at the executive chamber to make a final appeal in behalf of her stepsons. Governor Odell declined to see her on the ground that he had fully considered the case and that an interview would be only a source of useless pain to both. Mrs. Van Wormer accepted his decision as final and returned to Kinderhook.

Warden George Deyo, of Clinton prison, will not say in what order the brothers are to die, but he declares that there will be but one set of witnesses and the work will be done with all possible expedition. The execution is to take place about noon, and probably will not consume more than 20 minutes' time. Much thought has been given to seeking a means of separating the three so that none of them would know when either of his brothers was taken to the chair or whether he himself was first to go, but the arrangement of the prison and the location of the death house makes this impossible. It has been determined therefore, to place the three in the successive three cells on one side of the corridor in the death house nearest the door of the execution room, and remove them in that order to their death.

The condemned prisoners bear well the ordeal of suspense.

THE VAN WORMER BOYS.

(Sentenced to be executed on or about Oct. 1 for the murder of their uncle, Peter A. Hallenbeck, on Christmas eve, 1902, in the town of Greenville, Columbia county, N. Y.)

White House Again Inhabited.

Washington, Sept. 29.—After an absence of 13 weeks at Oyster Bay president Roosevelt returned to Washington. The president was accompanied by Mrs. Roosevelt, Miss Alice Roosevelt and other members of the family and by Private Secretary Loeb. The president was greeted by several hundred people, who cheered when he entered his carriage. The president and family drove direct to the White House.

Vessel May Be Saved.

San Francisco, Sept. 29.—The underwriters who have a fortune at stake by reason of the beaching of the British bark, Gifford, south of the Golden Gate, are still confident the vessel can be saved. Lloyds' surveyor, Captain John Metcalfe, who is the master of the wrecked ship, Captain David Michie and Captain Alexander Woodside have been on the wreck and have made a careful examination of the vessel. Weather permitting, they believe the coal in the Gifford's hull may be thrown overboard and the leaking vessel pulled out of the sand and towed in.

Cornerstone of Hospital Laid.

Chicago, Sept. 29.—The cornerstone of the new Francis E. Willard National Temperance hospital on Lincoln street was laid Monday, the birthday of Miss Willard, in the presence of a distinguished company of temperance advocates and medical men. When completed the building will have cost $70,000. In the treatment of cases the use of alcohol will be prohibited. There is only one other similar institution in the world, and that is located in London.

Two Eskimo Boys Missing.

Tacoma, Sept. 29.—The police of Tacoma and Seattle are ransacking the cities for two Eskimo boys about 15 years of age, who arrived by a late Alaska steamer on their way to the Indian school at Carlisle, Pa. The Northern Pacific agent at Tacoma was advised that the boys would get their railroad tickets in Tacoma, but they have not appeared and cannot thus far be found in either city.

Tillman on Trial.

Lexington, S. C., Sept. 29.—James H. Tillman, former lieutenant governor of South Carolina, was placed on trial in the circuit court for Lexington county under an indictment charging him with the murder of N. G. Gonzales, editor of the Columbia State. A vigorously contested legal battle is in progress.

Forger Again at Liberty.

San Quentin Prison, Cal., Sept. 29.—Charles Becker, considered the cleverest forger in America, is once more at liberty. Becker left San Quentin after having served seven years for raising a $12 draft to $22,000 on the Crocker-Woolworth bank of San Francisco.

Brief Notes of a Personal Nature and of Matters About Town.

James Pickering, of the office force at the K., T. & K., has returned from an extended visit in the west. He visited Chicago, Denver, Indianapolis and other large cities.

A Difficult Operation—Dr. Schwab, of Pittsburg, assisted by Drs. Taylor and Davis, of this city, performed a difficult operation on Miss Hattie Woodburn yesterday.

Arrested and Fined—Moses and Louis Call were on the warpath last night in Shantytown. They were arrested by Officer Aufderheide and each was fined $2 and costs.

Drunk and Penniless—John McCook, the tramp tinker, was arrested again last evening by Officer McDermott. He was drunk as usual and having no money this morning was discharged.

Fell and Broke An Arm—Fred Couchman, a well known potter, fell from a wagon yesterday and sustained a serious fracture to his left arm. Dr. J. Howard Davis reduced the fracture.

Baby Show Pictures—R. E. Spencer, the photographer, is receiving many requests for the excellent pictures he took of the baby show at the News Review's picnic. He announces that he can supply as many as are desired, at the low price of 25 cents each. The numerous fond mothers and their friends who were interested in the show will doubtless make all possible haste to secure a memento of the memorable occasion.

An Animal Story For Little Folks

HOW Jim Bug Was Frightened

"The police are after you!" cried Butterfly to Jim Bug.

"What for?" asked Jim Bug.

"They say you climbed the fence around Farmer Jones' orchard and bit a piece out of one of his apples."

"Oh, my!" cried Jim Bug. "I am discovered! What will they do with me?"

Then he began to run for his home. When he finally reached the house he rushed in out of breath.

"Oh, ma," he cried, "what am I to do? The police are after me for taking a bite out of one of Mr. Jones' apples."

"Hide in the cellar under the washtub!" exclaimed his mother.

So down into the cellar Jim Bug hurried and crawled under the washtub. He kept just as quiet as he could because he expected a big fat policeman would come along at any moment and carry him off to jail.

HE BEGAN TO RUN FOR HIS HOME.

Presently he heard his mother coming down the stairs.

"It's all right, Jimmie; it's all right!" she cried. "They are not coming to do anything with you."

"How do you know, ma?" he asked.

"Caterpillar has just been here and told me," she replied. "They were going to punish you, but changed their minds."

"Why, ma?"

"Because they found that you had only bitten a crab apple. They thought that would make you very sick and that would be punishment enough for you."

"I do feel rather sick under my shirt," said Jim.

"Well, I'll give you a dose of ginger and you'll be well in a little while," said his mother.

"That was the greatest scare I ever had in my life," said Jim. "I guess I won't eat any more apples that are not mine."—Pittsburg Dispatch.

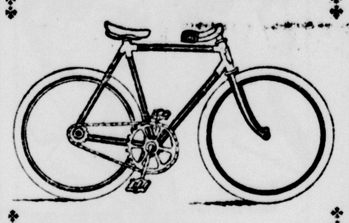
An Ancient "Frickaise."

A manuscript cookbook of the year 1734 contains this recipe for "a frickaise:" "Take ye fowls, cut them in pieces and clean them season with peper & salt a little mace nuttmeg cloves some parsley, a little bit of onion. Let them lay 2 hours then flowr them very well, fry in sweet butter & make ye butter hott before you put them in. Fry a fine brown. Wash ye pan & put them in a gain with a pint of gravy. Lett them swimyer in ye gravy. Take the yolks of 3 eggs with a little grated nuttmeg & a little juce of lemon & 2 spoonfulls of wine. Shake it over the fire till it is as thick as cream, pour over yr frickaise and so serve it to ye table hott."



STOPPED ADVERTISING AND DIED

Several years ago the large bicycle companies of the United States formed a combination, or trust, and all the leading cycle companies were brought under a single management.

One of the first apparent results was the cessation of the large individual advertising campaigns which marked the progress of the individual companies. The trust used very little advertising and merely endeavored to popularize the names of its leading machines.

Some time ago this great concern, the American Bicycle company, went into the hands of a receiver.

Colonel A. A. Pope, who was the pioneer advertiser in the cycle field and whose Columbia wheels were for years the standard of perfection in bicycle production, says:

"The cessation of advertising killed the bicycle business, and the way to revive it is to resume that same important matter. You can see how I feel in the matter when I tell you that I spent $500,000 in one year in that sort of publicity and that it is my idea for the future—to advertise."

Cessation of advertising, as shown in this case, means a falling off of business, and there can be no better proof of the fact that a number of large advertisers competing for the favor of the public can stimulate a large trade, while one or two large advertisers fail.—Advisor.

You cannot stop advertising without injuring your business. Every time you leave your ad. out of this paper you are losing the effect of cumulative publicity and courting the fate of the bicycle trust.
